Leanness in Domestic Birds B. Leclercq, C. C. Whitehead, 2014-05-20 *Leanness in Domestic Birds: Genetic, Metabolic, and Hormonal Aspects* is a proceeding of a symposium held in Tours, France, from 4 to 6 August 1987. Said symposium was concerned with genetic and metabolic factors associated with leanness of poultry and accounts of research in these areas. The book is divided into six parts. Part I covers studies that involve genetics in the selection of meat leanness. Part II deals with the relationship of feed intake and metabolism

to the leanness of poultry. Part III discusses the lipid metabolism in birds and its related factors and effects. Part IV talks about the use of hormones such as insulin, thyroid hormones, and corticosteroids in the control of fatness in birds. Part V covers studies involving amino acid metabolism and its relation to leanness in poultry, and Part VI talks about the applications of the studies in commercial use. The text is recommended for zoologists, agriculturists, and poultry farmers who would like to know more about the different factors that affect the leanness of domestic birds and its implications.

I Know Why the Caged Bird Sings Maya Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Vesper Flights Helen Macdonald, 2020-08-25 The New York Times—bestselling author of *H is for Hawk* explores the human relationship to the natural world in this “dazzling” essay collection (Wall Street Journal). In *Vesper Flights*, Helen Macdonald brings together a collection of her best loved essays, along with new pieces on topics ranging from nostalgia for a vanishing countryside to the tribulations of farming ostriches to her own private vespers while trying to fall asleep. Meditating on notions of captivity and freedom, immigration and flight, Helen invites us into her most intimate experiences: observing the massive migration of songbirds from the top of the Empire State Building, watching tens of thousands of cranes in Hungary, seeking the last golden orioles in Suffolk’s poplar forests. She writes with heart-tugging clarity about wild boar, swifts, mushroom hunting, migraines, the strangeness of birds’ nests, and the unexpected guidance and comfort we find when watching wildlife.
