Spanish Phrases (Speedy Study Guides) Speedy Publishing, 2014-06-17 When learning Spanish, it is extremely important to learn the words, but after that, you must learn to put them together. Someone who knows lots of Spanish vocabulary words will still have far less luck communicating than someone who knows key Spanish phrases. Spanish phrases are words strung together and spoken as they would be by a native Spanish speaker. For example, an English speaker might say *Mi nombre es Jane*, which is technically correct, but someone who knew Spanish phrases would say *Me llamo Jane*, which is more fluid and flowing.

Becoming a Bilingual Family gives English-speaking parents the tools to start speaking Spanish with their kids in their earliest years, when children are most receptive to learning languages. It teaches the vocabulary and idioms for speaking to children in Spanish and offers practical, proven ways to create a language-learning environment at home. The first part of the book introduces parents to many resources—books, audio books, music, television, computer programs, childcare workers, school, and friends—that can help you establish a home environment conducive to the acquisition of Spanish. The second part is a Spanish phrasebook that takes you through all the typical activities that parents and children share, from getting up in the morning to going to bed at night. Few, if any, other Spanish study aids provide this much vocabulary and guidance for talking to small children about common daily activities. The authors also include a quick course in Spanish pronunciation and enough grammar to get a parent started. Spanish-language resources, kids' names in Spanish, and an easy-to-use index and glossary complete the book. Spanish Phrases (Everyday) Speedy Study Guides
Speedy Publishing, 2014-07-31 A student learning Spanish is learning the grammar and mechanics of the Spanish language. Often, the everyday phrases that we use in normal conversational speaking is never touched upon or even introduced. A pamphlet depicting these everyday phrases would not only increase the Spanish student's vocabulary, but allow them to be able to speak in a more conversational tone to someone who actually speaks Spanish. This would then liberate the Spanish student from book work to conversations and actual speaking.
