The Creative Wealth of Nations Patrick Kabanda,2018-05-17 Development seen from a more holistic perspective looks beyond the expansion of material means and considers the enrichment of people's lives. The arts are an indispensable asset in taking a comprehensive approach toward the improvement of lives. Incorporating aspects of international trade, education, sustainability, gender, mental health and social inclusion, The Creative Wealth of Nations demonstrates the diverse impact of applying the arts in development to promote meaningful economic and social progress. Patrick Kabanda explores a counterintuitive and largely invisible creative economy: whilst many artists struggle to make ends meet, the arts can also be a promising engine for economic growth. If nations can fully engage their creative wealth manifested in the arts, they are likely to reap major monetary and nonmonetary benefits from their cultural sector. Drawing from his own experience of the support music provided growing up amidst political and economic turmoil in Uganda, Kabanda shows us the benefits of an arts-inclusive approach to development in Africa, and beyond.

Learning to Pray James Martin, 2021-02-02 NEW YORK TIMES BESTSELLER "A smart, wise, often side-splittingly funny master class in seeking God. Any spiritual seeker—from atheist to professional religious—will cherish this bravura tome from one of our great spiritual guides, in the lineage of C. S. Lewis, Henri Nouwen, Thomas Merton, Gandhi, and Mother Teresa. Hallelujah & amen!"—Mary Karr, author of *Lit and The Liar's Club* One of America's most beloved spiritual leaders and the New York Times bestselling author of *The Jesuit Guide to (Almost) Everything* and *Jesus: A Pilgrimage* teaches anyone to converse with God in this comprehensive guide to prayer. In *The Jesuit Guide to (Almost) Everything*, Father James Martin included a chapter on communicating with God. Now, he expands those thoughts in this profound and practical handbook. *Learning to Pray* explains what prayer is, what to expect from praying, how to do it, and how it can transform us when we make it a regular practice in our lives. A trusted guide walking beside us as we navigate our unique spiritual paths, Martin lays out the different styles and traditions of prayer throughout Christian history and invites us to experiment and discover which works best to feed our soul and build intimacy with our Creator. Father Martin makes clear there is not one secret formula for praying. But like any relationship, each person can discover the best style for building an intimate relationship with God, regardless of religion or denomination. Prayer, he teaches us, is open and accessible to anyone willing to open their heart.

From Additive Manufacturing to 3D/4D Printing Jean-Claude André, 2017-12-27 With a turnover of some 5-15 billion € / year, the additive manufacturing has industrial niches bearers thanks to processes and materials more and more optimized. While some niches still exist on the application of additive techniques in traditional fields (from jewelry to food for example), several trends emerge, using new concepts: collective production, realization of objects at once (without addition of material), micro-fluidic, 4D printing exploiting programmable materials and materials, bio-printing, etc. There are both opportunities for new markets, promises not envisaged less than 10 years ago, but difficulties in reaching them.
