Romantic Images of You Don S. McClure, 2010-10-01 Romantic Images of You, Where My Heart Belongs is a true love story of poems it is the fascinating story of pure love and constant desire from the hearts of two people who spend time away from each other and yet always find their emotions embedded deep within their minds and souls. The author brings the reader closer to both David Stuart, the highly creative, success-driven, and sought-after promotional presentation producer, and Tiaunna, the woman with whom he has fallen in love. Her life as an art gallery owner is filled with success, and her world is consumed with her love for the man who captured her heart in a matter of seconds. .

**Loving** Hugh Nini, Neal Treadwell, 2020-10-14 Loving: A Photographic Story of Men in Love, 1850-1950 portrays the history of romantic love between men in hundreds of moving and tender vernacular photographs taken between the years 1850 and 1950. This visual narrative of astonishing sensitivity brings to light an until-now-unpublished collection of hundreds of snapshots, portraits, and group photos taken in the most varied of contexts, both private and public. Taken when male partnerships were often illegal, the photos here were found at flea markets, in shoe boxes, family archives, old suitcases, and later online and at auctions. The collection now includes photos from all over the world: Australia, Bulgaria, Canada, Croatia, France, Germany, Japan, Greece, Latvia, the United States, the United Kingdom, Russia, and Serbia. The subjects were identified as couples by that unmistakable look in the eyes of two people in love - impossible to manufacture or hide. They were also recognized by body language - evidence as subtle as one hand barely grazing another - and by inscriptions, often coded. Included here are ambrotypes, daguerreotypes, glass negatives, tin types, cabinet cards, photo postcards, photo strips, photomatics, and snapshots - over 100 years of social history and the development of photography. Loving will be produced to the highest standards in illustrated book publishing, The photographs - many fragile from age or handling - have been digitized using a technology derived from that used on surveillance satellites and available in only five places around the world. Paper and other materials are among the best available. And Loving will be manufactured at one of the world's elite printers. Loving, the book, will be up to the measure of its message in every way. In these delight-filled pages, couples in love tell their own story for the first time at a time when joy and hope - indeed human connectivity - are crucial lifelines to our better selves. Universal in reach and overwhelming in impact, Loving speaks to our spirit and resilience, our capacity for bliss, and our longing for the shared truths of love.

Focus, Love Lark Books, 2010 Every unique photograph begins with an original point of view The first book in a brand-new photographic series--shot mostly by amateurs--about seeing the world from a brand-new perspective! Amateurs, by definition, work for love alone--so what subject could be more fitting for the first entry in a brand-new series focusing on the art of the amateur photographer than that potent symbol of love: the heart? Through their snapshot-hungry eyes, these photographers glimpse hearts everywhere: in graffiti scrawled on an alleyway wall, in paper cut by a child, and in nature's worn stones scattered on a forest floor. All that's necessary is to open our eyes...which is what this collection inspires us to do.
