Utterly Adorable Cats Stuart Macfarlane, Linda Macfarlane, 2004 Cats rule the world, humans are our slaves... We are independent, proud, disdainful... and very, very cute. This title talks about how adorable the cats are.

Feline Philosophy John Gray, 2020-11-24 The author of *Straw Dogs*, famous for his provocative critiques of scientific hubris and the delusions of progress and humanism, turns his attention to cats—and what they reveal about humans' torturous relationship to the world and to themselves. The history of philosophy has been a predictably tragic or comical succession of palliatives for human disquiet. Thinkers from Spinoza to Berdyaev have pursued the perennial questions of how to be happy, how to be good, how to be loved, and how to live in a world of change and loss. But perhaps we can learn more from cats--the animal that has most captured our imagination--than from the great thinkers of the world. In *Feline Philosophy*, the philosopher John Gray discovers in cats a way of living that is unburdened by anxiety and self-consciousness, showing how they embody answers to the big questions of love and attachment, mortality, morality, and the Self: Montaigne's house cat, whose un-examined life may have been the one worth living; Meo, the Vietnam War survivor with an unshakable capacity for fearless joy; and Colette's Saha, the feline heroine of her subversive short story *The Cat*, a parable about the pitfalls of human jealousy. Exploring the nature of cats, and what we can learn from it, Gray offers a profound, thought-provoking meditation on the follies of human exceptionalism and our fundamentally vulnerable and lonely condition. He charts a path toward a life without illusions and delusions, revealing how we can

endure both crisis and transformation, and adapt to a changed scene, as cats have always done.

Cat People Devapriya Roy,2021-12-22 In Karachi, a writer house-sits for her father and his cat, while keeping track of his - the cat's - list of obsessions: ironed white sheets, kheer, KFC fries, warm custard, finely chopped sausages, and the flaky tops of chicken patties. In San Francisco, a couple adopt a cat, without anticipating what it will do to their relationship. In Noida, a cat and two dogs line up peacefully every morning for their daily dose of vitamin syrup. In Bombay, a lyricist and screenwriter roots through the litter tray first thing in the morning, to investigate if his cat's UTI is better. In wintry London, a young millennial wonders if she is actually a cat. Capturing the many moods of felines and their humans, in many forms and voices, Cat People, is a timely celebration of the most memed creature today: the cat. This collection of short stories, personal essays, lists, original art and photographs is are a treat, not just for cat lovers everywhere, but for all who love a story well-told – and, on occasion, a theory well-spun.
