It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions. Christian Ethics draws from philosophy, theology, and psychology. It considers the roles of personality development, conscience formation, gender difference, religious values, and social structures in ethical decision making. It probes the questions and dilemmas of good vs. evil, personal vs. communal values, authority vs. conscience, religion vs. society, and civil vs. moral law. Examples and case studies drawn from the fields of social, medical, sexual, business, political, environmental, and personal ethics are used throughout the book and illuminate the process for personal decision making.

New Orleans Remix Jack Sullivan,2017-10-05 Since the 1990s, New Orleans has been experiencing its greatest musical renaissance since Louis Armstrong. Brass band, funk, hip hop, Mardi Gras Indian, zydeco, and other styles are rocking the city in new neighborhood bars far from the Bourbon Street tourist scene. Even neotraditional jazz players have emerged in startling numbers, making the old sound new for a younger generation. In this book, Jack Sullivan shines the light on superb artists little known to the general public--Leroy Jones, Shamarr Allen, Kermit Ruffins, Topsy Chapman, Aurora Nealand, the Brass-A-Holics. He introduces as well a surge of female, Asian, and other previously marginalized groups that are making the vibe more inclusive than ever. New Orleans Remix covers artists who have broken into the national spotlight--the Rebirth Brass Band, Trombone Shorty, Jon Batiste--and many creators who are still little known. Based on dozens of interviews and archival documents, this book delivers their perspectives on how they view their present in relation to a vital past. The city of New Orleans has always held fiercely to the old even as it invented the new, a secret of its dynamic success. Marching tunes mingled with jazz, traditional jazz with bebop, Mardi Gras Indian percussion with funk, all producing wonderfully bewildering yet viable fusions. This book identifies the unique catalytic power of the city itself. Why did New Orleans spawn America's greatest vernacular music, and why does its musical fire still burn so fiercely, long after the great jazz eruptions in Chicago, Kansas City, and others declined? How does a tradition remain intensely creative for generations? How has the huge influx of immigrants to New Orleans, especially since Hurricane Katrina, contributed to the city's current musical harmony? This book seeks answers through the ideas of working musicians who represent very different sensibilities in voices often as eloquent as their music.

Hear Dat New Orleans: A Guide to the Rich Musical Heritage & Lively Current Scene Michael Murphy,2016-04-18 By the author of Eat Dat and Fear Dat, a charmingly irreverent guide to the thriving, world-famous music scene in New Orleans One of the first questions visitors to New Orleans often ask is, "Where can I go to hear music?" A better question might be, "Where can I go and not hear music?" Music is everywhere in this city, but to experience the best of it, you need the right guide. In Hear Dat New Orleans, local expert Michael Murphy brings his signature offbeat sensibility to the Big Easy's largest tourist draw. With in-depth recommendations for the greatest venues, the best musicians, and the must-see festivals, Hear Dat New Orleans is an indispensable companion for anyone who wants to really experience the sounds of New Orleans?live and uncensored.

A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald,2010-11-02 Will Friedwald's illuminating, opinionated essays--provocative, funny, and personal--on the lives and careers of more than three hundred singers anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W. C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers (Billie Holiday, Perry Como); hybrid artists who moved among genres and combined them (Peggy Lee, Mel Tormé); the leading men and women of Broadway and Hollywood (Ethel Merman, Al Jolson); yesterday's vaudeville and radio stars (Sophie Tucker, Eddie Cantor); and today's cabaret artists and hit-makers (Diana Krall, Michael Bublé). Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith (blues), Mahalia Jackson (gospel), Hank Williams (country and western), Elvis Presley (rock 'n' roll), and Bob Dylan (folk-rock). Friedwald

reconsiders the personal stories and professional successes and failures of all these artists, their songs, and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book—ten years in the making—will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.
