**Electronic Music** Nick Collins, Margaret Schedel, Scott Wilson, 2013-05-09 This accessible Introduction explores both mainstream and experimental manifestations of electronic music. From early recording equipment to the most recent multimedia performances, the history of electronic music is full of interesting characters, fascinating and unusual music, and radical technology. Covering many different eras, genres and media, analyses of works appear alongside critical discussion of central ideas and themes, making this an essential guide for anyone approaching the subject for the first time. Chapters include key topics from synth pop to sound art, from electronic dance music to electrical instruments, and from the expression of pure sound to audiovisuals. Highly illustrated and with a wide selection of examples, the book provides many suggestions for further reading and listening to encourage students to begin their own experiments in this exciting field.

Queering Contemporary French Popular Cinema Darren Waldron, 2009 Queering Contemporary French Popular Cinema combines close film analysis with a small-scale qualitative investigation of audience responses to examine images of queerness in contemporary French popular cinema and their reception. Through its blending of the textual and the empirical, this book provides a unique insight into the ways in which sexuality and gender are represented on the cinema screen, as well as the spectator reactions they elicit. Since the mid-1990s, depictions of lesbians, gay men, and queer forms of sexual desire and identity have shifted to the mainstream of French cinematographic representation - as evidenced by the box-office success of a series of highly commercial comic films, including *Gazon maudit* (Josiane Balasko, 1995), *Pédale douce* (Gabriel Aghion, 1996), *Le Placard* (Francis Véber, 2000), and *Chouchou* (Merzak Allouache, 2003). Alongside this commercial strand, a series of small-budget alternative comedies and other genre films have also challenged heteronormative conceptualizations of sexuality and gender. Films such as *Sitcom* (François Ozon, 1998), *L'Homme est une femme comme les autres* (Jean-Jacques Zilbermann, 1997), *Pourquoi pas moi?* (Stéphane Giusti, 1999), *Drôle de Félix* (Olivier Ducastel and Jacques Martineau, 2000), and *Les Chansons d'amour* (Christophe Honoré, 2007) portray desire as fluid and/or gender as unfixed. With their use of parody and their blending of comedy with the musical, melodrama, romance or road movie, these and other similar films have resonated with a burgeoning viewing public, tired of having to seek queerness in connotation, of appropriating marginal characters in ostensibly straight narratives, and of tragedy and trauma as the principal modes of representation and spectator address.

**Bedroom Beats & B-sides** Laurent Fintoni,2020 The first decades of the 21st century saw dramatic changes in the music industry as new technology transformed creation, communication, and consumption. Amid this turmoil one change occurred relatively quietly, almost naturally: so-called bedroom producers, music makers raised on hip-hop and electronic music, went from anonymous, often unseen creators to artists in their own right. In *Bedroom Beats & B-sides: Instrumental Hip Hop & Electronic Music at the Turn of the Century*, Laurent Fintoni details the rise of a new generation of bedroom producers at the turn of the century through the stories of various instrumental hip-hop and electronic music scenes. From trip-hop, jungle, illbient, and IDM in the 1990s to just beats in the late 2000s, the book explores how these scenes acted as incubators for new ideas about composition and performance that are now taken for granted. Combining social, cultural, and musical history with extensive research, the book tells the B-side stories of hip-hop and electronic music from the 1990s to the 2010s and explores the evolution of a modern beat culture from local scenes to a global community via the diverse groups of fringe idealists who made it happen and the external forces that shaped their efforts. Includes quotes and stories drawn from more than 100 interviews with producers, DJs, label owners, and more including James Lavelle, Charlie Dark, Luke Vibert, Mark Pritchard, Flying Lotus, Georgia Anne Muldrow, El-P, Hudson Mohawke, Kode9, Prefuse 73, Anti Pop Consortium, Dabrye, Waajeed, Tekilatex, Ghislain Poirier, Kutmah, LuckyMe, Benji B, The Bug, and many more. *Bedroom Beats & B-sides* is the first comprehensive history of the instrumental hip-hop and electronic scenes and a truly global look at a thirty-year period of modern music culture based on a decade of research and travel across Europe, North America, and Japan.

Sweden M. B. Stephens, J. Bergman Weihed, 2020-01-02 The solid rock mass of Sweden forms a natural field laboratory revealing insight into the westward growth and reworking of one of the planet's ancient continental nuclei. Three major geological units are exposed in different parts of the country: the western part of the Fennoscandian Shield, mainly sedimentary rocks deposited on this crystalline rock mass and the Caledonide orogen. This volume synthesizes the tectonic evolution of Sweden over more than 2500 million years from the Neoproterozoic to the Neogene. Following an introduction describing the lithotectonic framework of the country and the organization of the volume, the tectonic evolution is addressed essentially chronologically. Different phases of intracratonic rifting, accretionary orogeny, continent-continent collisional orogeny and platform sedimentation are identified. Sweden is one of Europe's major suppliers of metals, and the country's mineral resources are also presented in the context of the lithotectonic framework. Sweden: Lithotectonic Framework, Tectonic Evolution and Mineral Resources has been designed to interest a professional geoscientific audience and advanced students of Earth Sciences.

**My Place at the Table** Alexander Lobrano, 2021 In this debut memoir, a James Beard Award-winning writer, whose childhood idea of fine dining was Howard Johnson's, tells how he became one of Paris's most influential food critics Until Alec Lobrano landed a job in the glamorous Paris office of Women's Wear Daily, his main experience of French cuisine was the occasional supermarket éclair. An interview with the owner of a renowned cheese shop for his first article nearly proves a disaster because he speaks no French. As he goes on to cover celebrities and couturiers and improves his mastery of the language, he gradually learns what it means to be truly French. He attends a cocktail party with Yves St. Laurent and has dinner with Giorgio Armani. Over a superb lunch, it's his landlady who ultimately provides him with a lasting touchstone for how to judge food: you must understand the intentions of the cook. At the city's brasseries and bistros, he discovers real French cooking. Through a series of vivid encounters with culinary figures from Paul Bocuse to Julia Child to Ruth Reichl, Lobrano hones his palate and finds his voice. Soon the timid boy from Connecticut is at the epicenter of the Parisian dining revolution and the restaurant critic of one of the largest newspapers in the France. A mouthwatering testament to the healing power of food, My Place at the Table is a moving coming-of-age story of how a gay man emerges from a wounding childhood, discovers himself, and finds love. Published here for the first time is Lobrano's little black book, an insider's guide to his thirty all-time-favorite Paris restaurants.
