The Cartiers Francesca Cartier Brickell,2019-11-26 “A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark.”—The Economist The captivating story of the family behind the Cartier empire and the three brothers who turned their grandfather’s humble Parisian jewelry store into a global luxury icon—as told by a great-granddaughter with exclusive access to long-lost family archives “Ms. Cartier Brickell has done her grandfather proud.”—The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty—four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was “Never copy, only create” and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men’s wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world’s best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family’s history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm’s most iconic jewelry—the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces—and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty’s founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

None Shall Sleep Ellie Marney,2020-09-01 The Silence of the Lambs meets Sadie in this riveting psychological thriller about two teenagers teaming up with the FBI to track down juvenile serial killers. In 1982, two teenagers—serial killer survivor Emma Lewis and US Marshal candidate Travis Bell—are recruited by the FBI to interview convicted juvenile killers and provide insight and advice on cold cases. From the start, Emma and Travis develop a quick friendship, gaining information from juvenile murderers that even the FBI can't crack. But when the team is called in to give advice on an active case—a serial killer who exclusively hunts teenagers—things begin to unravel. Working against the clock, they must turn to one of the country's most notorious incarcerated murderers for help: teenage sociopath Simon Gutmunsson. Despite Travis's objections, Emma becomes the conduit between Simon and the FBI team. But while Simon seems to be giving them the information they need to save lives, he's an expert manipulator playing a very long game...and he has his sights set on Emma. Captivating, harrowing, and chilling, None Shall Sleep is an all-too-timely exploration of not only the monsters that live among us but also the monsters that live inside us.

Inside Radio: An Attack and Defense Guide Qing Yang,Lin Huang,2018-03-19 This book discusses the security issues in a wide range of wireless devices and systems, such as RFID, Bluetooth, ZigBee, GSM, LTE, and GPS. It collects the findings of recent research by the UnicornTeam at 360 Technology, and reviews the state-of-the-art literature on wireless security. The book also offers detailed case studies and theoretical treatments - specifically it lists numerous laboratory procedures, results, plots, commands and screenshots from real-world experiments. It is a valuable reference guide for practitioners and researchers who want to learn more about the advanced research findings and use the off-the-shelf tools to explore the wireless world.

Headquarters and Subsidiaries in Multinational Corporations S. Johnston,2005-07-31 In the global business environment, new organizational forms come and go but in today's multinational corporations the headquarters-subsidiary link remains the primary channel by which the firm is managed. It facilitates strategy, control and coordination, and smoothes the progress of inter-unit product, personnel, factor and knowledge flows of every kind. Using data from CEOs of a large sample of Australian subsidiaries of foreign firms, this book brings new insights into the nature of this vital corporate relationship.

The Disneyland Encyclopedia Chris Strodder,2017-04-11 Completely updated and expanded with over 50 new entries and 300 new photos, The Disneyland Encyclopedia spans the entire history of the park, from its founding more than 50 years ago to the present day. This fascinating book features detailed explorations of 600 Disneyland topics, including lands, attractions, restaurants, stores, events, and significant people. Each of the main encyclopedia entries illuminates the history of a Disneyland landmark, revealing the initial planning strategies for the park’s iconic attractions and detailing how they evolved over the decades. Enriching this unique A-to-Z chronicle are profiles of the personalities who imagined and engineered the kingdom known as “The Happiest Place on Earth.” Discover unbuilt concepts, including Liberty Street, Rock Candy Mountain, and Chinatown, and delight in fascinating trivia about long-lost Disneyland features, from the real rifles in the shooting gallery that was once located on Main Street to the jet-packed Rocket Man who flew above Tomorrowland. The new “Mouscellany feature adds fun facts, hidden secrets, and odd trivia to the third edition. Overflowing with meticulously researched details and written in a spirited, accessible style, The Disneyland Encyclopedia is a comprehensive and entertaining exploration of the most-influential, most-renovated, and most-loved theme park in the world!

Teach Yourself VISUALLY LinkedIn Lance Whitney,2014-07-22 A complete visual guide to the world's largest professional network Teach Yourself VISUALLY LinkedIn is your guide to becoming a part of the world's largest professional network, with over 259 million users across 200 countries and territories. Using full-color screen shots, this visually rich guide provides step-by-step instructions that show you how to get the most out of the myriad tools and features LinkedIn has to offer. The book is organized for quick, easy navigation, and written in clear, concise language that allows you to get up to speed quickly. LinkedIn has become the premier destination both for those seeking employment, and those looking to employ others. A professional take on social media, the site allows users to post resume-like profiles and network with others in their fields, connecting with past,

present, and potentially future colleagues. LinkedIn is growing at a rate of two users per second, making it a major hub and networking tool for those looking to establish, maintain, or grow a professional network. This guide discusses the purpose and benefits of LinkedIn, and shows you how to set up a professional profile that will stand out from the crowd. Topics include: Setting up your account Adding endorsements and recommendations Networking with colleagues Posting status updates Showing off your strengths, talents, and accomplishments is an important part of networking, and interacting with others in your industry is an excellent way to get your name out there and make new contacts. LinkedIn facilitates both, allowing you to broaden your reach without leaving your desk. Teach Yourself VISUALLY LinkedIn helps you get on board today.

Tour of the Jungfrau Region Kev Reynolds, 2018-06-16 This guidebook describes a 111km circuit amid some of the most spectacular mountain scenery in all the Swiss Alps. The Tour of the Jungfrau Region is described as a clockwise hut-to-hut circuit, beginning at Schynige Platte and ending at Wilderswil, broken into 10 stages (with a number of high and low-level alternatives offered). The route is suitable for hikers with some alpine experience. The 111km trek takes you in a horseshoe loop through the Bernese Oberland's most spectacular mountain scenery, in the shadow of such iconic peaks as Wetterhorn, Eiger, Monch and Jungfrau. In a journey of 9 to 10 days the Tour visits pastures, ridges, summits and passes, skirts exquisite mountain lakes and gazes on waterfalls, gorges and glaciers. The guide contains all the information needed, including a trek planner, maps and profiles. On practically every stage modestly priced dormitories are available and, as meals are provided everywhere, walkers can trek unencumbered by heavy rucksacks.

Lite Smart Namecard Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
