Smile with Knowledge Monalisa,2013-07-23 Already delayed at the point of origin, having missed a connecting flight, required to spend another night in an interim hotel in a foreign country, and now this! It was as if destiny was preparing him well for this journey of unknowns that he had embarked upon...As Gyana sat in the room alone and looked at the single window with bars, it felt like being in a jail, waiting to be rescued from suspicion. Will they be able to verify his paperwork and identity? Will they do it in a timely manner to enable him to continue with his travel plans? What will happen if they are not able to verify the documents? A multitude of questions played havoc on his mind, with no answers in sight. –excerpt from Smile with Knowledge Describing the ground realities faced by an Indian couple when they moved from India to the United States in the early 90's in an age without internet or cell phones, this is a first hand account of the life as foreign students in the U.S., along with its myriad perks and challenges. Relating a true story of success while balancing life on a shoestring budget, this is also a tale of small hopes, small pleasures, small battles, and small victories, and yet how all these small things together formed a memorable journey that was larger than life.

The Language of Italia Sheila Lopez,2019-01-23 Sheila Lopez was a California woman, well-traveled in the inner spaces of emotions and communication through her long career as a psychotherapist, but a complete novice in the world of travel. When she found herself single and retired, she set out on a true adventure, with Italy as her destination. In this travel memoir, Sheila details how she embarked down a winding road that led from the goal of teaching English as a foreign language, to becoming a student in an Italian language school in the center of Rome, Italy. Through personal letters and emails to friends at home, Sheila describes practical steps for planning an extended stay in a foreign country, the realities of attending a language school in a foreign country, and the importance of personal courage and determination when stepping far out of one's comfort zone.

Laughing at Wall Street Chris Camillo,2011-11-08 \$20,000 to \$2 million in only three years– the greatest stock-picker you never heard of tells you how you can do it too Chris Camillo is not a stockbroker, financial analyst, or hedge fund manager. He is an ordinary person with a knack for identifying trends and discovering great investments hidden in everyday life. In early 2007, he invested \$20,000 in the stock market, and in three years it grew to just over \$2 million. With *Laughing at Wall Street*, you'll see: •How Facebook friends helped a young parent invest in the wildly successful children's show, Chuggington–and saw her stock values climb 50% •How an everyday trip to 7-Eleven alerted a teenager to short Snapple stock–and tripled his money in seven days •How \$1000 invested consecutively in Uggs, True Religion jeans, and Crocs over five years grew to \$750,000 •How Michelle Obama caused J. Crew's stock to soar 186%, and Wall Street only caught up four months later! Engaging, narratively-driven, and without complicated financial analysis, Camillo's stock picking methodology proves that you do not need large sums of money or fancy market data to become a successful investor.

Everyone Needs an Editor (Some of Us More Than Others) Larry McCoy,2015-05-10 Rude, raucous and often funny in a newsroom, Larry McCoy has stuck to that winning combination in this memoir covering his life from an inexperienced writer at UPI to news director at CBS Radio to a retired journalist who is as appalled as non-journalists by what many news organizations consider news these days. Too old to be hired again now, he pokes fun at former employers and many of their products and practices. He denounces performance reviews, the U.S. media's obsession with the British royal family, broadcasters who talk down to their audience, journalists who make up stories, know-nothing bosses, and a universe where virtually everyone feels the need to tweet. Never comfortable swimming with the tide, McCoy says the best journalist he ever met didn't even finish high school and that newswomen may ask better questions than newsmen. As a public service to workers in all professions, he provides guidelines on how to write a smart, snappy note to your boss and, if that doesn't do the trick, to your boss's boss. But he has kind words for writers, producers, overseas stringers, desk assistants, technicians and, yes, even a few anchors.
