**Digital Culture & Society (DCS)** Ramón Reichert,Annika Richterich,Pablo Abend,Mathias Fuchs,Karin Wenz,2016-12-31 »Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data analysis, and new modes of data action research and practice.

**Living Loved** Peter M. Wallace,2007-07 A devotional book of meditations based on specific verses or passages from the Gospel of John. It uses the highly acclaimed and popular translation, The Message, by Eugene Peterson. Like Wallace's earlier book, Out of the Quiet, it consists of short and very accessible meditations, approaching Jesus through the eyes of the disciple whom Jesus loved,- so that men and women can begin to see themselves in John's place as the beloved one, and, as a result, take up the responsibilities of discipleship in a world that needs Jesus' loving touch.

**Cyber Muslims** Robert Rozehnal,2022-04-21 Through an array of detailed case studies, this book explores the vibrant digital expressions of diverse groups of Muslim cybernauts: religious clerics and Sufis, feminists and fashionistas, artists and activists, hajj pilgrims and social media influencers. These stories span a vast cultural and geographic landscape-from Indonesia, Iran, and the Arab Middle East to North America. These granular case studies contextualize cyber Islam within broader social trends: racism and Islamophobia, gender dynamics, celebrity culture, identity politics, and the shifting terrain of contemporary religious piety and practice. The book's authors examine an expansive range of digital multimedia technologies as primary "texts." These include websites, podcasts, blogs, Twitter, Facebook, Instagram, YouTube channels, online magazines and discussion forums, and religious apps. The contributors also draw on a range of methodological and theoretical models from multiple academic disciplines, including communication and media studies, anthropology, history, global studies, religious studies, and Islamic studies.

**Whiskey in a Teacup** Reese Witherspoon,2018-09-18 Academy Award-winning actress, producer, and entrepreneur Reese Witherspoon invites you into her world, where she infuses the southern style, parties, and traditions she loves with contemporary flair and charm. Reese Witherspoon's grandmother Dorothea always said that a combination of beauty and strength made southern women "whiskey in a teacup." We may be delicate and ornamental on the outside, she said, but inside we're strong and fiery. Reese's southern heritage informs her whole life, and she loves sharing the joys of southern living with practically everyone she meets. She takes the South wherever she goes with bluegrass, big holiday parties, and plenty of Dorothea's fried chicken. It's reflected in how she entertains, decorates her home, and makes holidays special for her kids-not to mention how she talks, dances, and does her hair (in these pages, you will learn Reese's fail-proof, only slightly insane hot-roller technique). Reese loves sharing Dorothea's most delicious recipes as well as her favorite southern traditions, from midnight barn parties to backyard bridal showers, magical Christmas mornings to rollicking honky-tonks. It's easy to bring a little bit of Reese's world into your home, no matter where you live. After all, there's a southern side to every place in the world, right?

**I Love You to the Moon and Back** Amelia Hepworth,2017-09-05 The sun rises, and a bear and cub begin their day together. They splash in the water, climb mountains, and watch the shimmering sky. They show their love by touching noses, playing chase, and of course, hugging. A sweet, gentle rhyme, perfect for sharing with a special little one!

**Nonstop** Jen Vuhong,2017-03-08 Today is the day for you to make a choice to reconnect with your purpose, passion, and infinitive resource of energy. I wrote this book once I felt struggled because of fighting between following my passion and my purpose. My family is a reason for me to live in life. Seeing my family and people around me work hard, life is a struggle for them; I desire to help people to make a difference in life. Once I define my passion is to become a personal development trainer, writer, and social entrepreneur, I quit the engineering job. I had to overcome my feeling of against my family expectation as an engineer, live a stable life. After months, I found I just made an excuse. I could not use my reason for living become a reason for stopping doing what I am doing. I wrote this book to express my thankful to my reason for living. The book is to reconnect with my purpose, my infinitive resource of energy. The book is to reconnect with your purpose, your passion, your infinitive resource of energy. This book is purely written from the memory of my childhood. In the continuous complex world, we often forget to feel appreciated little things. Little things matter. Appreciate little things, better yourself every day and often reconnect with your purpose, your infinitive sources of energy and passion. That make you live meaningfully, love completely, and give joyfully to achieve more. Every moment of life.

**Writing with Deleuze in the Academy** Stewart Riddle,David Bright,Eileen Honan,2018-09-25 In this book, authors working with Deleuzean theories in educational research in Australia and the United Kingdom grapple with how the academic-writing machine might become less contained and bounded, and instead be used to free impulses to generate different creations and connections. The authors experiment with forms of writing that challenge the boundaries of academic language, moving beyond the strictures of the scientific method that governs and controls what works and what counts to make language vibrate with a new intensity. The authors construct monstrous creations, full of vitality and fervor, hybrid texts, part academic part creative assemblages, almost-but-perhaps-not-quite recognisable as research. Stories that blur the lines between true and untrue, re-presentation and invention. The contributors to this book hope that something might happen in its reading; that some new connections might be made, but also acknowledge the contingency of the encounter between text and reader, and the impossibility of presuming to know what may be.

Love Makes, Life Live M. Munir,2017-10-09 Life consists of two days, one for you and one against you. So, when it's for you don't be proud or reckless, and when it's against you be patient, for both days are tests for you because the world cannot defeat you until you accept the defeat. Life will hurt you repeatedly: as many times, as you can suffer. However, the thing that suffers is not your body, it's your soul. So, don't prepare your body for challenges, prepare your soul because your body can only give you strength but you soul gives you courage to face all worries and problems. As I believe that all in my life is but a constant prompting to move. Every day I recall this line in my mind because it helps me live life more easily.

Love by the Book Cara Lynn James,2011-07-11 A sweeping love story set in a lavish seaside mansion in 1901 Rhode Island. Melinda Hollister is a society lady, intent on finding a rich husband before her peers discover her quickly diminishing wealth. Nick Bryson is all business, focused on making a name for himself in his father's teamship line. In order to get better acquainted with Nell and one another, Melinda and Nick agree to spend the summer in their own private quarters of the Bryson family vacation home, Summerhill. As their love for Nell grows, so does their attraction to each other. And for the first time in their lives, they sense that God has a bigger plan in motion. Life's Journey Terry Thomas,2019-03-22 Born in 1946, in Murton, a mining village in County Durham, in the aftermath of WWII, Thomas was to find himself growing up in interesting times. Coming from a working-class family where his parents had struggled to make a good home in which to raise their children, he was to follow the same pattern in trying to make life a little easier for his own children. He experienced the educational system of the 1950s and '60s with all the failings encompassed within it and suffered failure at the eleven, plus an examination that would determine his future education. A taste of what school life was during this era is expressed with concern and humor both with equal quantities, including the teaching styles and some of the characters he was to spend his school days with, which are told with affection. As a child, life was good in his eyes, and he appreciated the efforts made by his parents to improve his childhood experience. In his early youth, he found himself having to constantly change course to achieve the goals he had set himself, and this continued throughout his adult life. His desire to achieve good academic qualifications never faltered, despite some of the obstacles that seemed to be in the way of his progress. Married at an early age and while studying for his higher national diploma, he became a father to a beautiful baby girl, which now added to this cocktail of life. Although at times life seemed a constant struggle, it was no different to many other young couples of that era, but there was always time for laughter and fun. Many of these times are reflected in the book and still bring a smile to both Thomas and his family and friends. Life's Journey: Love, Live and Learn is a story many young couples can relate to as they may have experienced the same types of issues in their own life's journey.
