*Letters to Nowhere* Julie Cross, 2013-08-01 From NYT and USA Today bestselling author, Julie Cross, a Mature YA contemporary set in the tough world of Elite Gymnastics. Her family may be shattered, but her dreams aren't... Seventeen year old Karen Campbell has just lost both her parents in a tragic car accident. Grief stricken and alone, her gymnastics coach opens his home to Karen, providing her a place to live while she continues to train, working toward a spot on the world championship team. Coach Bentley's only child, seventeen year old Jordan is good-looking and charming enough to scare away a girl like Karen—someone who has spent ten times more hours on balance beams and uneven bars than talking or even thinking about boys. But the two teens share a special connection almost immediately. It turns out Jordan has a tragic past of his own, grief buried for years. As Karen's gymnastics career soars, her nightmares and visions of the horrible accident grow in strength. She can only avoid facing her grief for so long before it begins to surface and ultimately spin out of control in a very dangerous way. Can discovering love and lust (simultaneously) help with the grieving process or will it only provide a temporary distraction while waiting for reality to hit full force?

**The Letters of James and Peter** William Barclay, 2003-11-30 Though located in the back part of the New Testament canon, these letters are nonetheless vitally important. As with all of his writings, William Barclay combines both his charm of style and his thoroughgoing scholarship in this volume. For almost fifty years and for millions of readers, the Daily Study Bible commentaries have been the ideal help for both devotional and serious Bible study. Now, with the release of the New Daily Study Bible, a new generation will appreciate the wisdom of William Barclay. With clarification of less familiar illustrations and inclusion of more contemporary language, the New Daily Study Bible will continue to help individuals and groups discover what the message of the New Testament really means for their lives.

*Private Practices* Naoko Wake, 2011 *Private Practices* examines the relationship between science, sexuality, gender, race, and culture in the making of modern America between 1920 and 1950, when contradictions among liberal intellectuals affected the rise of U.S. conservatism. Naoko Wake focuses on neo-Freudian, gay psychiatrist Harry Stack Sullivan, founder of the interpersonal theory of mental illness. She explores medical and social scientists' conflicted approach to homosexuality, particularly the views of scientists who themselves lived closeted lives. Wake discovers that there was a gap--often dramatic, frequently subtle--between these scientists' public understanding of homosexuality (as a disease) and their personal, private perception (which questioned such a stigmatizing view). This breach revealed a modern culture in which self-awareness and open-mindedness became traits of mature gender and sexual identities. Scientists considered individuals of society lacking these traits to be immature, creating an unequal relationship between practitioners and their subjects. In assessing how these dynamics--the disparity between public and private views of homosexuality and the uneven relationship between scientists and their subjects--worked to shape each other, *Private Practices* highlights the limits of the scientific approach to subjectivity and illuminates its strange career--sexual subjectivity in particular--in modern U.S. culture.

*An Englishwoman's Love-Letters* Laurence Housman, 2019-11-20 *An Englishwoman's Love-Letters* by Laurence Housman was a scandal in its time due to its frankness, in which excitement turned to disappointment as the public learned the author was no Englishwoman but Housman. This book encapsulates romance skillfully and allowed countless women to live vicariously through the story told through these letters and words of longing and love. To this day, it's a top pick for lovers of romance.

**Nowhere's Child** Kari Rosvall,Naomi Linehan,2015-04-02 Kari Rosvall's early life was shrouded in mystery until, at age 64, she received a letter through the post. In it was a photograph of herself as a young baby - the only one she had ever seen. This was the first step towards her discovery of the dark secret of her conception. Kari soon learned that she was a Lebensborn child, part of Hitler's 'Spring of Life' programme, which encouraged Nazi soldiers to have children with Scandinavian women in order to create an Aryan race. And so began a journey back to her roots: to Norway, where she was taken from her mother and sent to Germany in a crate to join the other Lebensborn children, and to post-war Germany and her eventual rescue by the Red Cross from an attic. Nowhere's Child is a remarkable story of reconciliation and of forging new beginnings from a dark past. Ultimately, for this woman who set up a new life in Ireland, it is the life-affirming account of what it really means to find a place called home.
