**Nordisk kriminalkrönikा 1993** - Diverse,2019-04-12 Nordisk kriminalkrönikा speglar den verklighet som brottsoffer och polis möter. Det är redaktionens målsättning att förmedla en sann bild av kriminalitetens utbredning, både de allvarligaste och mest frånstötande brotten och smärre händelser som annars blir en siffra i statistiken. Som alltid berättas våra artiklar av erfarna och kunniga polismän och åklagare, som i de flesta fall medverkat till att lösa de olika fallen. I Nordisk kriminalkrönikा berättar poliser själva om sina mest uppmärksammade, omskakande, och svåra fall. Nordisk Kriminalkrönikा är ett historiskt verk. Berättelserna och samlingarna är uttryck för den samtid som de skrevs i, och kan i enstaka fall ha föråldrat eller kontroversiellt innehåll. Eventuellt stötande material är inte uttryck för förlagets hållning.

**Working Together: Skills and Labour Market Integration of Immigrants and their Children in Sweden** OECD,2016-05-13 With 16% of its population born abroad, Sweden has one of the larger immigrant populations among the European OECD countries. This report looks at the challenges of integrating migrants and their families into the Swedish labour market.

Raoul Wallenberg Ingrid Carlberg,2016-03-08 An honorary citizen of the United States and Canada, and designated as one of the Righteous Among the Nations by Israel, Raoul Wallenberg was a modest envoy to Hungary whose heroism in Budapest at the height of the Holocaust saved countless Jewish lives, and ultimately cost him his own. A series of unlikely coincidences led to the appointment of Wallenberg, by trade a poultry importer, as Sweden's Special Envoy to Budapest in 1944. With remarkable bravery, Wallenberg created a system of protective passports, and sheltered thousands of desperate Jews in buildings he claimed were Swedish libraries and research institutes. As the war drew to a close, his invaluable work almost complete, Wallenberg voluntarily went to meet with the Soviet troops who were relieving the city. Arrested as a spy, Wallenberg disappeared into the depths of the Soviet system, never to be seen again. In this definitive biography, noted journalist Ingrid Carlberg has carried out unprecedented research into all elements of Wallenberg's life, narrating with vigor and insight the story of a heroic life, and navigating with wisdom and sensitivity the truth about his disappearance and death.

**Migrant Youth, Transnational Families, and the State** Lauren Heidbrink,2014-06-16 Each year, more than half a million migrant children journey from countries around the globe and enter the United States with no lawful immigration status; many of them have no parent or legal guardian to provide care and custody. Yet little is known about their experiences in a nation that may simultaneously shelter children while initiating proceedings to deport them, nor about their safety or well-being if repatriated. Migrant Youth, Transnational Families, and the State examines the draconian immigration policies that detain unaccompanied migrant children and draws on U.S. historical, political, legal, and institutional practices to contextualize the lives of children and youth as they move through federal detention facilities, immigration and family courts, federal foster care programs, and their communities across the United States and Central America. Through interviews with children and their families, attorneys, social workers, policy-makers, law enforcement, and diplomats, anthropologist Lauren Heidbrink foregrounds the voices of migrant children and youth who must navigate the legal and emotional terrain of U.S. immigration policy. Cast as victims by humanitarian organizations and delinquents by law

enforcement, these unauthorized minors challenge Western constructions of child dependence and family structure. Heidbrink illuminates the enduring effects of immigration enforcement on its young charges, their families, and the state, ultimately questioning whose interests drive decisions about the care and custody of migrant youth.

Vikten av gener Karin Bojs, Anna Bratt, 2012-01-25 Fetma och övervikt är ärftligt – bland de mest ärftliga tillstånd som genetiken känner till. Våra gener styr i vilken mån vi är känsliga för fett, kolhydrater och för lite motion. Vårt DNA ger oss olika förutsättningar. Ändå handlar diskussionen om övervikt ofta om att stoppa in alla människor i samma mall. Samtidigt som bantningsgurus från olika läger har grälat med varandra har genetiken gjort dramatiska framsteg. Forskare har ringat in ett trettiotal gener som påverkar övervikt och fetma. Vi står på tröskeln till det som kallas "personlig medicin" – medicinsk vård som är skräddarsydd efter individens genetiska förutsättningar. Vikten av gener är den första bok som behandlar fetma och övervikt i detta perspektiv. Den berättar sakligt och lättfattligt om bantning, övervikt och människans DNA. Den går grundligt igenom vilka metoder som har vetenskapligt stöd. Här finns genforskningens – delvis mörka – historia, men också nutidens mest spektakulära forskningsfront, liksom handfasta råd om mat och motion. Ibland är den spännande som en deckare, och det är ju förvånande med tanke på att det är en faktabok om genetik som ligger intill mig i sängen ... De öppnar dörren till en smärt svindlande värld, där vi går mot en framtid med skräddarsydda mediciner utifrån var och ens genuppsättning. Uppsala Nya Tidning Vikten av gener är i högsta grad en aktuell, påläst, tankeväckande och viktig liten bok. Linköpings Tidning Författarna är två synnerligen kompetenta vetenskapsjournalister, anställda på Dagens Nyheter, som systematiskt uppdaterar kunskapsläget om genetikens betydelse för vikt och viktutveckling.
