A fuego lento Emilio Bobadilla, 2019-03-01 La obra maestra del escritor cubano Emilio Bobadilla como narrador es *A fuego lento*. La primera parte de la novela transcurre en Ganga, inspirada en la ciudad colombiana de Barranquilla, donde Bobadilla vivió algunos meses en 1898. El cuadro que traza *A fuego lento* es esperpético. Por entonces Barranquilla era un puerto principal de Colombia y era llamada La Nueva York de Colombia, La Nueva Barcelona o La Nueva Alejandría. Tenía varios cines, y las compañías de ópera italianas y de teatro españolas se presentaban allí. A ese lugar llega el doctor Eustaquio Baranda, un exiliado dominicano que ha estudiado medicina en París. El personaje atrae a las poderes locales, los mismos que después lo aborrecen despechados porque ha conquistado los favores de Alicia, deseada por uno de los prohombres lugareños. Baranda se va a París con Alicia. Y allí se consume su vida en el apetito social de Alicia —exaltado por sus ambiciones y la influencia provinciana de los antiguos conocidos de Ganga—. Muere a pesar de la presencia balsámica de una francesa fina, culta, delicada y distinguida a la que el doctor Baranda renuncia por

no tener el valor de separarse de Alicia.

Lento for orchestra Howard Skempton, 1994 Lento is monolithic; major and minor triads generate a sequence of processions. The tempo is more or less constant. It uses the same orchestral forces as Wagner's prelude to Parsifal, though deployment is radically different. Most of Lento is scored for strings only. A central episode turns the spotlight on the trombones and the bassoons. Otherwise, woodwind, brass and timpani serve primarily to lend weight to restatements of the two principal subjects.

Ritmo lento Carmen Martín Gaite,2015-03-13 ¿Es la atípica educación que David Fuente,

protagonista de Ritmo lento, ha recibido de su padre responsable de su inadaptación social? ¿O es la sociedad con sus normas típicas la que excluye a quien no quiere o no puede adaptarse? «...un tema insólito en la literatura española y diríamos, incluso, que europea de la época. La oposición entre el individuo y la sociedad y la visión de ésta como un entramado de comportamientos aprendidos y reglas no escritas que, persiguiendo supuestamente el bien común, cohíben como un incómodo corsé otras posibilidades de ser humanos. La pregunta que se plantea es en el fondo de una radicalidad extrema: ¿es necesario que nos guiemos por la razón de lo conveniente? ¿Qué es lo conveniente? ¿Lo que la sociedad dicta?» Marcos Giralt Torrente

A fuego lento (Anotado) Emilio Bobadilla y Lunar,2016-01-27

El lento aprendizaje de Podemos José Luís Villacañas,2018-02-19 Surgido en enero de 2014 como el 15M de las urnas, Podemos visibilizaba la aspiración de una joven y talentosa generación a renovar el mapa político español y a cambiar la orientación del poder público, anquilosado en el bipartidismo y la incapacidad de gobierno y colapsado por los casos de corrupción. El filósofo José Luis Villacañas reflexiona sobre nuestro presente político desde la emergencia de Podemos y de la impronta que ha tenido su actuación en la historia reciente de España. En estas páginas se analizan las complejas circunstancias que han marcado su evolución, donde se contrasta su capacidad para ofrecer una vía política integradora a una sociedad en la que convergen mentalidades, estilos y

tradiciones muy diversos. Entre el Podemos inicial y el que ha evolucionado desde entonces, se han sucedido los debates y polémicas en torno al tipo de liderazgo y de dirección política que ha adoptado esta formación, desde visiones más integradoras y transversales a posiciones basadas en la radicalización y la polaridad. Apelando a un sentido común republicano y popular, este ensayo reconstruye su historia presente con la finalidad de seguir generando aprendizaje político y de preparar lo que todavía no ha ocurrido, replanteando los ritmos temporales de su actuación, con claridad y sin falsas ilusiones.

inmortalidad.

¡Vamos más lento, por favor! Neva Milicic, 2020-08-01 Rafael es un niño aplicado pero, debido a su impaciencia, hace las cosas a medias. Su abuela le da unos consejos que lo ayudarán no solo a él, sino a otros amigos con el mismo problema.

¿Cómo salir de la trampa del lento crecimiento y alta desigualdad? Jaime Ros Bosch, 2015-08-26
Desde hace ya tres décadas la economía mexicana se encuentra en una trampa de lento crecimiento con alta desigualdad. Se trata de una trampa en el sentido de que el propio lento crecimiento interactúa con sus determinantes para mantener la estabilidad de un equilibrio de bajo nivel. Esta obra aboga por una reorientación de la estrategia de desarrollo y la necesidad de políticas públicas que promuevan el crecimiento y simultáneamente reduzcan la desigualdad social. Colección: Grandes problemas, coeditada por la Universidad Nacional Autónoma de México y El Colegio de México.
