The Lightning Bugs Strike Back Sara Risita, 2010-04 Meet Fabio, a daydreaming mud beetle who's more interested in playing games with his friends than preparing for his future. Sara Risita, author of *The Lightning Bugs Strike Back*, introduces the game of soccer to the insect world in this tale of tiny bugs with big ambitions. Fabio, an Italian mud beetle, is tired of rolling mud balls, even though his mother nags that he will never find a girlfriend unless he can roll a perfect ball. When he chances on a human soccer match, an inspired Fabio flies back to tell his mud beetle friends about this cool game. What follows is an adventure of magnificent proportions when tarantulas, ants, wasps, fireflies, and many other fascinating insects join in and the Lightning Bug soccer team is formed. Not only do the mud beetles have fun playing soccer, but they also learn the value of good sportsmanship and discover the talent of making friends with those different from themselves. Moreover, in *The Lightning Bugs Strike Back*, the mud beetles realize that by working as a team, they can accomplish anything they set out to do.

Ayahuasca Joan Parisi Wilcox, 2003-10-10 A comprehensive autobiographical account of the transforming experiences possible with ayahuasca • Reveals the protocols of a traditional ayahuasca retreat and the importance of its ritual diet, isolation, and sacred songs • Relates an extensive personal account of the traditional indigenous use of ayahuasca for healing and revelation *Ayahuasca: The Visionary and Healing Powers of the Vine of the Soul* is an autobiographical account of the author's work with ayahuasca, a potent and sacred plant brew of the Amazon region that is known for its extraordinary visionary and healing powers. As she learned from her experience, with the help of ayahuasca we are able to grasp our paradoxical nature, the first step to acceptance of ourselves in both our glorious and dark aspects. Ayahuasca teaches us how to release the illusions we hold about ourselves and makes it possible to integrate our many diverse aspects to acquire our true power. This book reveals the ritual protocols that must be followed prior to partaking of ayahuasca, including the traditional preparatory "diet"--which requires enduring austere conditions, isolation, and only small amounts of bland food before receiving the powers of the plant spirit from an ayahuasquero, a healing master--and the sacred songs, icaros, that are sung when imbibing the substance. Although the use of ayahuasca is growing among "underground" spiritual seekers and through the burgeoning ayahuasca tourism trade in South America, few of its seekers understand how it is used traditionally and the importance of the rituals the indigenous people follow. With this book, the author hopes to restore the importance of these indigenous practices so that we may truly understand all the gifts of ayahuasca.
