Here We Go Gathering Cups In May Nicky Allt,2007-09-06 Seven European Cup finals. Seven fans. Seven amazing adventures following the team they love. This book celebrates the achievements of Liverpool FC in Europe, and in particular a love affair with Old Big Ears - the European Cup. It's an ongoing affair that began with the legendary and, in those days, unprecedented exodus of 30,000 Liverpool fans to Rome in 1977, has taken in the glories of Paris and Istanbul, endured the horror of Brussels, and still burns as brightly today with Athens 2007, just the latest staging post of Liverpool's trans-European express. Above all, *Here We Go Gathering Cups In May* tells of the bond between a club and its fans: the lengths those fans will go to in order to be there at the final to cheer on their team, vivid accounts of what happened along the way, their escapades in some of Europe's iconic capitals, and their recollections of those historic nights – nights of glory and, sometimes, nights of tragedy.

Football Supporters and the Commercialisation of Football Peter Kennedy,David Kennedy,2014-07-16 As football clubs have become luxury investments, their decisions increasingly mirror those of any other business organisation. Football supporters have been encouraged to express their club loyalty by 'thinking

business' - acting as consumers and generating money deemed necessary for their clubs to compete at the highest levels. In critical studies, supporters have been portrayed as passive or reluctant consumers who, imprisoned by enduring club loyalties, embody a fatalistic attitude to their own exploitation. As this book aims to show, however, such expressions of loyalty are far from hegemonic and often interface haphazardly with traditional ideas about what constitutes the 'loyal fan'. While there is little doubt that professional football is experiencing commodification, the reality is that football clubs are not simply businesses, nor can they ever aspire to be organisations driven solely by expanding or protecting economic value. Rather, clubs hover uncertainly between being businesses and community assets. *Football Supporters and the Commercialisation of Football* explores the implications of this uncertainty for understanding supporter resistance to, and compromise with, commodification. Every club and its supporters exist in their own unique national and local contexts. In this respect, this book offers a Euro-wide comparison of supporter reactions to commercialisation and provides unique insight into how football supporters actively mediate regional, local and national contexts, as they intersect with the universalistic presumptions of commerce. This book was previously published as a special issue of *Soccer and Society*.

We're Everywhere, Us Sachin Nakrani,2015-08-01 A diary of Liverpool Football Club's 2014/15 season, with a difference. The book may kick off with a chapter on the season opener and end with the last game; but this diary isn't written by a single author. Nor does it focus heavily on the actual football. Instead, *We're Everywhere, Us* is a collaboration - a compilation of pieces offering a different personal take on what it means to support Liverpool. Friendship. Family. Travel. Tragedy. Work. Each piece is a long, rich read, completely unique and distinct from those that precede and follow it. Some of the finest writers on Liverpool FC are involved, including Simon Hughes, Kevin Sampson, Melissa Reddy, Paul Tomkins, Mike Nevin and Steve Kelly. There are also contributions from Liverpool supporters living abroad, which gives *We're Everywhere, Us* a truly international feel - while opposition fans add yet another perspective on Liverpool FC's season, our captivating city and proud history.

Football's Better with Fans Antony Rickson,2021-09-06 Football stadiums are supposed to be packed

with cheering fans. It was that way for more than 100 years until the coronavirus pandemic changed all our lives. Football managed to struggle on at some levels but without crowds - just cardboard cut-outs and fake noise instead. There was even a half measure for a while with a couple of thousand spectators allowed in. A banner at Old Trafford read, 'Football is nothing without fans', but what we discovered is that it isn't nothing, it's just better with fans there. Filled with fascinating stories, anecdotes, opinions and social media comments, Football's Better with Fans explores what it means to be a supporter. It's a light-hearted and highly dipppable look at the lives of loyal fans, the fun and games they've enjoyed, their songs, banter, commitment, tattoos and traditions. The book doesn't shy away from tragedies, hooliganism or racism, but mainly it's a joyful celebration of football fandom and how we all survived when we couldn't go to games.

The Kop: Liverpool's Twelfth Man Stephen F Kelly,2011-06-30 'When The Kop is roaring it really is like having a twelfth man out there on the pitch. They're the best fans in the country - by miles.' Jamie Carragher The Spion Kop is one of the most famous, emotive and atmospheric vantage points in all of sport. The one-time terracing that could 'suck the ball into the net' - in Bill Shankly's immortal phrase - still inspires and intimidates today. Once the home of more than 25,000 swaying, singing, standing Kopites, it's now seated and can hold merely half that number, but its magic still remains. In this fully revised and updated edition, Stephen F Kelly uses eyewitness testimonies from Kopites, policemen, cleaners and referees as well as newspaper reports and the recollections of players and managers to trace the history of this amazing and fascinating stand - each anecdote wonderfully evoking the spirit of the changing times

the Kop has experienced. Stirring, emotional and marvellously readable, The Kop is a must for any Liverpool fan and anyone interested in what it means to be a supporter of any football club.
