Big Cat Ethan Long,2017-10-17 Big Cat likes to nap—but his family has other ideas in this Guided Reading Level A story, simple enough for young readers to understand on their own, now available in a smaller 6x9 size! A pair of rowdy siblings wake their furry friend up to play, and proceed to carry him around the house—no matter how the cat feels about it. They love Big Cat, and it's clear Big Cat loves them, too. . . . even if he doesn't love flying or playing dress-up. His cartoonishly exaggerated expressions are sure to charm. With five words or less per page, this story is simple enough to be the first book a child reads on their own—and funny enough to become a favorite. Geisel Medalist Ethan Long's illustrations of the big-bellied feline and his enthusiastic human pals bring Big Cat's adventures to life. Big Cat can be fun—and reading can be fun, too! The award-winning I Like to Read® series focuses on guided reading levels A through G, based upon Fountas and Pinnell standards. Acclaimed author-illustrators—including winners of Caldecott, Theodor Seuss Geisel, and Coretta Scott King honors—create original, high quality illustrations that support comprehension of simple text and are fun for kids to read with parents, teachers, or on their own! Level A books, suitable for early kindergarten, are ideal first books for kids to read on their own. One short sentence repeats on every page with one word change per spread. Simple plots are heavily supported by the detailed illustrations. When Level A is mastered, follow up with Level B.

**The Cat With the Very Long Tail** Mary Conley,2013-05-30 An extraordinarily long tail that seems to have a mind of its own. For the playful and curious Lotaica, the long and troublesome tail cannot dampen her adventurous spirit...until the day she sneaks into Ronnie's room uninvited. A miscalculated jump, a tremendous crash, and the overwhelming anger of a teen-aged boy lead Lotaica on an adventure she could never have imagined. Dumped and all alone, Lotaica soon discovers that the life of a street cat is a life of constant danger...cars, raccoons, nasty weather. Even as the clever little kitten is honing her survival skills, she continues to hope that her human family will someday come back for her. Or, does fate have another path selected for The Cat With the Very Long Tail?

**Long-Haired Cat-Boy Cub** Etgar Keret,2020-03-03 The first children's book to appear in English by the award-winning Israeli master storyteller What happens when a tired boy with a fertile imagination is left to fend for himself at the zoo? Well, if his father is too busy to play and must talk business on his phone, and it's close to naptime, then ... a lot. After freeing sad animals from their cages, the boy takes a ride in an airship with an old turtle and a lazy rhinoceros. Once on board he describes to Habakkuk, the ship's captain, the traits of the rarely seen long-haired cat-boy cub: Long-haired cat-boy cubs need to be played with once an hour to stay alive. Also, you cannot wash a long-haired cat-boy cub in water, they only like to drink juice and chocolate milk, and, most of all, you must listen to a long-haired cat-boy cub's story to the end even if you get a call from work. Long-Haired Cat-Boy Cub is a clever and captivating tale that will appeal to any cub who has busy parents and a busier imagination.

**If You're in a Dogfight, Become a Cat!** Leonard Sherman,2017-01-10 Businesses often find themselves trapped in a competitive dogfight, scratching and clawing for market share with products consumers view as largely undifferentiated. Conventional wisdom suggests that dogfights are to be expected as marketplaces mature, giving rise to the notion that there are bad industries where it is unlikely that any company can succeed. But there are notable exceptions in which enlightened executives have changed the rules to grasp the holy grail of business: long-term profitable growth. Rather than joining the dogfights raging within their industry, companies such as Apple, FedEx, and Starbucks have chosen to become metaphorical cats, continuously renewing their distinctive strategies to compete on their own terms. In *If You're in a Dogfight, Become a Cat*, Leonard Sherman draws on four decades of experience in management consulting, venture capital, and teaching business strategy at Columbia Business School to share practical advice on two of the most vexing issues facing business executives: why is it so hard to achieve long-term profitable growth, and what can companies do to break away from the pack? Sherman takes the reader on a provocative journey through the building blocks of business strategy by challenging conventional wisdom on a number of questions that will redefine management best practices: What should be the overarching purpose of your business? Do you really know what your strategy is? Is there such a thing as a bad industry? Where do great ideas come from and how do I find them? What makes products meaningfully different? What makes and breaks great brands? How and when should I disrupt my own company? What are the imperatives to achieving long-term profitable growth? Filled with dozens of illustrative examples of inspiring successes and dispiriting falls from grace, this book provides deep insights on how to become the cat in a dogfight, whether you are a CEO, mid-level manager, aspiring business school student, or curious observer interested in achieving sustained profitable growth.

According to an ancient Egyptian papyrus, dreaming of a large cat means good luck. And that's just what Amelia Peabody could use, as her growing family matures in the new century. What's more, Amelia's dashing husband Emerson has received a mysterious warning not to enter the Valley of the Kings. To Emerson's annoyance, Amelia's meddling distracts her attention as she exposes a fraudulent spiritualist, saves a marriage, and plays matchmaker. But diabolical forces are at work when an unknown tomb reveals a shocking murder -- and the Peabody family dodges bullets from an assassin determined to put an end to their discoveries.

His new vet says "diet"—that means no more cherry cheesecake bars. From now on he gets low-calorie kibble only. But one taste of the stuff is all it takes to drive him in search of better things. Quincy's escape is the last thing Chase needs after the nasty run-in she has with underhanded business rival Gabe Naughtly. Chase tracks Quincy down in a neighbor's kitchen, where he's devouring a meatloaf, unaware of the much more serious crime he's stumbled upon. Gabe's corpse is lying on the kitchen floor, and when Chase is discovered at the murder scene, she becomes suspect number one. *Cats - Long Haired and Short - Their Breeding, Rearing & Showing* Evelyn B. H. Soame,2013-01-25 Originally published in London 1933, the author of this book had over forty years experience in breeding and showing

pedigree cats. She offers sound advice on: housing, feeding, breeding, maternity, neuters, sex control, stud sires, home treatment of ailments, veterinary notes, English methods of judging, notes and advice on 15 varieties of long haired cats, notes and advice on 16 varieties of short haired cats. This is all supported with pictures and diagrams, and will prove to be an excellent addition to the bookshelf of anyone with an interest in the subject. Many of these earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Up Cat Down Cat Steve Light,2020-05-05 From the creator of the celebrated Black Bird Yellow Sun comes another bold and beautiful concept book, this time playing with opposites and reversals. Black cat. White cat. One is long, stretching out, and the other is short, crouching. When both perch in a window, one tail is straight, the other one curly. One has an empty plate, and the other a full one. With a mouse to entertain them, variously lost and found, they move through the day, until one cat is awake and the other asleep, but for how long? With enchanting ink illustrations full of pure color, simple shapes, and an elegant use of negative and positive space, this concept board book for the youngest of readers is a joy to behold — and as graceful as a leaping cat.

Feeding and Care of the Domestic and Long-Haired Cat (Classic Reprint) Ellen V. Cely,2018-02-04 Excerpt from Feeding and Care of the Domestic and Long-Haired Cat The owner of one or two cats, if they be queens or neuters, is not confronted with the problem of proper housing; but should you find yourself with two or more males and several queens, it then becomes necessary to give them proper quarters in which to live. The building does not need to be elaborate; but if possible should have a southern exposure, well up from the ground, plenty of windows, as light and air are very essential. Large, roomy quarters for each male, and do not attempt to house two males together. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. It is set in the rural countryside where a large cat named ?Fishcat? no longer has to prove that he is tough. That has already been settled. But Fishcat wants more ? he wants to catch the legendary fish they call ?Catfish.? Things just don't work out as planned, though. He almost loses his life battling in the deep-water pond with Catfish. Then, after Catfish unexpectedly risks his own life to save Fishcat, the wiser and grateful cat has a new outlook on life. And, he protects his new friend, Catfish, forevermore out at the pond ? in the country where dragonflies rototill the air, bull frogs croak, and harmonicas moan.The values portrayed in this 2,500 word folktale provide fundamental building blocks for the development of universally valuable character traits ? traits children absorb from their elders and life around them, whether in the backwoods or elsewhere.
