How do you get directions to the Van Gogh museum? With the knowledge of language, that's how. This book contains a lexicon of some of the most used words in everyday Dutch conversation. It makes use of the age-old learning techniques of repetition and rote memorization, to condition the brain for learning Dutch as quickly as possible. In addition, an auxiliary feature called story mode has been included to aid the reader in a test for comprehension. Finally, it should be noted that while this book will aid in a visual recognition and comprehension of words in the Dutch language, students must also understand their proper pronunciations. To help with this, there is an accompanying audiobook that will be made available, to enable listening lessons. And so, from the beautiful city of Amsterdam, the city of commerce and all things fashionable, we present to you, The Simple Way To Learn Dutch.
