Leo Suryadinata,Evi Nurvidya Arifin,Aris Ananta

Climatological Data ,1981

Climatological Data for the United States by Sections ,1981 Collection of the monthly climatological reports of the United States by state or region, with monthly and annual national summaries.

Methods of Demographic Analysis Farhat Yusuf,Jo. M. Martins,David A. Swanson,2013-10-22 This book provides an up-to-date overview of demographic analysis and methods, including recent developments in demography. Concepts and methods, from the nature of demographic information through data collection and the basics of statistical measures and on to demographic analysis itself are succinctly explained. Measures and analyses of fertility, mortality, life tables, migration and demographic events such as marriage, education and labour force are described while later chapters cover multiple decrement tables, population projections, the importance of testing and smoothing demographic data, the stable population model and demographic software. An emphasis on practical aspects and the use of real-life examples based on data from around the globe make this book accessible, whilst comprehensive references and links to data and other resources on the internet help readers to explore further. The text is concise and well written, making it ideally suited to a wider audience from students to academics and teachers. Students of demography, geography, sociology, economics, as well as professionals, academics and students of marketing, human resource management, and public health who have an interest in population issues will all find this book useful.

Indonesia's Population Leo Suryadinata,Evi Nurvidya Arifin,Aris Ananta,2003 Presenting an analysis of basic information contained in the official Indonesian census conducted in the year 2000, this book focuses on Indonesian ethnicity and religion and their relevance to the study of politics.
