Forex trading is not all it is cracked up to be, it is a hard game controlled by robots and banks and foreign sovereign institutions. Keep reading if you know where I am coming from... Things didn't used to be all pink for me either, pain, loss, closed one losing account, opened second one, heard of such and such broker giving a certain deal on lots opened another account, lost all the money, started in the mini, macro, regular lots... Does that sound familiar, try to look from the outside, Forex is for crazy people, crazy winners or crazy losers. Or you would rather stumble on a nice guru telling you all the lies, and how he can help you open a 10k account with a secret advantage. Or worse... Hanging around, playing golf all month until a certain currency goes to a such and such monthly level, and pull the trigger to wipe out all the people with red eyes staring at the screens day and night, fighting with their spouses, wasting their lives in front of the broker platforms. I know what you are thinking...this guy is full of it! Well, I am fed up with the usual story that hits every newbie trader like you and I don't want you to have anything to do with it. So, I am giving you a choice: take this book read it, study and devour every single strategy, because is real, out of the trenches uncompromised, winning truth coming from a real trader. **Best Tips for High Profit Day Trading** J.R. Christopher, 2016-01-02 Best Tips for High Profit Day Trading is for all beginning aspiring investors and traders who are just getting their head around doing the day trading and swing trading business. Everyone has their own ideas of what they think day trading and swing trading are and what it can do for them. Best Tips for High Profit Day Trading is for people who want to start their own business and become investors and traders in today's financial markets, but have zero experience and are looking for the best quality information to get them started. Best Tips for High Profit Day Trading is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and read this entire book to give yourself a fighting chance. Many of the things I tell brand new investors and traders in all my books may sound like I am a broken record and some things you

read may sound repetitive. I do that for a specific reason because much of what trading is about is doing those same actions over and over again repetitively to make money the same way every day. It is the only way professional traders do it and how they develop their edge to win in the live markets against the best market participants in the world. Trading is challenging for most people because they simply don't have tools or confidence to be successful. *Best Tips for High Profit Day Trading* is important for beginners because it tells it like it is and gives an inside look at the markets, giving you the reality on what the market is really like, the way they are really run and tells you who runs them. My hope from *Best Tips for High Profit Day Trading* is that you understand how important it is to have a competitive edge when putting your hard earned money at risk in the markets. Each day, the wealth from trader accounts is transferred from those without an edge into the accounts of those who have developed that all needed important winning edge. Which one do you want to be? When you are done reading *Best Tips for High Profit Day Trading* you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in *Best Tips for High Profit Day Trading* will put you on the fast track to becoming a successful self-directed supply and demand investor and trader.

Smart Money Trading for Self-Directed Beginners J.R. Guita, Brand new traders all make the same mistakes over and over because they don't know any better, now you do. They do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else, don't be that trader! If you can just take the time to read the information in this book, let it sink in and then continue on your educational journey you will have done yourself a huge favor and also begun to give yourself the required edge to succeed in this business. Brand new investors and traders also waste a serious amount of valuable education and training time on learning information that will not do them any good and can even cause them to lose some of their hard earned money right away in the live markets. No one wants that however it is a huge mistake that brand new traders make because as I said, they don't know any better. The learning curve in this business and it is a business can be long, brutal and very very expensive if you learn the wrong way. *Smart Money Trading for Self-Directed Beginners* aims to tell you how to study it the right way the first time and greatly reduce that long learning curve by showing you what the market is really made of and who are actually in control of it and when they are in control of it. When you have this information and can see it on a live price chart in real time and pull the trigger without hesitation you can make a lot of damn money! What are you waiting for?

**The Forex Millionaire** Trader X,2012-10-26 Ever felt like knocking your boss the eff out? Even if you're your own boss? I have. I remember the day I decided to punch my boss in the face. One of the best decisions I ever made by far. It was glorious. A V day of sorts. I just walked in his office, looked him straight in the eyes, and did a spinning back fist. Yeah, that's right ... a spinning back fist. Bruce Lee style, baby. I missed of course. And fell. But nevertheless ... my point had been made. I picked myself back up off the floor, slotted back to my cubic-hell, and resumed my daily torchores like a good little drone. And then I woke up. Literally. Like ... in a bed. I was just a stupid dream. Man, I thought. If I can't even punch my boss the right way in my dreams, how the heck am I ever gonna do it in real life? So I decided to do what every sensible human being does in his mid-thirties ... give up on my dreams. Luckily for me I had two dreams. One was to punch my boss in the face. The other was to quit my job and get filthy rich doing stuff that made me happy. Swing-and-a-miss on the first dream (pun intended). Home run on the second one. Like ... grand slam home run. I wanna tell you both how I did it and how you can be one of my RBIs. I've done all the hard work for you. All you have to do is quit your job and come on home. Here's my point ... You can have and do whatever the heck you want. You can, to a certain degree, create your own reality. But it's not easy. Which is why I've decided to create your reality for you. Wanna see it? Step into it even? You would if you knew what was on the other side. All ya gotta do is punch a few buttons and get this book. But you're going to have to take a click of faith.

**Forex Profits Revealed : Unpopular But Effective Strategies and Weird Tricks to Millionaire with Forex Trading** Trader X,2012-12-18 You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have

decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the life I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX stuff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments and support. Finally the tread from the trader X was discontinued. I was in despair, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pulled the trigger. See, he has been doing this trading stuff for so long it has become a boring procedure, rather a morning and afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally on my third approach he agreed to show me what the MASTER had taught him many years ago. What is comprised in the pages of this book will be worth pure gold to you. This book is down to the ground no nonsense, real trading knowledge. It gives step by step instructions with real trade examples. This book is not your regular hog wash advice that you will find from your broker and the other magic bullets and seven step series that you see on this site. This book teaches you how to trade like the pros. Shows you how the big banks and foreign nationals and institution trade. The book opens your eyes to how to piggy back on the big institutional traders and win. Ninety Five percent of the people that trade the Forex

market lose money and give up. The market is continually replaced by fresh blood like yourself. Don't become part of the statistics, read this book and get a map to success in FOREX. You can make a success in FOREX if you know what you are doing. Yes you can make a living with FOREX and quit your job. You can achieve your dreams. Buy this book and find out How?

How To Trade Forex Like A Pro Trader X,2017-02-18 I hope you sitting down, cause I am laughing on the floor at the notion of hearing, one more little talk about the Forex Indicators, and how you can be the next Forex Millionaire using such and such crossing lines See, the reason there are winners and losers in life and Forex as well, is some can see deception coming from a 100 miles away and some refuse to look at the truth. See, I was taken for a sucker, and was brought on a rollercoaster of books, trainings, Forex education like there is no tomorrow... But it took me nearly 3 years, to wake up from the magic little cozy balloon of guru's webinars and the next Big Talking head. During this time of course, I was spending thousands of dollars on books and Forex Robots and all kind of crap...you know what I am talking about. My family and friends, thought I have lost my mind, spending all this time in front of the screen(you may recognize yourself here) and looking at stupid charts I kind of had become the laughing stock of the company Look, the Forex Head is Alive Eventually it got so bad, that I lost all interest in trading and was ready to quit... One afternoon, I overheard a conversation while at the golf course...yeah I am a snooper. There were two guys, sipping on something that came with a small umbrella on top and one of them was saying something so impressive, that made my ears become as big as an elevator shaft. The guys were speaking of a stock trader, turn to be a Forex trader, that was raking in the vicinity of 20 to 30k a month, from his house computer, doing it with couple trades a month. Listen to this, the guy was not a screen struck maniac like myself, he was not some kind of national television speaker, it turned out he was a member of the same golf club, I was a

member too. Now, you can imagine my excitement and hopes came up, I was determined to meet this guy and squeeze every once of knowledge out of him... However, there was a big problem, that trader, I will call him trader X, for familiar reasons, did not go to the bars, was not in the social networks, and was not holding any training and educational courses on how to be the next forex millionaire. He was quietly running the Forex Cash machine of his, had a large family and was spending time in his huge house. Now, I came in with a plan, where I would meet Trader X at one of the Club Events...you know those fund raiser things, Trader X was known for one thing, dumping a large sums of money on different causes that he cared about. I was able to talk Trader X in to giving me a half hour short consult. At the end I offered trader X to pay him for his services, and that's where my frustration became full, Trader X was not for sale. It didn't matter what I offered...whatever that was, it was all I had, he would not chime in to my idea of training me. Finally after much bugging him, he gave in and we started a regular weekly meetings, but he refused to get any money. He was saying...Boy you are my fun today, all that trading is too boring and makes me sad. I was like, K, if it is that boring, make me sad too you know, let the stashes of cash come down. Eventually I moved to a different city and never heard of Trade X again. What I am about to reveal in this book is the real dirty truth about Forex and how you too can be the next Trader X. Forex trading is not all it is cracked up to be, the real winners are not your daily gurus, I will teach you everything that Trader X Taught me and more. You have a choice, keep going in circles, looking for the Holy Grail of Froex, or move your fingers, make a few mouse clicks and meet me on the other side. Take a click of faith! See you on the other side!
