Alive! Volume 2 Samuel Whittmore Fowler, 2012-04 These journal chapters of ALIVE! Volume 2 are descriptive of the author's walks outdoors enjoying nature and communing with the Lord whom he loved. Dr. Fowler writes, The title of this book is spelled with five full capitalized uppercase letters (A-L-I-V-E) followed by a throbbing exclamation point (!) so that it will be read as a celebrational shout, an exultant affirmation upon a silver trumpet. Its title is not simply 'ALIVE!' The word 'alive' is merely a word spoken as a word, nothing more, whereas this book and title ALIVE! are both explosive shouts of joy-a vital joy that is at once exultant and serenely calm. There is a disposition, a healthful state of soul, an attitude toward the allness of life in these pages which is greater than any single insight or described experience in any one chapter. Glad-to-be-alive is the theme which most occupies this book. Samuel W. Fowler was born November 30, 1934, in Washington, D.C. He trusted Christ as his Savior October 12, 1954. He received his Th.D. from Dallas Theological Seminary and was professor of Bible and Theology for 43 years in several Bible colleges. His unique teaching and preaching style reached many students who are now serving the Lord around the world. He also served as interim pastor and full-time pastor in several churches. Dr. Fowler's previous works *Coping Strategies*, *Meditations on the Glory of God*, *Afoot and Delighthearted*, and *ALIVE! Volume 1* have been a blessing to many Christians. Although Dr. Fowler's expertise was in Bible and Theology, he also had a deep love of nature, which inspired him to become a poet. Dr. Fowler was ushered into the presence of His Glory on July 11, 2008.

But Are You Alive? Eloise Skinner, 2023-04-13 A beautiful, sensitive book about the most important issues we face in life. -Emily Esfahani Smith, author of *The Power of Meaning* In 'But Are

You Alive?', entrepreneur and teacher Eloise Skinner explores lessons learned from a decade spent pursuing depth, purpose and meaning, including from her training in a monastic community and in the field of existential therapy. Working through practical exercises, principles and tools, Eloise shares wisdom and actionable advice from a variety of traditions and perspectives, all with the intention of helping the reader find a sense of deeper 'aliveness' in daily life.

Staying Alive While Living the Life Sue-Ann MacDonald, Benjamin Roebuck, 2018-11-01T00:00:00Z In *Staying Alive While Living the Life*, Sue-Ann MacDonald and Benjamin Roebuck unpack the realities of living on the streets from the perspective of homeless youth. While much is written about at-risk youth, most literature on youth homelessness reduces their lives to flattened images with little room for the diverse, complex and individual nature of their experiences. Challenging the dominant youth-at-risk conversation by putting forward a framework of survival and resilience, MacDonald and Roebuck illustrate the ways that young people who experience homelessness demonstrate tremendous resilience when facing adversity, social exclusion and various forms of oppression. Drawing on conversations with homeless youth, this book focuses both on the external constraints imposed on their lives as well as the ways young people understand their circumstances and their approaches to problem solving. The result is a nuanced analysis that puts human agency at its centre, allowing readers to explore the challenges young people face and the internal and external resources they draw upon when making decisions about their lives.

Coming Alive Barry Michels, Phil Stutz, 2017-08-22 "The tools Barry and Phil teach in *Coming Alive* gave me the courage and clarity to align myself with the truth—no matter how hard or painful it seemed at the time."—Gwyneth Paltrow Tap into the Life Force with this critical and contemporary guide to unlocking our most powerful selves—from the bestselling authors of *The Tools* (and *Goop's*

resident shrinks). Phil Stutz and Barry Michels's tools will be featured in an upcoming Netflix original documentary directed by Jonah Hill and co-produced by Joaquin Phoenix. In *The Tools*, Michels and Stutz revolutionized the world of personal growth. Now, in *Coming Alive*, they guide readers toward a wellspring of positive energy: the source of creativity, renewal, and engagement. The first step in gaining mastery over one's life—in deepening both emotional and spiritual experiences—is identifying the enemy within, which Michels and Stutz have named Part X. This formidable adversary is a shape-shifter: it may be the voice in your head that is a torrent of negativity; it may take the form of outside forces that conspire against you. In whatever guise it appears, Part X aims to derail your progress, keep you small and stuck, and defeat hope. The four vital tools in *Coming Alive* help you connect to the Life Force—a wellspring of positive energy that is the source of creativity, renewal, confidence, and engagement—and harness the energy and will to combat Part X. Drawing insights from their decades of psychotherapeutic practice, their lived experience, and their moving and generous understanding of our interconnectedness, Michels and Stutz have created a paradigm-shifting guide to achieving optimal mental health and spiritual well-being. Praise for *Coming Alive* "What a gift! A riveting exploration of four (bone-chillingly relatable) modern ailments and their thrillingly practical solutions . . . Singular in its approach and deeply spiritual in its concerns, *Coming Alive* is a book I'll be pressing on friends and foes alike."—Maria Semple, author of *Where'd You Go, Bernadette*

Remembering Migration Kate Darian-Smith, Paula Hamilton, 2019-08-10 This book provides the first comprehensive study of diverse migrant memories and what they mean for Australia in the twenty-first century. Drawing on rich case studies, it captures the changing political and cultural dimensions of migration memories as they are negotiated and commemorated by individuals, communities and the nation. Remembering Migration is divided into two sections, the first on oral histories and the second examining the complexity of migrant heritage, and the sources and genres of memory writing. The focused and thematic analysis in the book explores how these histories are re-remembered in private and public spaces, including museum exhibitions, heritage sites and the media. Written by leading and emerging scholars, the collected essays explore how memories of global migration across generations contribute to the ever-changing social and cultural fabric of Australia and its place in the world.

Pro-Life Equals Pro-Democracy William Baptiste, 2021-01-04 In a kind of “Sequel” to Aleksandr Solzhenitsyn’s *The Gulag Archipelago* (quoted throughout), with Solzhenitsyn’s intellect, honesty and intense passion for speaking Truth William Baptiste unravels 380 years of bad philosophy that has resulted in Marxism, anti-scientific Postmodernism developed by Marxists to protect Marxism from facts, and current Neo-Marxist Identity Politics which foments racial hatred, which all frequently accompany legal human-killing abortion, which was first legalized 100 Years ago in 1920

Marxist Soviet Russia as a prelude to legalizing the genocide of millions of William's ethnic heritage. Lincoln said, "A house divided against itself cannot stand . . . it will cease to be divided. It will become all one thing or all the other." The divisive fundamental incompatibility between democracy built on Equal Human Rights and legal slavery/legal abortion which both deny Equal Human Rights to all humans will incessantly scream for resolution, and in the end we will have to keep democracy and lose legal abortion (as we lost legal slavery), or else keep legal abortion and lose democracy. Jordan Peterson's fellow Canadian intellectual, non-partisan thinker & logician William Baptiste, is fed up with Pro-Choice 'Creeping Totalitarianism' taking away normal democratic freedoms of speech, expression, assembly, conscience & religion of Pro-Life Human Rights Advocates, including real doctors who follow the 2500-year Hippocratic Medical Tradition that doctors don't kill. Officially Pro-Choice political parties in his country and others keep asininely insisting the Abortion Debate (the Human Rights for All Humans Debate) is "settled" in their favor, all while they pass totalitarian laws making peaceful Pro-Life Human Rights Advocacy a crime in order to silence the Free Speech of Pro-Lifers. All because Pro-Choice politicians simply cannot win a respectful, intellectually honest, intelligent, rational, scientific and rigorously logical debate about abortion. Abortion which was first legalized by the evil Soviets & Nazis specifically because neither believed that killing humans is wrong. A proper, intelligent and intellectually honest Human-Rights-educated Abortion Debate (Human Rights for All Humans Debate) has never occurred, neither in the author's country nor anywhere else. Pro-Life Equals Pro-Democracy is William Baptiste's initial contribution to an honest, intelligent dialogue which actually considers and does not ignore established facts of Human Rights History and Biological Science; a dialogue which is conducted honestly according to sound logic, avoiding the logical fallacies of the intellectually dishonest (which include every single argument

typically proposed for legal abortion). Pro-Life Equals Pro-Democracy with its Intellectual Honesty Challenge intends to both ACTUALLY START and SUCCESSFULLY END the Human Rights for All Humans Debate (the Abortion Debate) Once and For All; and Proclaims THE THINKING REVOLUTION to Protect Free Democracy For Centuries. When judged according to the objective standards of Science and Logic - and undisputed facts of Human Rights History - the Pro-Choice position for legal abortion is revealed as not even remotely intellectually defensible, and not even remotely acceptable in a LASTING democracy, which can only last on Democracy's historic Pro-Life foundations. As Solzhenitsyn challenged the genocidal Marxist Soviet Communist Party, William Baptiste challenges every Pro-Choice Political Party which follows their legal human-killing abortion precedent to account for themselves before the public and repent of their totalitarian legal human-killing abortion evil - as intellectual honesty demands.

ALIVE Manuel Kretzer, Ludger Hovestadt, 2014-09-23 In times where the very concept of 'nature' is questioned not only in its philosophical dimension, but in the core of its biological materiality, we need to reconsider the interrelations between architecture and nature. This not only applies to strategies on environmental responsibility but equally on anticipatory human behavior and cultural or demographic variety. To address these challenges this book proposes to embrace the unknown and cultivate the architectural discipline towards an integrated and cross-disciplinary practice. It unravels compelling innovative and forward-thinking design narratives by leading international practitioners and researchers who investigate novel associations between architecture, nature and humanity for a future, alive architecture. Structured around the three closely cross-linked core themes "bioinspiration", "materiability", and "intelligence" the book engages with the

starting point of an emerging new design field, where the symbiosis of physics, biology, computing and design promises the redefinition of what we call architecture today.

Staying Alive—The Life and Times of an American Baby Boomer Part 2 Gene Baumgaertner, 2011-12-02 Staying Alive is the sequel to An Innocent Man The Life and Times of an American Baby Boomer. The first book explored growing up in the 1950s and 1960s. Staying Alive continues the adventure into the serendipitous 1970s. The same characters we enjoyed so much in An Innocent Man return and try to take the great leap from late adolescence into early adulthood. Follow our baby boomers as they struggle to survive college, avoid or cope with the Vietnam War, and eventually join mainstream society. Watch these reckless students try to turn themselves into budding professionals; struggle with marriage, child-rearing, and divorce; and try to survive the ups

and downs of the volatile 1970s. Totally submerged in their own lives and interests, they still cant avoid the impacts of multiple wars, two oil embargos, rampant inflation, on-again off-again recession, and other world and life-changing events. Follow Ed Bakers efforts to just keep staying alive, John Fitzmorriss transition from Vietnam to a normal life, Johnny Latellas desire to keep scoring on and off the athletic field, Jerry Prinzs simple desire to succeed in business, and Jack Fitzhughs tenacious struggle to turn bad luck into good. Will they survive the gyrating 1970s, and can they do it alone, or does friendship really make a difference?

Stayin' Alive Jefferson Cowie, 2010-09-14 Winner of the 2011 Merle Curti award, an epic account that recasts the 1970s as the key turning point in modern U.S. history, from the renowned historian A wide-ranging cultural and political history that will forever redefine a misunderstood decade, *Stayin' Alive* is prizewinning historian Jefferson Cowie's remarkable account of how working-class America hit the rocks in the political and economic upheavals of the 1970s. In this edgy and incisive book—part political intrigue, part labor history, with large doses of American music, film and television lore—Cowie, with “an ear for the power and poetry of vernacular speech” (Cleveland Plain Dealer), reveals America's fascinating path from rising incomes and optimism of the New Deal to the widening economic inequalities and dampened expectations of the present.

Alive and Kicking at All Ages Ulla Kriebelnegg, Roberta Maierhofer, Barbara Ratzenböck, 2014-06-30 The linking of age and ill-health is part of a cultural narrative of decline as age is often defined as the absence of good health. Research has shown that we are aged by culture, but we are also culturally made ill when we age. The cultural ambiguity of aging can thus deconstruct negative images of old age as physical decrepitude. This volume investigates the topic of

health within the matrix of time and experience by addressing issues such as how our understanding of health influences our notion of agency within a subversive deconstruction of normative age concepts, and what role the notion of health plays in such an interaction.
