The Outlook Brandon Kennedy,2020-05 The Outlook is the first book in the Loving You Was Easy series. It is a brand new contemporary romantic drama set in the year 2012. It tells the tale of two main characters, teenagers Evan Cooper and Isabella Templeton, two best friends who are inseparable from kindergarten. All she wants is him, and all he wants is the most popular girl in school. However after a night of revelations, they come to be split apart and each handles it very differently. What can they do to mend what seems broken?

Hard to take your eye's off it. Is love what we really think or is there more to it than meets the eye? You be the judge... I promise you, you will never look to another author again. These are the Sentiments of a Love Obscure.

**The Outlook Book** Jan Trabue,2021-10-12 The Outlook Book teaches cognitive behavioral strategies to children in language that they can understand. The book is illustrated with photographs, taken by the author, of a wild squirrel (named MartyLou) living in her backyard. These images often depict MartyLou doing human activities and are quite entertaining! Children will enjoy looking at the pictures as they learn how to be in control of their behavior so that they can get along better with others. MartyLou encourages them to steer clear of stinking thinking and suggests things they can do to help them get out of a bad mood. After reading this book, MartyLou will become your child's cheerleader, teacher, and new friend.

Outlook Hill Lili Laker,2020-05-19 With only a few months until she finishes her school career, and a whole life ahead of her, Tammy is fuelled by hope for her future as a school teacher. It is the dawn of democracy in South Africa, and things are starting to change. When she inherits her parents estate, her life is thrown into a turmoil that she did not expect. With the support of her boyfriend, Tammy attempts to rebuild her life as best as she can, when an opportunity to model falls into her lap. Her life crosses paths with many people and just as it seems that she has got it right finally, a suicide leaves Tammy questioning what life is about. All the while the political landscape is changing, and life is become cheaper; farm attacks are becoming more frequent, and high jackings strike closer to home. Can the love that Tammy and Gareth share continue to conquer the challenges and changes that are happening all around them? Undaunted and through a nasty experience on a photo shoot, Tammy is forced to make some life changing business choices that will impact both her, and her boyfriends lives forever. Suddenly the door burst open, and David began yelling like a drama queen. This is a professional organization, we are not paid to laugh like moronic imbeciles, we are here to work. I will not tolerate this kind of behaviour from any of the staff members, it is totally unacceptable, and Tammy while you are here, you will adhere to the same rules. Consider this as my final warning to all of you. David, consider that your last speech to me. I am out of here. My resignation will be on your desk within the next hour, and it is with immediate effect. There is no rule against laughing, you are nothing but an arrogant, power hungry prick. Grant was fuming and stormed out.
