Liberalism and Its Critics Michael J. Sandel, 1984-12 Much contemporary political philosophy has been a debate between utilitarianism on the one hand and Kantian, or rights-based ethic has recently faced a growing challenge from a different direction, from a view that argues for a deeper understanding of citizenship and community than the liberal ethic allows. The writings collected in this volume present leading statements of rights-based liberalism and of the communitarian, or civic republican alternatives to that position. The principle of selection has been to shift the focus from the familiar debate between utilitarians and Kantian liberals in order to consider a more powerful challenge to the rights-based ethic, a challenge indebted, broadly speaking, to Aristotle, Hegel, and the civic republican tradition. Contributors include Isaiah Berlin, John Rawls, Alasdair MacIntyre.

*Powerful Short Quotes & Sayings* Mazimum C Jerri, 2020-11-12  
Quotes are very powerful. On the surface, they are just a bunch of words but when you ponder over them they reveal powerful ideas that resonate with your very core. I mean someone did quote these words for a reason: ). Personally, one of the biggest reasons why I love quotes is because of how relatable they can be. Quotes tend to be simplistic and easy to remember and they echo what is in our hearts. Plus I think quotes are very effective to better yourself because they help your mind focus on particular topics at a time. Unlike other literary tools quotes, and short quotes, in particular, give you the ability to concentrate on one idea with no outside distractions. So whether it's for self-motivation, your next t-shirt design or simply for your Instagram bio, this collection of short quotes is full of powerful ideas packed into tiny little packages of words. They have made a profound positive impact in my life and I'm sure they will make one in yours as well.
