Good Grief E.B. Bartels,2022-08-02 An unexpected, poignant, and personal account of loving and losing pets, exploring the singular bonds we have with our companion animals, and how to grieve them once they've passed. E.B. Bartels has had a lot of pets--dogs, birds, fish, tortoises. As varied a bunch as they are, they've taught her one universal truth: to own a pet is to love a pet, and to own a pet is also--with rare exception--to lose that pet in time. But while we have codified traditions to mark the passing of our fellow humans, most cultures don't have the same for pets. Bartels takes us from Massachusetts to Japan, from ancient Egypt to the modern era, in search of the good pet death. We meet veterinarians, archaeologists, ministers, and more, offering an idiosyncratic, inspiring array of rituals--from the traditional (scattering ashes, commissioning a portrait), to the grand (funereal processions, mausoleums), to the unexpected (taxidermy, cloning). The central lesson: there is no best practice when it comes to mourning your pet, except to care for them in death as you did in life, and find the space to participate in their end as fully as you can. Punctuated by wry, bighearted accounts of Bartels's own pets and their deaths, *Good Grief* is a cathartic companion through loving and losing our animal family.

Loving Animals Andreea Andonie, Carmen Andonie, Vlad Bucatariu, Antonia Szongott, 2018-08-15 Fifteen short stories, written by four Romanian animal lovers – aged 11 to 18 – give an impression how young people live with cats and dogs, in a country where animals are still very often regarded as worthless. The young authors recognized how valuable and lovely animals are, they feel it in their hearts and because of that, they try to give their best to make the animals' lives a little bit more light - and hopeful. Three colourful greeting cards, which come together with this book, can be sent by post or given as present to all people who are interested in the animals' well-being. This little book is part of the Project Shooting Starlight, a helping project for homeless animals especially in Romania but also everywhere in the world.

Ocicats. Ocicat Owners Manual. MR Elliott Lang, 2014-06-02 Everything you need to know about keeping the Ocicat cat as a pet. This is another very informative book by Elliott Lang. As an animal lover, he enjoys writing animal books and advising others how to take care of their animals to give them a happy home. This book is a must have guide for anybody passionate about Ocicats. Ocicat cats care, personality, grooming, health, training, costs and feeding all included. The book is written in an easy to read and understandable style. In a straight forward, no nonsense fashion, Elliott Lang covers all aspects of keeping Acicats as pets. Ocicats make very good pets. Not only is the Ocicat beautiful but also very adorable. You will never feel bored when living with an Ocicat. It is a playful cat that engages you all the time. Elliott Lang says: I have always been in the company of animals. That is the one thing I am most thankful for. My lovely pets have always been around to provide unconditional affection and love when I needed it the most. My father was instrumental in making me grow fond of animals. He always kept me around animals. I guess he was trying to help me learn how to be tolerant and loving from these amazing creatures. Trust me, some of the biggest life lessons that I have gained have come from these beautiful creatures. My family, too, has always been hands on with the pets in the household. Whether it was bathing, feeding or taking care of these animals, my family relied on pure instincts and ensured that the animals go the best of everything. These animals were the centre of all our activities. There was not a single day that did not begin with a discussion about these pets. What to feed them? How to take care of a cat or dog that is ailing? What is the most nutritious thing to feed them? These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Sometimes, I learnt from my family and sometimes, your pet will just tell you what he or she needs. Today, I am in a very privileged place where I can share this information with pet lovers across the globe. I would have never been able to provide you with so much comprehensive information without the knowledge that I gained from my father, my family and of course my beloved cats.
