The Calculus of Friendship Steven Strogatz,2011-03-07 The Calculus of Friendship is the story of an extraordinary connection between a teacher and a student, as chronicled through more than thirty years of letters between them. What makes their relationship unique is that it is based almost entirely on a shared love of calculus. For them, calculus is more than a branch of mathematics; it is a game they love playing together, a constant when all else is in flux. The teacher goes from the prime of his career to retirement, competes in whitewater kayaking at the international level, and loses a son. The student

matures from high school math whiz to Ivy League professor, suffers the sudden death of a parent, and blunders into a marriage destined to fail. Yet through it all they take refuge in the haven of calculus--until a day comes when calculus is no longer enough. Like calculus itself, *The Calculus of Friendship* is an exploration of change. It's about the transformation that takes place in a student's heart, as he and his teacher reverse roles, as they age, as they are buffeted by life itself. Written by a renowned teacher and communicator of mathematics, *The Calculus of Friendship* is warm, intimate, and deeply moving. The most inspiring ideas of calculus, differential equations, and chaos theory are explained through metaphors, images, and anecdotes in a way that all readers will find beautiful, and even poignant. Math enthusiasts, from high school students to professionals, will delight in the offbeat problems and lucid explanations in the letters. For anyone whose life has been changed by a mentor, *The Calculus of Friendship* will be an unforgettable journey.

Jesse Ventura's Marijuana Manifesto Jesse Ventura,2016-09-06 New York Times Bestselling Author! In this groundbreaking book – for the first time in paperback and fully-updated with all the latest legal information - outspoken freethinker Jesse Ventura lays out his philosophy. Now more than ever before, our country needs full legalization of medical/recreational marijuana and hemp. Seemingly with every day that goes by we find out more positive things about marijuana, a medicinal plant in abundant supply, yet legalization finds stronger resistance from government agencies and big business. Find out why the US government patented CBD and what Big Pharma companies have exclusive

rights to create marijuana medication and why the DEA can't be trusted. Jesse Ventura's Marijuana Manifesto calls for an end to the War on Drugs. Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier. Ventura's book will show us all how we can take our country back. "More celebs than ever are jumping on the 'Legalize' bandwagon. Why? Because it's safe now. It won't impact your career anymore. But Jesse Ventura has been a solid proponent of legal cannabis for decades. In Jesse Ventura's Marijuana Manifesto, he lays out the good sense of legalization, as well as the sheer insanity of prohibition. As a proud American, he pulls no punches calling out the political elite. - Dan Skye, High Times editor-in-chief "Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs, and on the contradictions and corruptions of the Drug Enforcement Administration, a particular bugbear of his." - Michael Lindgren, The Washington Post

Lightning Rods Helen DeWitt, 2011-10-05 The long-awaited second novel by the author of "arguably the most exciting debut novel of the decade: The Last Samurai." (Sam Anderson, New York). "All I want is to be a success. That's all I ask." Joe fails to sell a single set of the Encyclopedia Britannica in six months. Then fails to sell a single Electrolux and must eat 126 pieces of homemade pie, served up by his would-be customers who feel sorry for him. Holed up in his trailer, Joe finds an outlet for his frustrations in a series of ingenious sexual fantasies, and at last strikes gold. His brainstorm, Lightning Rods, Inc., will take Joe to the very top — and to the very heart of corporate insanity — with an outrageous solution to the spectre of sexual harassment in the modern office. An uproarious, hard-boiled modern fable of corporate life, sex, and race in America, Helen DeWitt's Lightning Rods

brims with the satiric energy of Nathanael West and the philosophic import of an Aristophanic comedy of ideas. Her wild yarn is second cousin to the spirit of Mel Brooks and the hilarious reality-blurring of Being John Malkovich. Dewitt continues to take the novel into new realms of storytelling — as the timeliness of Lightning Rods crosses over into timelessness.

Excellent Women Barbara Pym, 2006-12-26 Excellent Women is probably the most famous of Barbara Pym's novels. The acclaim a few years ago for this early comic novel, which was hailed by Lord David Cecil as one of 'the finest examples of high comedy to have appeared in England during the past seventy-five years,' helped launch the rediscovery of the author's entire work. Mildred Lathbury is a clergyman's daughter and a spinster in the England of the 1950s, one of those 'excellent women' who tend to get involved in other people's lives - such as those of her new neighbor, Rockingham, and the vicar next door. This is Barbara Pym's world at its funniest.

Trumpet Jackie Kay, 2011-07-20 Supremely humane.... Kay leaves us with a broad landscape of sweet tolerance and familial love. —The New York Times Book Review In her starkly beautiful and wholly unexpected tale, Jackie Kay delves into the most intimate workings of the human heart and mind and offers a triumphant tale of loving deception and lasting devotion. The death of legendary jazz trumpeter Joss Moody exposes an extraordinary secret, one that enrages his adopted son, Colman, leading him to collude with a tabloid journalist. Besieged by the press, his widow Millie flees to a remote Scottish village, where she seeks solace in memories of their marriage. The reminiscences of those who knew Joss Moody render a moving portrait of a shared life founded on an intricate lie, one that preserved a rare, unconditional love.

Memoirs of an Addicted Brain Marc Lewis, 2011-10-04 A gripping, ultimately triumphant memoir that's also the most comprehensive and comprehensible study of the neuroscience of addiction written for the general public. FROM THE INTRODUCTION: We are prone to a cycle of craving what we don't have, finding it, using it up or losing it, and then craving it all the more. This cycle is at the root of all addictions, addictions to drugs, sex, love, cigarettes, soap operas, wealth, and wisdom itself. But why should this be so? Why are we desperate for what we don't have, or can't have, often at great cost to what we do have, thereby risking our peace and contentment, our safety, and even our lives? The answer, says Dr. Marc Lewis, lies in the structure and function of the human brain. Marc Lewis is a distinguished neuroscientist. And, for many years, he was a drug addict himself,

dependent on a series of dangerous substances, from LSD to heroin. His narrative moves back and forth between the often dark, compellingly recounted story of his relationship with drugs and a revelatory analysis of what was going on in his brain. He shows how drugs speak to the brain - which is designed to seek rewards and soothe pain - in its own language. He shows in detail the neural mechanics of a variety of powerful drugs and of the onset of addiction, itself a distortion of normal perception. Dr. Lewis freed himself from addiction and ended up studying it. At the age of 30 he traded in his pharmaceutical supplies for the life of a graduate student, eventually becoming a professor of developmental psychology, and then of neuroscience - his field for the last 12 years. This is the story of his journey, seen from the inside out.

Bloomsbury 35 Various Authors, 2022-05-26 In 1984, a time when the publishing landscape was becoming increasingly corporate, Nigel Newton decided to start a new independent literary publishing company. The following year, over early mornings and late nights, he and publisher David Reynolds came up with their plan. In 1986 Bloomsbury Publishing began its life in a small office above a Chinese restaurant in Putney. For all its early ambition, no-one could have envisaged the 35 years that would follow. As the offices shifted first to Soho Square and then to Bedford Square, with branches opening in New York, Sydney, Oxford and New Delhi, its list took shape. There were to be books from all over the world, some becoming Nobel, Booker and Women's Prize winners, some to be million copy bestsellers, and some to become modern classics. In Bloomsbury 35 its editors-in-chief Liz Calder and Alexandra Pringle have made selections from novels they have published on Bloomsbury's adult list, from each year of Bloomsbury's life, forming an

anthology that represents the creative heart of Bloomsbury. This anthology does not draw works from Bloomsbury's equally sparkling children's, academic or special interest lists. Featuring work from Margaret Atwood, Susanna Clarke, Jeffrey Eugenides, Richard Ford, Abdulrazak Gurnah, Khaled Hosseini, Jhumpa Lahiri, Colum McCann, Madeline Miller, Michael Ondaatje, Caryl Phillips, George Saunders, Will Self, Kamila Shamsie, Ahdaf Soueif, Jeanette Winterson, and many more, it is a celebration of Bloomsbury's first 35 years

Mary Ventura and The Ninth Kingdom Sylvia Plath, 2019-01-22 “[Plath’s] story is stirring, in sneaky, unexpected ways. . . . Look carefully and there’s a new angle here — on how, and why, we read Plath today.”— Parul Sehgal, New York Times Never before published, this newly discovered story by literary legend Sylvia Plath stands on its own and is remarkable for its symbolic, allegorical approach to a young woman’s rebellion against convention and forceful taking control of her own life. Written while Sylvia Plath was a student at Smith College in 1952, *Mary Ventura and The Ninth Kingdom* tells the story of a young woman’s fateful train journey. Lips the color of blood, the sun an unprecedented orange, train wheels that sound like “guilt, and guilt, and guilt”: these are just some of the things Mary Ventura begins to notice on her journey to the ninth kingdom. “But what is the ninth kingdom?” she asks a kind-seeming lady in her carriage. “It is the kingdom of the frozen will,” comes the reply. “There is no going back.” Sylvia Plath’s strange, dark tale of female agency and independence, written not long after she herself left home, grapples

with mortality in motion.
