Paul Whitney, Christina Castell

Trade eBooks in Libraries Paul Whitney,Christina Castell,2017-01-01 With the advent of downloadable retail eBooks marketed to individual consumers, for the first time in their history libraries encountered an otherwise commercially available text format they were prevented from adding to their collections. Trade eBooks in Libraries examines the legal frameworks which gave rise to this phenomenon and advocacy efforts undertaken in different jurisdictions to remove barriers to library access. The principal authors provide a general historical overview and an analysis of library/eBook principles developed by a variety of library associations and government reviews. In addition, experts from twelve countries present summaries of eBook developments in their respective countries and regions.

Chasing Cassandra Lisa Kleypas,2020-02-18 ONE OF OPRAH MAG'S BEST ROMANCES OF 2020! Everything has a price . . . Railway magnate Tom Severin is wealthy and powerful enough to satisfy any desire as soon as it arises. Anything—or anyone—is his for the asking. It should be simple to find the perfect wife—and from his first glimpse of Lady Cassandra Ravenel, he's determined to have her. But the beautiful and quick-witted Cassandra is equally determined to marry for love—the one thing he can't give. Everything except her . . . Severin is the most compelling and attractive man

Cassandra has ever met, even if his heart is frozen. But she has no interest in living in the fast-paced world of a ruthless man who always plays to win. When a newfound enemy nearly destroys Cassandra's reputation, Severin seizes the opportunity he's been waiting for. As always, he gets what he wants—or does he? There's one lesson Tom Severin has yet to learn from his new bride: Never underestimate a Ravenel. The chase for Cassandra's hand may be over. But the chase for her heart has only just begun . . .

The Break Katherena Vermette, 2016-09-17 Winner of the Amazon.ca First Novel Award and a finalist for the Rogers Writers' Trust Fiction Prize and the Governor General's Literary Award, *The Break* is a stunning and heartbreaking debut novel about a multigenerational Métis–Anishnaabe family dealing with the fallout of a shocking crime in Winnipeg's North End. When Stella, a young Métis mother, looks out her window one evening and spots someone in trouble on the Break – a barren field on an isolated strip of land outside her house – she calls the police to alert them to a possible crime. In a series of shifting narratives, people who are connected, both directly and indirectly, with the victim – police, family, and friends – tell their personal stories leading up to that fateful night. Lou, a social worker, grapples with the departure of her live-in boyfriend. Cheryl, an artist, mourns the premature death of her sister Rain. Paulina, a single mother, struggles to trust

her new partner. Phoenix, a homeless teenager, is released from a youth detention centre. Officer Scott, a Métis policeman, feels caught between two worlds as he patrols the city. Through their various perspectives a larger, more comprehensive story about lives of the residents in Winnipeg's North End is exposed. A powerful intergenerational family saga, *The Break* showcases Vermette's abundant writing talent and positions her as an exciting new voice in Canadian literature.

Academic E-Books Suzanne M. Ward, Robert S. Freeman, Judith M. Nixon, 2015-11-15 *Academic E-Books: Publishers, Librarians, and Users* provides readers with a view of the changing and emerging roles of electronic books in higher education. The three main sections contain contributions by experts in the publisher/vendor arena, as well as by librarians who report on both the challenges of offering and managing e-books and on the issues surrounding patron use of e-books. The case study section offers perspectives from seven different sizes and types of libraries whose librarians describe innovative and thought-provoking projects involving e-books. Read about perspectives on e-books from organizations as diverse as a

commercial publisher and an association press. Learn about the viewpoint of a jobber. Find out about the e-book challenges facing librarians, such as the quest to control costs in the patron-driven acquisitions (PDA) model, how to solve the dilemma of resource sharing with e-books, and how to manage PDA in the consortial environment. See what patron use of e-books reveals about reading habits and disciplinary differences. Finally, in the case study section, discover how to promote scholarly e-books, how to manage an e-reader checkout program, and how one library replaced most of its print collection with e-books. These and other examples illustrate how innovative librarians use e-books to enhance users' experiences with scholarly works.

A Noise Downstairs Linwood Barclay, 2018-07-24
The New York Times bestselling author of *No Time for Goodbye* returns with a haunting psychological thriller that blends the twists and turns of Gillian Flynn with the driving suspense of Harlan Coben, in which a man is troubled by odd sounds for which there is no rational explanation. College professor Paul Davis is a normal guy with a normal life. Until, driving along a deserted road late one night, he surprises a murderer disposing of a couple of bodies. That's when Paul's normal existence is turned upside down. After nearly losing his own life in that encounter, he finds himself battling PTSD, depression, and severe problems at work. His wife, Charlotte, desperate to cheer him up, brings home a vintage typewriter—complete with ink ribbons and heavy round keys—to encourage him to get started

on that novel he's always intended to write. However, the typewriter itself is a problem. Paul swears it's possessed and types by itself at night. But only Paul can hear the noise coming from downstairs; Charlotte doesn't hear a thing. And she worries he's going off the rails. Paul believes the typewriter is somehow connected to the murderer he discovered nearly a year ago. The killer had made his victims type apologies to him before ending their lives. Has another sick twist of fate entwined his life with the killer—could this be the same machine? Increasingly tormented but determined to discover the truth and confront his nightmare, Paul begins investigating the deaths himself. But that may not be the best thing to do. Maybe Paul should just take the typewriter back to where his wife found it. Maybe he should stop asking questions and simply walk away while he can. . . .
