David A. Carter

Love Bug Story Linsey Doering,2015-06-18 When Love bug wakes up feeling discouraged about his life, and having no purpose, he goes on an adventure to find it, alone and a little nervous. In his quest to find purpose, Love Bug stumbles upon many different kinds of bugs, including Tickle Bug and Litter Bug and discovers that each bug has their own unique talents - making him realize he knew his purpose all along!

The Bug Girl Sophia Spencer,Margaret McNamara,2020-02-11 Real-life 7-year-old Sophia Spencer was bullied for loving bugs until hundreds of women scientists rallied around her. Now Sophie tells her inspiring story in this picture book that celebrates women in science, bugs of all kinds, and the importance of staying true to yourself. Makes a perfect gift for nature lovers on Earth Day and every day! Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder--and wouldn't leave!--at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies... but by first grade, not everyone shared her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist to be a pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response--letters, photos, and videos came flooding in. Using the hashtag BugsR4Girls, scientists tweeted hundreds of times to tell Sophia to keep up her interest in bugs--and it worked! Sophia has since appeared on Good Morning America, The Today Show, and NPR, and she continues to share her love of bugs with others.

Love Bug Tara Wyatt,2021-04-13 Never sleep with

your boss. It's advice that Willa Banks could've used six weeks ago when, after the most terrifying night of her life, she sought comfort in the arms—and bed—of her grumpy, intense, sexy-as-hell boss, Max Prescott. Now, working with him day in and day out is pure torture for Willa, who's wanted Max since the day they met—even if he doesn't want her, something he's made abundantly clear. Eight years ago, tragedy upended Max's life, making him see himself as a toxic, broken monster. A monster who needs to stay far away from the sweet, warm, beautiful Willa, who he's wanted for months now. But he refuses to hurt her the way he's hurt people in the past, so it doesn't matter how much he pines for her. Longs for her. He needs to stay far, far away from Willa. Max's rejection hurts, and Willa is determined to get over him. So when she's matched with someone on a dating app her company is beta testing—with 98% compatibility, no less—she sees it as the perfect opportunity to move on. But fate has other plans, because Willa has no idea the man she's messaging—and falling for—is none other than Max...

Love Bugs Maryjo Koch, 2010-09-14 You don't have to be an entomologist to appreciate the wonderfully realistic watercolor insect images found inside Maryjo Koch's Love Bugs. Offering a bug-eyed view of love and courtship, Love Bugs presents more than 25 images of dancing dragonflies and bouncing beetles paired with romantic prose. Lovebugs, speckled bugs, grasshoppers, dragonflies, butterflies, and more are compellingly captured by the stroke of Koch's

paintbrush and presented alongside humorous and thoughtful entries, such as: * You can't buy love, but presents make a nice first impression. * Opposites attract because they're complementary. * Being in love is like friendship set to music.

Strategies, steps, and procedures for conducting business securely on the Internet are discussed and reviewed. Very few organizations take the needed precautions to protect their Internet enterprise. Protection is not simply a firewall or technology; it is a strategy that encompasses risk, trust, business goals, security processes, and technology. The holistic approach offered in this book evaluates security needs in relation to business goals and the current attacks on the global Internet. The goal of The Internet Security Guidebook is to protect the business-computing environment by keeping our online enterprises functioning correctly and securely. Unlike other books available, this book contains a complete guide to Internet security that is accessible to both novices and computer professionals. The specific steps discussed and illustrated show the reader how to implement security from the individual process to the complete corporate enterprise. The reader will also learn about resources that can help such as the Computer Emergency Response Team (CERT), the Federal Bureau of Investigation (FBI), and even their own software vendors.

Lovebug Erin Mallon, 2021-01-20 My name is Mabel, the girl who wouldn't hurt a fly. Of course I wouldn't. I'm an entomologist for goodness' sake. I work in a nature center. Bugs are my jam. It's the humans in my life who are starting to get me down. I'm used to them calling me sweet and innocent. I can even handle them calling me naive. But when they lie and keep secrets from me? That's when my proverbial pincers want to come out. Trouble is, I'm not the girl who fights back. Not until a handsome groundskeeper with a dirty mouth and secrets of his own shows up and lights all sorts of fires in me. In the bug world, the female is always the fiercest. The praying mantis doesn't worry about being a good girl. Nope, she follows her instincts no matter how crass or crude they may seem to others. Turns out I could learn a thing or two from her. I'm not necessarily looking to tear anyone's head off, but after decades of being nice, it's high time for me to return to nature and unleash my wild side.

Sinatra Timothy Knight, 2012 In the scores of posthumous tributes paid to Frank Sinatra after his death in 1998, most focused on his extraordinary reign as The Voice of twentieth-century pop music. But Sinatra was much more than a music icon. He was also one of the most popular movie stars of the 1940s, '50s, and '60s--an Academy-Award winning actor with some sixty film credits to his name. He starred in some of the most iconic films of the twentieth century and with some of the biggest names of the day. There were his dancing days with Gene Kelly in *Anchors Aweigh* and *On the Town*; his acclaimed dramatic

turns in From Here to Eternity and The Manchurian Candidate; and his signature Rat Pack movies such as Ocean's Eleven. Sinatra: Hollywood His Way is a complete, film by film exploration of this true Hollywood legend. His screen history is vividly brought to life through illuminating reviews, behind-the-scenes stories, and hundreds of rare color and black-and-white photographs, making this the ultimate guide to the films of Frank Sinatra and an essential in the library of any fan.

Acknowledged as the first British female singer-songwriter to gain international success, her writing is alive with intelligence and empathy and paints the human experience with insight and emotion. Selected and arranged by the author, and featuring a foreword by revered record producer Glyn Johns, *The Weakness In Me* presents the lyrics of Armatrading for the first time in one unique volume. It also contains an introduction by Armatrading alongside annotations to a number of songs, giving a rare, personal glimpse into the creative process of a true pioneer.
