Hyperlocal Journalism David Harte, Rachel Howells, Andy Williams, 2018-07-04 In the wake of the withdrawal of commercial journalism from local communities at the beginning of the 21st century, Hyperlocal Journalism critically explores the development of citizen-led community news operations. The book draws together a wide range of original research by way of case studies, interviews, and industry and policy analysis, to give a complete view of what is happening to communities as their local newspapers close or go into decline to be replaced by emerging forms of digital news provision. This study takes the United Kingdom as its focus but its findings speak to common issues found in local media systems in other Western democracies. The authors investigate who is producing hyperlocal news and why, as well as production practices, models of community and participatory journalism, and the economics of hyperlocal operations. Looking holistically at hyperlocal news, Hyperlocal Journalism paints a vivid picture of citizens creating their own news services via social media and on free blogging platforms to hold power to account, redress negative reputational geographies, and to tell everyday stories of community life. The book also raises key questions about the sustainability of such endeavours in the face of optimism from commentators and policy-makers.

Gideon's Promise Jonathan Rapping, 2020-08-18 A blueprint for criminal justice reform that lays the foundation for how model public defense programs should work to end mass incarceration.

Combining wisdom drawn from over a dozen years as a public defender and cutting-edge research in the fields of organizational and cultural psychology, Jonathan Rapping proposes a radical cultural shift to a “fiercely client-based ethos” driven by values-based recruitment training, awakening defenders to their role in upholding an unjust status quo, and a renewed pride in the essential role of moral lawyering in a democratic society. Public defenders represent over 80% of those who interact with the court system, a disproportionate number of whom are poor, non-white citizens who rely on them to navigate the law on their behalf. More often than not, even the most well-meaning of those defenders are over-worked, under-funded, and incentivized to put the interests of judges and politicians above those of their clients in a culture that beats the passion out of talented, driven advocates, and has led to an embarrassingly low standard of justice for those who depend on the promises of *Gideon v. Wainwright*. However, rather than arguing for a change in rules that govern the actions of lawyers, judges, and other advocates, Rapping proposes a radical cultural shift to a “fiercely client-based ethos” driven by values-based recruitment and training, awakening defenders to their role in upholding an unjust status quo, and a renewed pride in the essential role of moral lawyering in a democratic society. Through the story of founding *Gideon’s Promise* and anecdotes of his time as a defender and teacher, Rapping reanimates the possibility of public defenders serving as a radical bulwark against government oppression and a megaphone to amplify

the voices of those they serve.

**News Hole** Danny Hayes, Jennifer L.

Lawless, 2021-09-16 In recent decades, turnout in US presidential elections has soared, education levels have hit historic highs, and the internet has made information more accessible than ever. Yet over that same period, Americans have grown less engaged with local politics and elections. Drawing on detailed analysis of fifteen years of reporting in over 200 local newspapers, along with election returns, surveys, and interviews with journalists, this study shows that the demise of local journalism has played a key role in the decline of civic engagement. As struggling newspapers have slashed staff, they have dramatically cut their coverage of mayors, city halls, school boards, county commissions, and virtually every aspect of local government. In turn, fewer Americans now know who their local elected officials are, and turnout in local elections has plummeted. To reverse this trend and preserve democratic accountability in our communities, the local news industry must be reinvigorated – and soon.

The Terrible Yrsa Daley-Ward, 2018-06-05 Winner of the PEN Ackerley Prize • Longlisted for the 2019 PEN Open Book Award “Devastating and lyrical.” –The New York Times “Suspenseful and affecting.” –The New Yorker From the celebrated poet behind *bone*, a collection of poems that tells a story of coming-of-age, uncovering the cruelty and beauty of the world, going under, and finding redemption Through her signature sharp, searing poems, this is the story of Yrsa Daley-Ward and all the things that happened. “Even the terrible things. And God, there were terrible things.” It’s about her childhood in the northwest of England with her beautiful, careworn mother Marcia; the man formerly known as Dad (half fun, half frightening); and her little brother Roo, who sees things written in the stars. It’s also about the surreal magic of adolescence, about growing up and discovering the power and fear of sexuality, about pitch-gray days of pills and powder and connection. It’s about damage and pain, but also joy. With raw intensity and shocking honesty, *The Terrible* is a collection of poems that tells the story of what it means to lose yourself and find your voice. “You may not run away from the thing that you are because it comes and comes and comes as sure as you breathe.”

**Cosmo's Moon** Devin Scillian, 2014-11-01 Cosmo loves the moon, and the moon loves Cosmo. They both come to realize though that lots of things depend on the moon - the ocean tides, morning glories, and the dogs, who can't stop howling. A magical book about the power of friendship and the

nature of responsibility, Cosmo's moon will charm everyone who's ever been bewitched by the beauty of the moon. Cosmo loved the moon. He had moon pajamas and a moon nightlight and stars and moons all over his bedroom. Every night, Cosmo's mother and father gave him a hug and a kiss and tucked him into his bed. But just as soon as they closed his bedroom door, he threw aside the covers, ran to the open window, and watched as the golden moon came into the night sky just above the sycamore tree. And as a gentle night breeze blew across the curtains, Cosmo would talk and the moon would listen.

**Memoirs of a Hamster** Devin Scillian, 2013-04-15  
Night 1 / My life is perfect. / I have a bowl full of seeds, a cozy pile of wood shavings, and room to run. / I'm never leaving here. / Question: Who's the luckiest hamster in the world? / Answer: ME! Seymour the hamster has the perfect life. He has a spacious cage, a constant food supply, and a FuzzyBoy 360 exercise wheel that lets him run to his heart's content. Life could not be better. Or could it? When Pearl the cat tells Seymour of the goodies beyond the safe confines of his cage, he starts to think he's missing out. And out is the new in! It's only after Seymour is out of his cage that he begins to fully appreciate his safe and cozy home.

**Anchored** Mort Crim, 2021-03-16 HONORED AS A NOTABLE 100 BOOK IN THE 2021 SHELF UNBOUND BEST INDIE BOOK COMPETITION Mort Crim has reported on major conflicts around the world for more than four decades and was a major inspiration for Will Ferrell's performance in the movie Anchorman.

Crim's memoir takes readers behind the camera to show what life was like when the local anchorman was as revered as the professional athlete, and just as overpaid. It was a glamorous life, working alongside some of journalism's legends, like Walter Cronkite, David Brinkley, Dan Rather, and Ted Koppel. The son of an evangelical minister in a conservative church, Crim suffered his first crisis of faith at the age of 15. Despite nagging questions, Crim eventually followed his father's path into ministry. But the more he delved into the Bible, the more his faith was shaken. Unable to defend things he wasn't sure of from the pulpit, Crim left the ministry for a career in journalism, determined to pursue truth. After a four-year stint in the Air Force, he earned his master's degree in journalism from Northwestern University, and by the age of 30, had made it to New York—the epicenter of his profession. As a national correspondent for ABC, Crim anchored the network's top-rated morning radio show and covered America's newly-developing manned space program. When Neil Armstrong took that first step on the moon, it was Crim's voice that described the historic event for millions around the world. At the urging of Walter Cronkite, Crim moved from network radio into the heady world of television news. At KYW in Philadelphia, Mort Crim was paired with the late Jessica Savitch, and their anchor team spawned the idea for Will Ferrell's Anchorman movies. Crim's journey for truth will resonate with anyone raised in a cocoon of certainty that they felt compelled to question.

**Dr. Mary's Monkey** Edward T. Haslam, 2014-07-01

This new updated edition is not only hard cover for long life, but it contains an additional 25 pages of revelations from the author including documents from the FBI, CIA, CDC, and NOPD, plus the actual crime scene photos of the Mary Sherman murder. You'll see why we say this is the Hottest cold case in America. The 1964 murder of a nationally known cancer researcher sets the stage for this gripping expos  of medical professionals enmeshed in covert government operations over the course of three decades. Following a trail of police records, FBI files, cancer statistics, and medical journals, this revealing book presents evidence of a web of medical secret-keeping that began with the handling of evidence in the JFK assassination and continued apace, sweeping doctors into cover-ups of cancer outbreaks, contaminated polio vaccine, the arrival of the AIDS virus, and biological weapon research using infected monkeys.

They both enjoy the slowness of the garden, cool water from the hose on a hot day, and a nice slice of honeydew melon. But when Ike stops visiting the garden, Oliver wonders why his pet has left him so soon. So he makes the long journey to see his mother ten gardens away--she will certainly have the answer. This tender story from the author and illustrator that brought us *Memoirs of a Goldfish* reminds us to cherish all the days we have with our pets and loved ones.

News for the Rich, White, and Blue Nikki Usher, 2021-07-06 As cash-strapped metropolitan newspapers struggle to maintain their traditional influence and quality reporting, large national and international outlets have pivoted to serving readers who can and will choose to pay for news, skewing coverage toward a wealthy, white, and liberal audience. Amid rampant inequality and

distrust, media outlets have become more out of touch with the democracy they purport to serve. How did journalism end up in such a predicament, and what are the prospects for achieving a more equitable future? In *News for the Rich, White, and Blue*, Nikki Usher recasts the challenges facing journalism in terms of place, power, and inequality. Drawing on more than a decade of field research, she illuminates how journalists decide what becomes news and how news organizations strategize about the future. Usher shows how newsrooms remain places of power, largely white institutions growing more elite as journalists confront a shrinking job market. She details how Google, Facebook, and the digital-advertising ecosystem have wreaked havoc on the economic model for quality journalism, leaving local news to suffer. Usher also highlights how the handful of likely survivors—well-funded media outlets such as the New York Times—increasingly appeal to a global, “placeless” reader. *News for the Rich, White, and Blue* concludes with a series of provocative recommendations to reimagine journalism to ensure its resiliency and its ability to speak to a diverse set of issues and readers.

*Wild Seed* Octavia E. Butler, 2023-03-28 In an epic, game-changing, moving and brilliant story of love and hate, two immortals chase each other across continents and centuries, binding their fates together -- and changing the destiny of the human race (Viola Davis). Doro knows no higher authority than himself. An ancient spirit with boundless powers, he possesses humans, killing

without remorse as he jumps from body to body to sustain his own life. With a lonely eternity ahead of him, Doro breeds supernaturally gifted humans into empires that obey his every desire. He fears no one -- until he meets Anyanwu. Anyanwu is an entity like Doro and yet different. She can heal with a bite and transform her own body, mending injuries and reversing aging. She uses her powers to cure her neighbors and birth entire tribes, surrounding herself with kindred who both fear and respect her. No one poses a true threat to Anyanwu -- until she meets Doro. The moment Doro meets Anyanwu, he covets her; and from the villages of 17th-century Nigeria to 19th-century United States, their courtship becomes a power struggle that echoes through generations, irrevocably changing what it means to be human.

**Making Local News** Phyllis Kaniss, 1997-12-08 Why

do crimes and accidents earn more news coverage than development and policy issues affecting thousands of people? Filled with revealing interviews with both journalists and city officials, *Making Local News* is the first comprehensive look at how the economic motives of media owners, professional motives of journalists, and the strategies of media-wise politicians shape the news we see and hear, thereby influencing urban policy. *Making Local News* by Phyllis Kaniss . . . is significant. . . . If we can continue to get smarter about that which journalism leaves out or distorts in its coverage of politics, we may eventually get smarter about politics itself.—Mitchell Stephens, *The Philadelphia Inquirer* View A convincing analysis of the factors and forces which color how and why local issues do, or do not, become newsworthy. —Michael H. Ghosting the News Margaret Sullivan, 2020-07-28

The Increasingly United States Daniel J.

Hopkins, 2018-05-30 In a campaign for state or local office these days, you're as likely today to hear accusations that an opponent advanced Obamacare or supported Donald Trump as you are to hear about issues affecting the state or local community. This is because American political behavior has become substantially more nationalized. American voters are far more engaged

with and knowledgeable about what's happening in Washington, DC, than in similar messages whether they are in the South, the Northeast, or the Midwest. Gone are the days when all politics was local. With *The Increasingly United States*, Daniel J. Hopkins explores this trend and its implications for the American political system. The change is significant in part because it works against a key rationale of America's federalist system, which was built on the assumption that citizens would be more strongly attached to their states and localities. It also has profound implications for how voters are represented. If voters are well informed about state politics, for example, the governor has an incentive to deliver what voters—or at least a pivotal segment of them—want. But if voters are likely to back the same party in gubernatorial as in presidential elections irrespective of the governor's actions in office, governors may instead come to see their ambitions as tethered more closely to their status in the national party.
