**Inventing Lebanon** Kais M. Firro,2002-10-24 This study examines the history behind an idea: a new polity of Greater Lebanon. It shows how, under the powerful influence of the French Mandate, various groups of the local elite attempted to create what amounted to a new Lebanese nationalism, carving the state into Maronite Christian, Sunni and Shiite power bases. The results only accentuated the divisions already inherent in this multi-ethnic and multi-faith society, and were to pave the way for the instability and wars that have plagued the country ever since.

*New Flavours of the Lebanese Table* Nada Saleh,2012-03-31 The food of Lebanon has long been rated as one of the great cuisines of the world. Healthy, simple to prepare, full of fresh flavours and sensual aromatics, it makes great use of grains, vegetables, pulses, fruit, nuts, grilled meat, fish, olive oil and yoghurt. In this evocative new book, Nada Saleh, a trained nutritionist and talented cook, presents 200 imaginative recipes from her native Lebanon. Throughout she draws upon her many happy memories of a vibrant and sun-baked land - the family occasions when they ate in the shade of the poplar trees, enjoying mezze (traditional appetisers), meshwi (grilled meat) and locally grown fresh fruits of the season alongside delicate sweet dishes, washed down with Turkish coffee. From tempting vegetable and salad dishes like Yoghurt and Spinach Salad, via delicate Cod with Tahini to enticing Upside Down Aubergines, Stuffed Meat Roast and mouthwatering Walnut, Pistachio and Date Pastries and Molasses with Sesame Cream and Fig Jam, this charming book is a joy to cook from and is suffused with warmth and love for a distant land that, even in adversity, beguiles and inspires.

*Politics, Culture and the Lebanese Diaspora* Nathalie Nahas,Paul Tabar,2010-07-12 This book is a collection of essays that were originally presented at a conference at the Lebanese American University in late May 2007, entitled "Politics, Culture and the Lebanese Diaspora." It looks at various facets of the Lebanese Diaspora and examines the politics and culture of Lebanese migrants and their descendants in different parts of the world while detailing the communal, national and transnational elements of these practices and exploring the changing characteristics of politics and culture in respect to migration, Diaspora and globalization. The essays raise questions about the (in)compatible and interpenetrating relationships between these dynamics, and analyze processes of identity formation as cultural manifestations of migratory politics. The book is divided into three main sections. The first section deals with issues of identity and multiculturalism among Lebanese emigrants, concluding that identities are continuously molded and negotiated in the diaspora. It examines the formation of identities among second and third-generation migrants, and the changing conceptions of the meaning of roots and homelands. The second section deals with politics and activism in the Diaspora. It looks at how diasporas relate to the political processes in their homelands during post-conflict resolution and explores the role of Lebanese migrants abroad in the process of peace-building back home. The third part deals with the Diaspora in literature

and media through the assessment of key writings on the explorations of self of the Lebanese abroad, drawing on how symbols of identification and conventions of representation become sites of conflict over time. The wide variety of perspectives presented in these papers invite us to challenge the notion of a fixed, bounded, and rigid homeland and identity, and move towards one that is more nomadic and fluid. They call us to pay attention to the symbols used in the cultural construction of both homelands and identities in the country of immigration and to think of the complex ways in which transnational politics affect the homeland and are in turn affected by it.

**The Lebanese Post-Civil War Novel** Felix Lang, 2016-01-28 After the Lebanese Civil War, many Lebanese novelists committed themselves to building a memory for the future. What resulted was a vital contribution to the legacy of contemporary Arabic literature. Through interviews, literary analysis, and the lens of trauma studies, Lang sheds light on what it means to remember through post-war literature.

*Joking About Jihad* Gilbert Ramsay, Moutaz Alkheder, 2020-03-30 Can laughter really be used to undermine the appeal of terrorist groups? And should it be? Is there any truth in the stereotypical notions of fanaticism as humorless, and of humor as the antithesis of fanaticism? What is the deeper significance of the jihadi's status as an object of mockery in Arabic popular culture? *Joking About Jihad* explores this thicket of problems sprouting from one of the most basic--and supposedly most innocent--of human behaviors, and looks at how it has been applied to one of the least obviously laughable phenomena in the world today. Ramsay and Alkheder draw on original interviews and hitherto unexamined texts, combining insights from fields as diverse as politics, psychology, cultural studies, Islamic studies and humor research. Examining apparently spontaneous joking, professional comedy and even the jokes told by jihadis themselves, they show how Salafi jihad has been made laughable in the modern Arab world, and why it matters.

**Palestinian Refugees in Lebanon - Where to belong?** Dorothee Klaus, 2021-10-11 The series *Islamkundliche Untersuchungen* was founded in 1969 by the Klaus Schwarz Verlag. Since then, it has become one of the most important venues for publications in Islamic and Middle Eastern Studies. Its more than 350 volumes cover a wide range of topics from the history, culture and societies of the Middle East and North Africa as well as neighboring regions in central, south and southeast Asia.

*Women in Lebanon* M. Thomas, 2012-12-28 Combining insider and outsider perspectives, *Women in Lebanon* looks at Christian and Muslim women living together in a multicultural society and facing modernity. While the Arab Spring has begun to draw attention to issues of change, modernity, and women's subjectivity, this manuscript takes a unique approach to examining and describing the Lebanese alternative modernities thesis and how it has shaped thinking about the meaning of terms like evolution, progress, development, history, and politics in contemporary Arab thought. The author draws on extensive ethnographic research, as well as her own personal experience.

**Lebanon** David C. Gordon, 2015-07-24 Even up to the eve of the civil war, some observers saw the Lebanese system as essentially stable, and exhibiting some of the virtues of liberty and pluralism which had been commended by the French traveller de Volney a century before. But for others its structure was so seriously flawed as to be

resolved only by revolution. The civil war resulted ultimately from a conglomeration of interdependent factors – the religious conflict of Christian and Shi'a Muslim, the social divisions exemplified in the 'Belt of Misery' around Beirut, and the ethnic frictions between the Arab host culture and the Occidentalised Maronites. This book, first published in 1980, is a lively and incisive study of one of the most ravaged countries of this generation.

Lebanon B. Rubin, 2009-06-22 No country in the world has more political battles, military conflicts, and ethnic complexity per person and per square mile than does Lebanon. This book explains the issues, events, and personalities involved in one of the globe's most dramatic and important stories.

**Contextualizing Sectarianism in the Middle East and South Asia** Satgin Hamrah, 2023-07-25 States across the Muslim world are faced with challenges associated with a perpetual cycle of conflict and violence organized along sectarian lines. To understand modern-day sectarianism, it is essential to move beyond explanations that focus predominantly on ancient Sunni-Shia animosities or a singular lens. It is important to engage in interdisciplinary and multidirectional examinations to better understand how sectarianism is strategically utilized by political entrepreneurs. Moreover, while religious identities and how individuals define themselves and their communities are important, it is also integral to analyze how identity has been utilized in historical and contemporary political contexts on state and non-state levels. This volume seeks to fill gaps in understanding the complexities associated with sectarianism through a transnational interdisciplinary analytical framework to enhance understanding of the socio-political, religio-political, cultural and security landscapes of the Middle East and South Asia. It also challenges narratives regarding sectarian divisions between Sunnis and Shias and deconstructs popular misconceptions about sectarianism, its spatial and temporal impact, as well as its influence on identities, conflict, and competition. The volume will be of interest to scholars and researchers of the Middle East and South Asia, and those interested in history, politics, international relations, international security, religion, and sociology.

**Israel's Covert Diplomacy in Lebanon** Kirsten E. Schulze, 2016-06-01 This book deals with the relations of the Jewish Agency and the State of Israel with the Lebanese Maronites in the period 1920-1984. It is essentially a study of the evolution of Israeli policy towards and the minority alliance with the Maronites. The central argument of the book is that Israel has pursued an active policy of intervention in the domestic politics of Lebanon through the alliance, and thus the book challenges the view of Israel as 'a nation that dwells alone'.

**Integral Polity** Ronnie Lessem, Ibrahim Abouleish, Louis Herman, 2016-05-23 Releasing the genius of an individual, an enterprise and a society is a central pre-occupation of the contemporary business environment. A fascinating approach to how we can begin to tackle this challenge is presented by the authors of Integral Polity. Integral spirituality, integral philosophy and the integral age, at an overall or holistic level of consciousness, has therefore become a strong enough idea to form the genesis of a movement over the course of the last half century. Taking as a starting point the ground-breaking work of the Trans4m Centre for Integral Development this book

applies such an 'integral' notion to the realms of business, economics and enterprise. To be successful, an integral approach must recognise the nuances of its environment - an integral approach in India is different from that in Indonesia, or Iceland, and they may in fact complement rather than conflict. Therefore this book also provides a fascinating alignment of such 'integrality' with, and between different 'southern' and 'eastern', 'northern' and 'western' worlds. Using case studies ranging across the globe this review of a newly integral theory and practice provides a new lease of life to what may increasingly be perceived as the self-seeking, insulated and occasionally violent and corrupt, realm of the political.

**US Foreign Policy and the Multinational Force in Lebanon** Corrin Varady, 2017-06-21 This book offers a fresh perspective on the impact of the US intervention in Lebanon in 1982 and the decision-making drivers that led the Reagan Administration into the Lebanese Civil War. Based on newly released archival materials from high level Washington officials such as President Reagan, Secretary of State Shultz and Secretary of Defense Weinberger, it argues that the failure of the Reagan Administration to accurately understand the complex political landscape of the Lebanese Civil War resulted in the US-led Multinational Force becoming militarily intertwined in the conflict. This book challenges the notion that Reagan deployed US Marines under the ideals of international peacekeeping, asserting that the US Administration hoped that the Multinational Force would create the political capital that Reagan needed to strengthen the US' position both in the Middle East and globally. Ultimately, the peacemakers were forced to withdraw as they evolved into antagonists. A case study in the foreign policy doctrines of key Washington decision-makers throughout the 1980s, this project is perfect for any International Relations scholar or interested reader seeking to understand the links between the mistakes of the Reagan Administration and contemporary US interventions in the Middle East.

*Lebanese Place-names* Elie Wardini, 2002 The present volume covers some 1724 Lebanese place-names in the districts of Mount Lebanon and North Lebanon. The aim has been to: a) establish a database of place-names based on fieldwork; b) present the etymologies of these names based on the latest findings in Semitic lexicography, onomastics and dialectology; and c) plot the results across the Lebanese territory. analysis of the place-names, focusing on language, geography and society, tends to confirm that language and religion shifts in Lebanon were gradual. Nearly 49 are Phoenician. The traditional dividing lines between religious groups are only slightly reflected in place-names. These groups seem to have had a similar sociocultural development. The landscape holds a central position in Lebanese place-names. Water, human occupation, religion and the family also hold a prominent position

*Architecture, Power and Religion in Lebanon* Ward Vloeberghs, 2015-11-24 In *Architecture, Power and Religion in Lebanon*, Ward Vloeberghs explores Rafiq Hariri's patronage and posthumous legacy to demonstrate how built fabric becomes a tool to convey political messages in contemporary Lebanon.

**Conflict on Mount Lebanon** Makram Rabah, 2020-08-18 The Druze and the Maronites, arguably the two founding communities of modern Lebanon, have the reputation of being primordial enemies. Makram Rabah attempts to gauge the

impact of collective memory on determining the course and the nature of the conflict between these communities in Mount Lebanon. He takes as his focus 'the War of the Mountain' in 1982, reconstructing the events of this war through the framework of collective remembrance and oral history. He challenges the idea that these group identities were constructed by their respective centres of power within the Maronite and Druze community, providing an alternative to the prevailing meta-narrative. Telling the stories of the many people who took part in these events, or who simply suffered as a consequence, helps to expose the intrinsic motives which led to this conflict and makes a valuable contribution to the field of Lebanese historical scholarship.

Lebanon's Jewish Community Franck Salameh, 2018-10-03 This book mines the early history of modern Lebanon, focusing on the country's Jewish community and examining inter-Lebanese relations. It gives voice to personal testimonies, family archives, private papers, recollections of expatriate and resident Lebanese Jewish communities, as well as rarely tapped archival sources. With unique access to the Jewish communities in Lebanon and the Greater Middle East, the author presents both history and memory of Lebanon's Jews, considering what, how, and why they choose to remember their Lebanese lives. The work retells the history of Lebanon by placing Lebanese Jews into the country's narrative from the 1920s to 1970s, including an examination of the role they played in the construction of Lebanon's multi-sectarian system.
