Chasing Little Dragons Michael Farnum,2018-10-12 Can an unintended out-of-body experience be just as real as your everyday physical consciousness, or become even greater? Are inter-dimensional beings real, or just the figment of some very overactive, possibly psychotic imaginations? Is it the Wonder Twins who need protection, or do Mommy and Daddy and the world need protecting from them, and their sometimes-evil sidekick? And who the heck is Mister Daddy Number Two, and his gorgeous wife? Find out all this and more in: Chasing Little Dragons, a Parents' Guide to Dealing with Uniquely-gifted Children . . .

The Little Dragons Rowan Starsmith,2021-05

Before the Kings came, the People of the Land had an agreement with the Dragons negotiated by the Dragon Priestesses, who could communicate with those fearsome beasts through their familiars, the Little Dragons. The Kings, however, knew only the way of the sword. In their war against the Dragons, they killed their smaller cousins as well, along with the Priestesses who cared for them. The revenge of the Dragons was disastrous for both peoples, forcing everyone to live their lives at night, when the Dragons sleep in their caves in the mountains. Mother Peg, a Senior Healer of the Earth People, is determined to track down the persistent rumours that some of the doomed Dragon Priestesses shared their knowledge with Healers who sheltered them. On the other side of the Realm, powerful King Anglawart of the Westlands, as determined as Mother Peg to find the Little Dragons, sends a search expedition to the mountains. Others become caught up in the quest: Kind Anglawart's spirited wife, Queen Melisande, and their daughter, Liandra, apparently pregnant, although she denies ever lying with a man; Mother Peg's servant, Maida, who dreams of becoming a Healer despite her origins as the daughter of a cheesemaker; Gleve, a newly confirmed Healer worried about what will happen to his beloved elderly teacher, Father Mallory, when he leaves; Keiran of Hanford, who survives the dangers of the King's expedition to the Dragon caves, only to be beaten and left for dead by his own companions; Jessa and Ev, two lowly servants in the Women's Retreat House, where young noble women commit themselves to craft and prayer, and widows retire

to live out their days. Danger surrounds each of these people, from not only the Dragons, but one another. They cannot know that each bears a unique clue to the secret knowledge of the Dragon Priestesses.

Big Dragon, Little Dragons: China's Challenge to the Machinery Exports of Southeast Asia Sjamsu Rahardja, 2007 Abstract: This paper investigates

the extent of China's export boom in machinery and analyzes trade in components and finished machinery between China and Southeast Asia. China has increased its world market share in machinery exports. The median relative unit value of its finished machinery exports has also risen. Yet the author finds no evidence that China's expansion in the world machinery market has squeezed the market shares of Southeast Asian machinery exports. Instead, components made by Southeast Asian countries are increasing in unit value and gaining market share in China.
