Michael Erard

**Fluent in 3 Months** Benny Lewis, 2014-03-11 Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time language hacker, someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or the language gene to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

**Fluent Forever** Gabriel Wyner, 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and

connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

**Babel No More** Michael Erard, 2012-01-10 A "fascinating" (The Economist) dive into the world of linguistics that is "part travelogue, part science lesson, part intellectual investigation...an entertaining, informative survey of some of the most fascinating polyglots of our time" (The New York Times Book Review). In *Babel No More*, Michael Erard, "a monolingual with benefits," sets out on a quest to meet language superlearners and make sense of their mental powers. On the way he uncovers the secrets of historical figures like the nineteenth-century Italian cardinal Joseph Mezzofanti, who was said to speak seventy-two languages, as well as those of living language-superlearners such as Alexander Arguelles, a modern-day polyglot who knows dozens of languages and shows Erard the tricks of the trade to give him a dark glimpse into the life of obsessive language acquisition. With his ambitious examination of what language is, where it lives in the brain, and the cultural implications of polyglots' pursuits, Erard explores the upper limits of our ability to learn and use languages and illuminates the intellectual potential in

everyone. How do some people escape the curse of Babel—and what might the gods have demanded of them in return?

**The Spanish Love Deception** Elena Armas, 2022-02-08 A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic—from NYC and all the way to Spain—for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos

pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Learn Spanish for Adult Beginners Sol Mancilla, 2023-09-12 There is no doubt that learning Spanish brings about amazing opportunities and experiences. But at the same time, there are plenty of challenges and frustrations... or are there? How many times have you watched travel programs and imagined yourself traveling to countries where life travels at a slower pace-to the extent that you can actually enjoy life? How many times have you been presented with an opportunity at work, knowing full well your career could advance, but the Spanish language barrier stopped you from the benefits? How many times have your children asked you what something means in Spanish and you have had absolutely no idea how to help them? There are at least 20 Spanish-speaking countries in the world and, according to Babbel, more than 485 million native Spanish speakers. Not being able to speak Spanish, at least enough to communicate at a confident level, is going to limit your life experiences, professionally and personally. But it doesn't have to be this way.

Traditional language learning methods haven't worked for everyone. You may have invested time and money only to be left feeling frustrated by a lack of progress-but not anymore! *Easy Spanish Step-By-Step* Barbara Bregstein, 2005-12-23 A proven grammar-based approach that gets you communicating in Spanish with confidence, right away *Easy Spanish Step by Step* proves that a solid grounding in grammar basics is the key to mastering a second language. Grammatical rules and concepts are clearly explained in order of importance, and more than 300 verbs and key terms are introduced on the basis of frequency. **Babel** Gaston Dorren, 2018-12-04 “Babel is an endlessly interesting book, and you don’t have to have any linguistic training to enjoy it . . . it’s just so much fun to read.” –NPR English is the world language, except that 80 percent of the world doesn’t speak it. Linguist Gaston Dorren calculates that to speak fluently with half of the world’s people in their mother tongues, you’d need to know no fewer than twenty languages. In *Babel*, he sets out to explore these top twenty world languages, which range from the familiar (French, Spanish) to the surprising (Malay, Javanese, Bengali). Whisking readers along on a delightful journey, he traces how these languages rose to greatness while others fell away, and shows how speakers today handle the foibles of their mother tongues. Whether showcasing tongue-tying phonetics, elegant but complicated writing scripts, or mind-bending quirks of grammar, *Babel* vividly illustrates that mother tongues are like nations: each has its own customs and beliefs that seem as self-evident to those born into it as they are

surprising to outsiders. Babel reveals why modern Turks can't read books that are a mere 75 years old, what it means in practice for Russian and English to be relatives, and how Japanese developed separate "dialects" for men and women. Dorren also shares his experiences studying Vietnamese in Hanoi, debunks ten myths about Chinese characters, and discovers the region where Swahili became the lingua franca. Witty and utterly fascinating, Babel will change how you look at and listen to the world. "Word nerds of every strain will enjoy this wildly entertaining linguistic study." –Publishers Weekly (starred review)

*Language Hacking Spanish* Benny Lewis, 2017-03-28 It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only other people can do.

It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

**The Bugaboo Review** Sue Sommer, 2011-07-20 For years, high school English teacher Sue Sommer has given her students a photocopied edition of The Bugaboo Review. Filled with fun ways to remember and correct the most common pitfalls in language, the Review is legendary at her school. Because it's so accessible and easy to use, parents have requested copies, and the friends of parents, not to mention past students who have worn out their copies but want to take the Review with them into their academic, professional, and everyday lives. With the help of cartoon characters Bug and Boo, Sommer lays out the rules and troublesome words that ?ummox our word processors and email

programs. Colorful examples and artful mnemonics help readers painlessly learn and remember it all – including the pronunciation of befuddling words. This is ideal for students of all ages – and also for anyone seeking an A in all their written and oral communications.

Empty Set Verónica Gerber Bicecci, 2018-02-06 Verónica Gerber writes with a luminous intimacy; her novel is clever, vibrant, moving, profoundly original. Reading it made me feel as if the world had been rebuilt. —Francisco Goldman From the very beginning, Verónica Gerber set out to write a novel that would end up at a loss for words. She alone could achieve this feat: because she's a visual artist who takes everything she reads in as concentric circles threaded with color, and because she writes essays on painters who write across canvasses and writers who paint plots from the realities of life. . .

. She alone could bring the necessary silence to a novel so perfect it ended up leaving me speechless as well. –Jorge F. Hernández How do you draw an affair? A family? Can a Venn diagram show the ways overlaps turn into absences, tree rings tell us what happens when mothers leave? Can we fall in love according to the hop skip of an acrostic? Empty Set is a novel of patterns, its young narrator's attempt at making sense of inevitable loss, tracing her way forward in loops, triangles, and broken lines. Verónica Gerber Bicecci is a visual artist who writes. In 2013 she was awarded the third Aura Estrada prize for literature. She is an editor with Tumbona Ediciones, a publishing cooperative with a catalogue that explores the intersections between literature and art.
