

Lights And Sirens

Lights and Sirens Kevin Grange,2015-06-02 A true account of going through UCLA's famed Daniel Freeman Paramedic Program—and practicing emergency medicine on the streets of Los Angeles. Nine months of tying tourniquets and pushing new medications, of IVs, chest compressions, and defibrillator shocks—that was Kevin Grange's initiation into emergency medicine when, at age thirty-six, he enrolled in the “Harvard of paramedic schools”: UCLA's Daniel Freeman Paramedic Program, long considered one of the best and most intense paramedic training programs in the world. Few jobs can match the stress, trauma, and drama that a paramedic calls a typical day at the office, and few educational settings can match the pressure and competitiveness of paramedic school. Blending months of classroom instruction with ER rotations and a grueling field internship with the Los Angeles Fire Department, UCLA's paramedic program is like a mix of boot camp and med school. It would turn out to be the hardest thing Grange had ever done—but also the most transformational and inspiring. An in-depth look at the trials and tragedies that paramedic students experience daily, *Lights and Sirens* is ultimately about the best part of humanity—people working together to help save a human life.

Lights and Sirens Lisa Henry,2018 Paramedic Hayden Kinsella is single and the life of the party. He likes driving fast and saving lives, and he doesn't do relationships--he does hookups. Except he wouldn't hook up with copper Matt Deakin if he were the last guy on the planet. Hayden thinks the feeling is mutual . . . until clearing the air leads to a drunken one-night stand, which leads to something neither of them was expecting: a genuine connection. Police officer Matt Deakin moved to Townsville to take care of his elderly grandfather. In between keeping an eye on Grandad, renovating his house, and the demands of his job, he somehow finds himself in a tentative relationship with Hayden and very slowly gets to know the damaged guy beneath the happy-go-lucky persona. But the stressors of shift work, fatigue, and constant exposure to trauma threaten to tear Hayden and Matt apart before they've even found their footing together. In the high-pressure lives of emergency services workers, it turns out it's not the getting together part that's hard, it's the staying together.

No Lights, No Sirens Robert Cea,2012-12-18 A New York Police Officer's relentless journey into the criminal netherworld, told with brutal truth and honesty. Perhaps Nietzsche described Rob Cea's life best, way before he was born: Take care when chasing the animals; for you can very well become the animal you are chasing. No Lights, No Sirens is a sojourn so dirty and nasty it defies belief. Rob Cea starts off as an idealistic young cop, a true believer in the system for which he works tirelessly. He is sadly mistaken. The system he tried so hard to appease ultimately led to his downfall and the ruination of his life. What separates this from other cop—and—robber stories is the brutal authenticity from the cop himself. We will see and hear exactly what is discussed in a patrol car. We will see how the law was—and is—routinely bent to make collars stick any way possible. And we will see how Cea slowly spirals to depths of hell. No Lights, No Sirens is simplistic in its scope: A young idealistic boy becomes a man through fire, and then becomes exactly what he has been chasing for so long, a hardened man possessed by demons. With rapid fire and gritty narrative, Cea writes about his fall to the depths, and his salvation. We see the dark side of detective work in New York's most crime—riddled neighborhoods from a first-hand view never before seen.

Lights & Sirens James Cowan,Lois Cowan,1998 This time-saving reference offers practical information on 15 types of emergency professionals and their experiences, featuring chapters that focus on specific professions, such as dispatchers, dog handlers, forest and park rangers, firefighters, EMTs, paramedics, ER personnel and more; complete profiles of each occupation - job descriptions, qualifications, required skills, necessary equipment, special risks and jargon; charts, lists, sidebars and sample scenarios that help you save time and get the information right; medications and equipment commonly used at emergency scenes - from what they do, to exactly how they are administered; and a detailed glossary of emergency injuries and illnesses and how they are treated.

EMT Pat Ivey,2014-04-01 A cardiac technician takes you to the front lines of emergency medicine—from tragic car accidents to gunshot wounds—in this “fast-moving” memoir (Booklist). This book takes the reader to the front lines of medicine, from a serious automobile accident on a dark country road to a woman in cardiac arrest to a young man with near-fatal gunshot wounds. For these patients and countless others, treatment cannot wait until they are wheeled into a distant emergency room. If lives are to be salvaged, care must begin with the life-saving skills of Emergency Medical Technicians. “I could never work on a rescue squad,” is a statement the author has heard over and over throughout her years of squad service and readily admits it once described her own feelings. “If I can do it, so can you,” is her response to those whose fear and self-doubt hold them back. “Anything is possible.” EMT: Beyond the Lights and Sirens is more than a personal account of Pat Ivey's rescue squad experiences. It is a story of courage and hope and letting go of past losses. It is a book for anyone who has ever struggled to go beyond who they are. Step aboard the ambulance. Witness the tender moments amidst tragedy. Experience the joy and the anguish, and share the tears and laughter of volunteer rescue squad personnel who respond around the clock to the cries of others. In this heartwarming and compelling book, Pat Ivey takes the reader beyond the lights and sirens on a journey they will never forget.

Lights and Siren Joan E. Lloyd,Edwin B. Herman,1996 Dial 911 and they are there--the Emergency Medical Technicians, first to arrive on the scene and the lifeline to the E.R. Now, from two veterans of an upstate New York volunteer EMT unit, here is the true, firsthand account of the daily traumas, tragedies, and triumphs behind the Lights and Sirens.

Lights & Sirens Jeanine Hoffman,2013-06 Chloe Donny Donavon is a Firefighter/Paramedic who discovers an attraction to, Caitlin Caity, a dispatcher. She has known Caity for a few years but never thought of her as anything other than a friend and fellow member of the fire department. Their relationship goes against everything Donny has believed about keeping romantic entanglements away from the workplace, especially since she works with and supervises Caity's younger sister, Pauli. Kristi, who is Donny's mentor, supervisor, and friend at the station is behind Donny's sudden promotion - but that promotion could change her own career as well. Kristy is dealing with things from her past that she can no longer repress. How will that affect her relationships with her protege and crew? What happens when the strongest of the strong finds out that she can't remain an island forever? *Lights and Sirens* shows a crew of well meaning men and women who come together to battle fire, fight illness, injury, and death for others. Can they hold it together for one of their own?

Red Lights and Sirens Bob Henry,2009-06 In my years involved in EMS and the fire service, I have seen some things I never will forget. I took the opportunity to share a few of the stories as well as stories about my family. Some stories are funny, some are sad, but all will hopefully give you a brief glimpse into the life of a fire fighter/paramedic.

Lights To My Siren Lani Lynn Vale,2015-01-22 You're The Lights... Sebastian had one rule. No women on the back of his bike. Period. The one time he broke that rule, he killed the woman that was carrying his child. Then comes Baylee Roberts. She makes Sebastian want to break every single rule he'd ever implemented. Hell, but she even makes him consider that dreaded H word. A helmet. To My... Baylee Roberts innocently walked into her bathroom never expecting that she'd find a man in there. It is her bathroom after all, and she lives alone. From the instant he placed his hat on her head to protect her from the sun, Baylee's mind becomes filled with thoughts of a certain biker. She really shouldn't go there. There's no telling what kind of dangerous things he does for The Dixie Wardens MC. Siren... Nothing is ever as easy as it should be. Their relationship's one of them. Baylee's brother is a cop. Baylee's father is a cop. Which inevitably means that Baylee's going to have certain hang-ups about being with a man like himself. Sebastian has a lot on his plate with his busy job as a firefighter, a single father, and the vice president of The Dixie Wardens MC. Not enough, though, to keep him away from Baylee. When a series of arsons rattle their hometown and puts Sebastian's life on the line, Baylee finally realizes the only fire Sebastian can't put out is the one inside her heart.

Lights for Life, Sirens for Suffering LeeJean Heller,2020-11-09 When we are trained as first responders, it is impossible to be ready for everything we may be faced with. Commonly, a lot of it is covered by book learning, but the worst is not. How can anyone prepare you for some of the sights and pain you will experience? Each call is different, and the more years you serve, the more chances you will eventually be faced with hard-to-recover-from events. Balancing the good, bad, and ugly is sometimes difficult. We have a plan for many situations; however, there are those that are hard to believe even for seasoned but caring humans. These are the unforgettable events that some do not feel comfortable to even talk about, ever. Or they feel like they can but no one really wants to hear about it. Who can be prepared for arriving on the scene and it is their best friend, their mother, or their only son? Training can slip away and they can become a victim too. This book contains events and circumstances that can and do happen to us as first responders. However, it can and does happen to others too. I have found that talking about it with others helps tremendously. If we do not reach out to others, how can we expect them to know how or when to help us? I have also found, for me, helping others in similar circumstances helps me to heal. Working together with the police, fire, and EMS is a must. We are brothers and sisters, which means, a family. We are much more comfortable wearing the helper hat than the help-me hat. But first, we have to acknowledge, we are humans too. Thank you, Jonathan Peters, PhD, who not only encouraged my writing but helped me put it all together into a book.
