His innovations can be experienced in every tube of lipstick, palette of eye shadow, and bottle of nail lacquer used today. Red Lipstick Laxmi,Pooja Pande,2016-08-16 The world keeps taunting him as girlish but the fact is that, biologically, he is a boy. And, he is always attracted to guys. Is Laxmi both a man and a woman? Or, perhaps, neither a man nor a woman? The first inklings and stirrings of lust that Laxmi remembers came from noticing big, strong arms, the hint of a guy's moustache over his lips, billboards that advertised men's underwear. Laxmi found this puzzling initially. Was there a woman inside him who couldn't really express herself because of some last-minute mix-up that god did at the time of his birth? Struggling with such existential questions, Laxmi Narayan Tripathi, eminent transgender activist, awakens to her true self: She is Laxmi, a hijra. In this fascinating narrative Laxmi unravels her heart to tell the stories of the men-creators, preservers, lovers, benefactors, and abusers-in her life. Racy, unapologetic, dark and exceptionally honest, these stories open a window to a brave new world.

The Red Menace Ilise S. Carter,2021-11-15 In America, lipstick is the foundation of empires; it's a signature of identity; it's propaganda, self-expression, oppression, freedom, and rebellion. It's a multi-billion-dollar industry and one of our most iconic accessories of gender. This engaging and entertaining history of lipstick from the colonies to the present will give readers a new view of the little tube's big place in modern America from defining the middle class to building Fortune 500 businesses to being present at Stonewall and being engineered for space travel. Lipstick has served

as both a witness and a catalyst to history; it went to war with women, it gave women of color previously unheard-of business opportunities, and was part of the development of celebrity and mass media. In the Twentieth Century alone, lipstick evolved from a beauty secret for a select few to a required essential for well turned-out women but also a mark of rock 'n' roll rebellion and a political statement. How has this mainstay of the makeup kit remained relevant for over a century? Beauty journalist Ilise S. Carter suggests that it's because the simple lipstick says a lot. From the provocative allure of a classic red lip to the powerful statement of drag, the American love affair with lipstick is linked to every aspect of our experience of gender, from venturing into the working world or running for the presidency. *The Red Menace* will capture all of those dimensions, with a dishy dose of fabulosity that makes it a must-read for lipstick's fiercest disciples, its harshest critics, and everyone in between.

Gurus and Media Jacob Copeman, Arkotong Longkumer, Koonal Duggal, 2023-09-25 *Gurus and Media* is the first book dedicated to media and mediation in domains of public guruship and devotion. Illuminating the mediatisation of guruship and the guru-isation of media, it bridges the gap between scholarship on gurus and the disciplines of media and visual culture studies. It investigates guru iconographies in and across various time periods and also the distinctive ways in which diverse gurus engage with and inhabit different forms of media: statuary, games, print publications, photographs, portraiture, films, machines, social media, bodies, words, graffiti, dolls, sound, verse, tombs and more. The book's interdisciplinary chapters advance, both conceptually and ethnographically, our understanding of the function of media in the dramatic production of guruship, and reflect on the corporate branding of gurus and on mediated guruship as a series of aesthetic traps for the captivation of devotees and others. They show how different media can further enliven the complex plurality of guruship, for instance in instantiating notions of 'absent-present' guruship and demonstrating the mutual mediation of gurus, caste and Hindutva. Throughout, the book foregrounds contested visions of the guru in the development of devotional publics and pluriform guruship across time and space. Thinking through the guru's many media entanglements in a single place, the book

contributes new insights to the study of South Asian religions and to the study of mediation more broadly. Praise for *Gurus and Media* 'Sight, sound, image, narrative, representation and performance in the complex world of gurus are richly illuminated and deeply theorised in this outstanding volume. The immensely important, but hitherto under-explored, visual and aural dimensions of guru-ship across several religious traditions have received path-breaking and wide-ranging treatment by best-known experts on the subject.' Nandini Gooptu, University of Oxford 'Gurus and Media casts subtle light on a phenomenon that too often shines so brightly that it is hard to see. This collection is a tremendously rich resource for anyone trying to make sense of that ambiguous zone where authority appears at once as seduction and as salvation, as comfort and as terror.' William Mazzarella, University of Chicago 'This remarkable collection uses the figure of the mass-mediated guru to throw light on how modern Hindu mobilization generates a highly diverse set of religious charismatics in India. Because of the diversity of the contributors to this volume, the book is also a moveable feast of cases, methods and cultural styles in a major cultural region.' Arjun Appadurai, Emeritus Professor of Media, Culture and Communication, New York University

Red Lipstick Rachel Felder, 2019-04-09 A unique, full-color compendium that celebrates and explores the enduring power and allure of the world's most iconic lip shade, jam-packed with entertaining stories, anecdotes, little-known facts, quotes, and more than 100 gorgeous images culled from fine art, photography, and beauty and fashion editorial and advertising. "Pour yourself a drink, put on some lipstick, and pull yourself together." — Elizabeth Taylor Lipstick is the one makeup item most women can't live without—and the most iconic shade is red. Exuding power, sensuality, allure, and mystery, red lips have been a constant of fashion for more than 5,000 years, beginning with Mesopotamian women around 3500 B.C. Throughout the ages, red lipstick has been a signature look worn by royalty, celebrities, and real women across cultures and geography. In fact, nearly all women own a tube of red lipstick, whether it's the favorite shade they've been wearing devotedly for years, or as beauty boost they use for special occasions. Filled with a show-stopping selection of images and distinctively packaged—the size of a clutch, with a jacket printed with a matte, velvet, red finish—Red Lipstick is the only cultural history of this makeup essential available. Granted unprecedented access to experts and the archives of revered brands like Chanel and Elizabeth Arden, beauty writer Rachel Felder explores the origins and allure of red lipstick and illuminates its association with aristocracy, sex appeal, illicit sexuality, rebellion, power, glamour, fame, and beauty. She also spotlights the fascinating array of women who have worn it through the ages, including monarchs, suffragettes, flappers, working women in World War II, first ladies, political leaders, geishas, Hollywood sirens, rock and rollers, fashionistas, and more. Inside this enthralling book, you'll discover why red lipstick makes women more attractive to others (and the science behind it); tips on choosing the most perfect shade of crimson; and a wealth of anecdotes, quotations, select literary excerpts, and trivia, such as the shade Carolyn Bessette Kennedy wore on her wedding day. Red Lipstick is packed with a museum's worth of fine art, including both Man Ray's photograph "Red Badge of Courage" and infamous painting "Les Amoureux;" lush, rarely seen vintage magazine advertisements from stalwart brands like Guerlain and Dior; illustrations by renowned fashion illustrators such as René Gruau, Daisy Villeneuve, and Bil Donovan; artists Dante Gabriel Rossetti, Edgar Degas, Ernst Ludwig Kirchner, Wayne Thiebaud, and Walt Kuhn; and images of famous red lipstick wearers including Cleopatra, Queen

Elizabeth II, Coco Chanel, Grace Kelly, Marilyn Monroe, Audrey Hepburn, Madonna, Diana Vreeland, Rihanna, Paloma Picasso, and many others. With its captivating, chic design, beautiful selection of visuals, and engaging, entertaining text, Red Lipstick is a classic, like the perfect red lip shade itself.

Lipstick Jessica Pallington, 1999 Lipstick may just be a concoction of grease and pigment in a fancy tube to some, but for any serious girl it is so much more than a simple cosmetic. Lipstick, more than any other item of make-up, represents hopes, dreams, sex appeal, confidence, daring, make-believe. Lipstick IS womanhood and many women would not dream of facing the world without their lipstick carefully applied. Every time a woman purchases a lipstick she is buying into the dream that this particular shade and texture will make her lips look sexier and more alluring than she had ever dared imagine, even though she probably has several lipsticks in much the same shade. It is no surprise that lipstick sales outnumber those for other beauty products by 4 to 1. Now comes a fitting homage to this most sensual of beauty products from a self-confessed lipstickaholic. LIPSTICK the book is much like the product - fun, sensual, daring, wicked and, of course, KNOWING. From the history of lipstick from Egyptian times onwards, to the allure of lipstick from a man's point of view, to lipstick in movies, art and history, this is a semi-serious study of what many would consider the ultimate accessory and an unsung influence in our culture. LIPSTICK also provides practical tips on how to buy and apply lipstick, what your lipstick shape says about you, what exactly it is made of, how to make your own, how companies name lipsticks and all the other tricks of the trade. Beautifully illustrated with a plethora of pouting lips, and designed to look cute and desirable, this is the ultimate valentine to this emotionally powerful component of a woman's life.
