Agonist Jason A. Adams,2018-09-13 Loanshark Frank Powers lives by two simple philosophies: Loyalty to friends. You sign, you're mine. Go back on your word, and Frank pays you a visit. If he likes you, and if he believes you, the brass syringe stays in his pocket. Now Frank must become a savior instead of a shylock. Many lives now depend on his strength and old skills shaken free of mothballs. Gangsters, guns, girls, and greed. Agonist rides a rollercoaster through the dips and dives of rage and redemption.

Canyon of Sorrow Jim Hatfield,2005-04 Set on the banks of the Rio Grande River in the old New Mexico Territory, Simon ran his infamous resort-brothel which brought him his tainted fortune and perceived power over the people of Taos. It was virtually impossible to stand up to this sadistic tyrant and his ruthless band of thugs. Even the church, who exercised a strong degree of power and influence in those developing years of western expansion, could not influence his depraved course. He was an ambitious man with the amoral attitude of the local rattle snakes that were indigenous to the region. Each of the numerous visitors passing through, who enjoyed the relaxation and pleasure of his sinful stop of gratification, had a story to tell, but Canyon of Sorrow concentrates on the dark and tragic way that one man touched so many, and his devious actions through might and control resulted in a horrific conclusion that is talked about to this day.

Loan Sharks Charles R. Geisst,2017-04-04 Predatory lending: A problem rooted in the past that continues today. Looking for an investment return that could exceed 500 percent annually; maybe even twice that much? Private, unregulated lending to high-risk borrowers is the answer, or at least it

was in the United States for much of the period from the Civil War to the onset of the early decades of the twentieth century. Newspapers called the practice loan sharking because lenders employed the same ruthlessness as the great predators in the ocean. Slowly state and federal governments adopted laws and regulations curtailing the practice, but organized crime continued to operate much of the business. In the end, lending to high-margin investors contributed directly to the Wall Street crash of 1929. *Loan Sharks* is the first history of predatory lending in the United States. It traces the origins of modern consumer lending to such older practices as salary buying and hidden interest charges. Yet, as Geisst shows, no-holds barred loan sharking is not a thing of the past. Many current lending practices employed today by credit card companies, payday lenders, and providers of consumer loans would have been easily recognizable at the end of the nineteenth century. Geisst demonstrates the still prevalent custom of lenders charging high interest rates, especially to risky borrowers, despite attempts to control the practice by individual states. Usury and loan sharking have not disappeared a century and a half after the predatory practices first raised public concern.

The Digger's Game George V. Higgins, 2012-03-06 A riveting George V. Higgins masterpiece about Jerry Doherty and his trip to Vegas that puts him eighteen grand in the hole. Jerry Digger Doherty is

an ex-con and proprietor of a workingman's Boston bar, who supplements his income with the occasional odd job, like stealing live checks or picking up hot goods. His brother's a priest, his wife's a nag, and he has a deadly appetite for martinis and gambling. On a trip to Vegas, the Digger finds himself in the sights of a loan shark known as "the Greek." Luckily--if you call it luck--the Digger has been let in on a little job that can turn his gambling debt into a profit, if only he can pull it off without getting himself killed.

Quick Cash Robert Mayer,2010 In this intriguing and accessible book, Mayer presents the history of payday lending using the colorful (and sometimes criminal) city of Chicago as a case in point. With an eye to the future, Mayer also aptly assesses the consequences of high-interest lending - both for the people who borrow at such steep prices and for society as a whole.-publisher description.

The Loan Shark Duet Charmaine Pauls,2020-02-03 A DARK MAFIA ROMANCEPerversely hot, gritty, and richly textured, Valentina and Gabriel's story is one of the best dark romances I've read. -- Anna Zaires, New York Times bestselling author of Twist MeI'm a loan shark. Breaking people is in my blood. The Haynes's were supposed to be a straightforward job. Go in and pull the trigger twice. One bullet for Charlie, one for his sister. But when I saw Valentina, I wanted her. Only, in our world, those who owe us don't get second chances. No way in hell will my mother let her live. So I devised a plan to keep her.It's depraved.It's immoral.It's dubious.It's perfect.Just like her.

Unfortunately, Mitch is ill-equipped to be a badass-he's just a guy who makes really good chicken. Can he protect his family from cold-blooded gangsters? Absolutely not. But maybe the CHICKEN DEVIL can... Global Organized Crime Mitchel P. Roth,2017-01-20 In the maelstrom of globalization and cyberspace, organized crime continues to defy definition. This book offers a uniquely global approach to organized crime and the multitude of forces that shape it in the 21st century. As well as discussing definitions of and the historical roots of organized crime, this book examines various forms of organized crime around the world in the US, Mexico, Latin America and the Caribbean, Russia and Europe, Asia and Africa. This revised and updated new edition includes coverage of: the rise of the 'Ndrangheta in Italy and their global expansion; the impact of drug legalization on organized crime and the problem of methamphetamine; organ trading, money laundering, and animal poaching; changes in gang traditions and gangland penitentiaries; the decentralization of Mexican cartels, the growth of opium production in Myanmar, and the drug war in Africa; and the advancement of ISIS and the emergence of the Silk Road and the Dark Net. This book is essential reading for students engaged in the study of global and transnational organized crime, with features including chapter overviews, key terms, critical thinking questions, and case studies.

No Paperwork Needed... C. C. Nash, 2013-05 Trench's days as chief collections agent for a gritty, unforgiving loan shark business are never routine—funny, sad, surprising, violent—but never routine. Even so, an encounter with a vicious and vindictive terrorist takes this business to unprecedented and shocking levels of danger with the assaults coming at them, not from them. Quick thinking and decisive action may not be enough to save either their business or their lives as they partner with all entities, the CIA, who may turn on them as well as the terrorist. Funny, sharp, and insightful, this book takes the reader on a romp and an adventure with a satisfying if surprising conclusion.
