**Love and Lust in Space** Beverly Langland, 2016 Erotica & Erotic Romance Set In The Stars They say your screams can't be heard in space... Unless you have a partner or two! Eleven authors take you on a trip where any pairings are acceptable, locations vary from spaceships to strange and futuristic worlds, and interesting and exciting objects can be used in sex play. If randy astronauts, virtual reality lovers, sex in near-death situations, a commitment phobe human woman and her alien lover, and reproduction in space experiments don't do anything for you, you are clearly not human! So try the stories in the alien worlds half of the anthology instead. Here you'll find alien Doms, a mysterious gladiator saving a stricken princess, sex performers, a paid assassin on the run, an illegal sonic dilda'tor and a pleasure booth. Space has never been so exciting!

Lust in Space T. Mark, 2018-07-26 The delicate balance of the Multi-Verse is again in peril. This time from a League of fanatics determined to extend their self-righteous morality throughout space and time to all inhabited worlds and a few rather quaint uninhabited ones too. But they've overlooked a potential snag while devising their oh-so-abominable plan. They've attracted the attention of the omnipotent, the almighty, the incalculably clever and preposterously well-dressed Olgarb. But even Olgarb will need help on this one. He'll coax his old assistant Ralphgorn out of retirement. He'll enlist Tracy, a randy dental Hygienist from Ganymede with breast issues. And he'll buzz back in time to call upon his favourite Earth journalist, Perry Brambles, who is once again embroiled in marital problems. / With an all-star cast, mind-pulverizing action, heart palpitating suspense, disturbingly ordinary drama, nerve-numbing romance and hot steamy sex, Lust in Space will have you laughing and panting and chirping like a sex-starved sparrow on holiday in Spain, Bermuda or on good old Rigel VII.

**Deep Space Lust** Greta Bowles,2019-07-03 Four stories of sexy adult adventures in space While traversing the universe in pursuit of adventure, profit, and pleasure, the characters in these stories are prone to explore the neighboring bodies of the life forms they meet as much as the planetary bodies. Greta Bowles explores just a few possible encounters and interactions between different species as they interact. The stories involve smuggling, marauding space pirates who enslave their captives, and official trade missions to other worlds. In the process, these adventurous characters discover alien cultural mores that make uncommon sexual practices the norm.

**Lust In Space** Pornelope, Toman is in for the surprise of his life when he begins exploring a destroyed planet and discovers an amazingly gorgeous girl living alone in the colony's abandoned spaceship. But Iliana isn't quite what she seems. She might be an innocent virgin, but she's a skilled genetic engineer who's created an incredibly powerful aphrodisiac and she can't wait to try it out on him! ~~~~~ PG Excerpt ~~~~~ Great stars, she was gorgeous! So petite he'd initially

mistaken her for a child, but now that he'd seen every luscious inch of her lush, ripe body?she was clearly no child. Her full breasts were gorgeous, her waist was amazingly narrow, and her gently curving hips issued an alluring invitation every time she moved. The soft curls between her thighs were captivating, hinting at the sweet untouched delights he ached right down to the bone to taste and plunder. She was totally innocent, though. He must keep remembering that! No matter how much he yearned to rip that seductive filmy off her quivering body and plunge deep inside her tight little core, he absolutely must keep his distance! She'd nearly run her hands over his surging length before he'd grabbed them and tugged them away. Surely she hadn't realized how provocative her innocent curiosity had been! If she'd actually touched him?no way could he have controlled his lustful desire! While her back was turned, he shifted uncomfortably on the couch, and tried to push his jutting shaft down so it wouldn't be so blatantly visible. As if mocking him, it thrust up even higher, and slick moisture began to spurt from its swollen crest. He wanted to groan with aching frustration. Iliana turned at that moment, and he jolted. If he yanked his hand away, it would be obvious that he'd been trying to hide his arousal. If he left his hand on his crotch, would she think he was some kind of lewd pervert? Or?if she was that totally innocent, would she even know what he was so desperately trying to hide? His dilemma was solved when a hover-table materialized in front of him. Quickly he tugged it closer so it shielded his dubious modesty. Then Iliana bent over to place a steaming plate on the tray, and his hungry gaze riveted on the deep valley between her rounded breasts. Tradition be damned; he wanted to feast on her! Another hot flush burned his angular cheeks as he shifted again, trying to quell his rising lust. ?Are you too warm?? Iliana glanced anxiously around the spacious lounge. She was innately tidy, and of course Computer?s servos would pick up anything she missed. But it was good to know her home was presentable for this intriguing

stranger's visit. "I can lower the temperature." "No, I'm fine." He said it a little too quickly, and wanted to squirm with embarrassment when her gaze dropped down toward his lap. No, he reassured himself even as his manhood shot straight up again and began straining insistently against his jumpsuit, she couldn't actually see it through the table. She was just making sure his meal was presentable. Iliana bent over again to pour him a fragrant drink, and he inhaled deeply. Or was that her own alluring scent as she sank gracefully onto the couch beside him? He realized abruptly that she'd been speaking for several moments, and he hadn't heard a single word. "and I've learned through my studies that every culture has different customs," she was saying, glancing at him through demurely lowered lashes. "My people often welcomed strangers by sharing themselves if the strangers were willing." "Sharing themselves?" He echoed her blankly, certain he was misunderstanding her intent. "As part of the welcoming ceremony," she nodded eagerly. "Records show that large gatherings were common, and the ceremonies often lasted two or more days." He simply stared at her, while his lusty shaft began to bob up and down under the small table.

*Black Market Studs On Ice* Greta Bowles, 2023-04-18 Isadora is on the run again, and her only option is to convince Captain Oscar Roma to give her passage on the ratty freighter Stella Buena. Broke, she has to accept his terms, and they have everything to do with satisfying his lust as well as that of Las Vegas, a hermaphrodite Demrik. She is sharing the cargo hold with a couple of genetically engineered studs that have black market modifications. What can possibly go wrong? Besides almost everything. But from her perspective, hot, erotic action with multiple partners triumphs over adversity every time. A creature has to be adaptable, right? ~~~~~ PG Excerpt ~~~~~ Climbing the boarding ramp of the Stella Buena, I experienced a moment of actual fear. The ratty old freighter was my lifeline... if I could convince the captain to help me out. He had to help

me. Suddenly, the otherwise routine task of getting off Tyrsa II had become the most important thing in my life. In fact, without delving into nauseating detail, if I had to remain on Tyrsa II much longer, it would likely be the last thing I ever did. I wasn't ready for the last thing in my life to come up. Not yet. Fortunately, I didn't have to be sneaky about my intentions to get off planet as fast as possible. After the unfortunate events that had played out, I wasn't the only one on that planet who thought me leaving immediately was a good thing. The authorities made that clear. "Now!" was the word the magistrate used. Checking the flight schedules, I found this ship, the interplanetary freighter Stella Buena, was the only ship leaving the planet for the next week. But a lack of transport was, in the words of the same magistrate, my problem. I was to be gone ASAP. I noted that Stella Buena's scheduled flight plan involved a long hop and then a three-day layover on a planet I would rather avoid if that was possible. Not that I was in trouble there, nothing major, anyway, not the kind of situation that risked my life and liberty, but it wasn't a nice place to while away the time. The second issue I had with what appeared to be my only option was that Stella Buena, despite its name (Good Star), was at best a rather sketchy freighter. But choice was a luxury I didn't have. I had a passing acquaintance with the ship's Captain, Oscar Ramo. Whether that would prove to be a plus or minus remained to be seen. Oscar was a Rigel Blue. Not to profile or diminished the ability of any creature to become more than the sum of their genes, but it was a race well known to produce skilled traders who tended to be less than conscientious Captains. Oscar was the poster boy for that. I knew him to be incredibly fond of himself... self indulgent. I doubted he willing squandered a great deal of love and affection on his ship, much less any significant money. The saying: "if it ain't entirely essential, jury rig it," comes to mind. Rigel Blues are fond of a fat and juicy bottom line. The look in his eyes when I came on board told me the plant's rumor mill was grinding away at full tilt.

Oscar didn't look the least surprised to see me. He'd heard the story and he knew the schedules better than I did and would have predicted my arrival with a probability of one-hundred percent. His smile said it all. Seeing me coming to him, walking on his ship and knowing that I needed to ask him for a favor, pleased him a lot.

*Lust and Lawlessness* Cade Mayberry, 2019-01-09 Twelve hundred years in the future, a special operative of the defunct Gemini Corporation teams up with a colorful female pirate captain to free genetically engineered synthetic humans from a monomaniacal oligarch. Full of action, adventure, sex, and intrigue, this novel spans the Milky Way in breadth. A homage to the sci-fi genre in general, this modest novella of 101 pages explores more than space. As technology advances, the question asked by this book is: what does it mean to be human?

Sex, space & rock 'n' roll Linda Jaivin, 1999

**Sex, Space und Rock'n Roll.** Linda Jaivin, 2002-02

**Emotional Arenas** Mark Seymour, 2020-04-02 Based on the records of a murder trial that transfixed all of Italy in the late 1870s, this study makes use of a dramatic court case to develop a new paradigm for the history of emotions - the 'emotional arena'. Set in the decade following Italian unification, the context was one of notable cultural variety. An as-yet unexplored aspect of this was that the experience and expression of emotions were as variable as the regions making up the new nation. Through a close examination of the spaces in which daily lives, loves, and deaths unfolded - from marital homes to places of socializing and entertainment, to a Roman court room - Mark Seymour explores the way social 'arenas' are crucial to the historical development of emotional cultural rules. The narrative is driven by the failed marriage of a decorated but allegedly impotent Risorgimento soldier, his wife's scandalous affair with a virile circus artiste (who had a string of

previous lovers), and the illicit new couple's murder of the hapless husband. Hundreds of witnesses - from local professionals to servants and even circus clowns - interviewed across the length and breadth of the peninsula, left their personal views on marriage, sexuality, and infidelity. These provide an extraordinary series of peepholes into little-known areas of the new nation's social fabric. A careful yet imaginative reading of the prosecution records, as well as contemporary newspaper coverage, allows reconstruction of the highly emotional experiences of all those touched by this extraordinary story. The result is a classic Italian micro-history with relevance for today's emotionally volatile times.

**The Production of Space** Henri Lefebvre, 1992-04-08 Henri Lefebvre has considerable claims to be the greatest living philosopher. His work spans some sixty years and includes original work on a diverse range of subjects, from dialectical materialism to architecture, urbanism and the experience of everyday life. *The Production of Space* is his major philosophical work and its translation has been long awaited by scholars in many different fields. The book is a search for a reconciliation between mental space (the space of the philosophers) and real space (the physical and social spheres in which we all live). In the course of his exploration, Henri Lefebvre moves from metaphysical and ideological considerations of the meaning of space to its experience in the everyday life of home and city. He seeks, in other words, to bridge the gap between the realms of theory and practice, between the mental and the social, and between philosophy and reality. In doing so, he ranges through art, literature, architecture and economics, and further provides a powerful antidote to the sterile and obfuscatory methods and theories characteristic of much recent continental philosophy. This is a work of great vision and incisiveness. It is also characterized by its author's wit and by anecdote, as well as by a deftness of style which Donald Nicholson-Smith's

sensitive translation precisely captures.

**Relative Traumas** Candice Louisa -Daquin, 2022-01-22 Songwriter, musician, and poet Nadia Garofalo is a throwback to the dark romanticism of Byron and all who felt deeply, intensely, piercingly. This debut collection of poetry examines the exquisite pain of chasing your dreams and the urgent need to live passionately. Her writing is raw, edgy, and unapologetic, with a tendency to revive the reader in the way that one is revived by putting their hands in cool water. Garofalo condenses observations of heredity and personal history alongside the humming piques of desire and complex relationships. Her confessional words might as well be sung for all the power they possess, imploring to the void for more. There is such a stirring rendition of urgent living here that it quickens the pulse, stirs what was once thought long dead, and awakens us to the potency that is poetry. Featuring Illustrations by Tavi Veraldi, Bianca Xunise, Jettla Lewis, Cindy Bernhard, and more.

**Kosher Lust** Shmuley Boteach, 2024-01-23 As many as one in three long-term marriages in America are sexless, and most people accept this as the inevitable course of a romantic relationship. In this groundbreaking book, Rabbi Shmuley Boteach explains why the prioritizing of love and companionship in marriage is all wrong, and why we should not go quietly into that dark night of celibate marriage. It is not love, Rabbi Shmuley shows, but lust that is the glue of a marriage. In this book you will learn how to restore lust to its rightful place as the central pillar of marriage. You will learn about the three principles of lust, and how to tap into them to keep the flames burning in the family hearth. Finally, you will discover the incredible emotional and spiritual potential of the intimate marital bond. In a wide-ranging discussion that plumbs the depths of the erotic mind, Rabbi Shmuley delivers a revolutionary message with the power to completely transform your most

important relationship.

Euripides, Women and Sexuality Anton Powell, 2003-09-02 Euripides' interest in the psychology and social position of women is well known. Of the great Greek playwrights, he most directly reflects contemporary philosophical and social debates, and his work is of great value as a source for social history. The important new studies in this volume explore Euripides' treatment of sexuality and Greek ideals of women's behaviour. Using a wide range of analytic techniques, seven scholars direct new light not only on Euripides' own views of women but also on the ideals and preoccupations of his contemporaries in this area. Athenian women of the classical period were used, in Plato's phrase, 'to a life in the shadows'. This book helps us to see how far the influence of these cloistered women extended into the sunlit world of men.

*To Love, Honor, and Vacuum* Sheila Wray Gregoire, 2014 Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets

and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

Laura Esquivel's Mexican Fictions Elizabeth Moore Willingham, 2012-05-18 This book - now available in paperback - is the first in-depth review and assessment of Laura Esquivel criticism. Outstanding essayists - from diverse critical perspectives in Latin American literature and film - explore Esquivel's critical reputation, contextualize her work in literary movements, and consider her four novels, as well as the film based on *Like Water for Chocolate*. The book begins with An Introduction to Esquivel Criticism, reviewing 20 years of global praise and condemnation. Elena Poniatowska, in an essay provided in the original Spanish and in translation, reflects on her first reading of *Like Water for Chocolate*. From unique critical perspectives, Jeffrey Oxford, Patrick Duffey, and Debra Andrist probe the novel as film and fiction. The Rev. Dr. Stephen Butler Murray explores Esquivel's spiritual focus, while cultural geographer Maria Elena Christie uses words and images to compare Mexican kitchen-space and Esquivel's first novel. Elizabeth Coonrod Martinez and Lydia H. Rodriguez affirm divergent readings of *The Law of Love*, and Elizabeth M. Willingham discusses the contested national identity in *Swift as Desire*. Jeanne L. Gillespie and Ryan F. Long approach *Malinche: A Novel* through historical documents and popular and religious culture. In the closing essay, Alberto Julian Perez contextualizes Esquivel's fiction within Feminist and Hispanic literary movements. This book has won the Harvey L. Johnson Book Award for 2011, conferred by the South Central Organization of Latin American Studies at its 44th annual Congress in Miami, Florida (March 9, 2012).

**Why I Didn't Rebel** Rebecca Gregoire Lindenbach, 2017-10-03 In this unique combination of personal history, interviews, and social science, a young millennial shares surprising reasons that youthful rebellion isn't inevitable and points the way for raising healthy, grounded children who love God. Teen rebellion is seen as a cultural norm, but Rebecca Gregoire Lindenbach begs to differ. In *Why I Didn't Rebel*--based on a viral blog post that has been read by more than 750,000 people--Lindenbach shows how rebellion is neither unavoidable nor completely understood. Based on interviews with her peers and combining the latest research in psychology and social science with stories from her own life, she gives parents a new paradigm for raising kids who don't go off the rails. Rather than provide step-by-step instructions on how to construct the perfect family, Lindenbach tells her own story and the stories of others as examples of what went right, inviting readers to think differently about parenting. Addressing hot-button issues such as courtship, the purity movement, and spanking--and revealing how some widely-held beliefs in the Christian community may not actually help children--*Why I Didn't Rebel* provides an utterly unique, eye-opening vision for raising kids who follow God rather than the world.

**Early Cinema** Thomas Elsaesser, Adam Barker, 2019-07-25 In the twenty years preceding the First World War, cinema rapidly developed from a fairground curiosity into a major industry and social institution, a source of information and entertainment for millions of people. Only recently have film scholars and historians begun to study these early years of cinema in their own right and not simply as first steps towards the classical narrative cinema we now associate with Hollywood. The essays in this collection trace the fascinating history of how the cinema developed its forms of storytelling and representation and how it evolved into a complex industry with Hollywood rapidly acquiring a dominant role. These issues can be seen to arise from new readings of the so-called

pioneers - Melies, Lumiere, Porter, and Griffith - while also suggesting new perspectives on major European filmmakers of the 1910s and 20s. Editor Thomas Elsaesser complements the contributions from leading British, American, and European scholars with introductory essays of his own that provide a comprehensive overview of the field. The volume is the most authoritative survey to date of a key area of contemporary film research, invaluable to historians as well as to students of cinema.

Porn - Philosophy for Everyone Dave Monroe, 2011-01-11 This anthology takes the ever-controversial discussion of pornography out of solely academic circles; it expands the questions about porn that academics might tackle and opens the conversation to those who know it best—the creators and users of porn. Features essays on non-traditional issues in porn, including celebrity sex tapes, virtual sex, S&M, homosexual porn, and technology's impact on the porn industry Features fascinating insights from psychologists, a lawyer, and an English professor, as well as industry insiders such as Dylan Ryder A fun, entertaining, and philosophically provocative approach to pornography, written for the general reader

**Love in Excess - Second Edition** Eliza Haywood, 2000-06-12 Eliza Haywood (1693-1756) was one of the most successful writers of her time; indeed, the two most popular English novels in the early eighteenth-century were Robinson Crusoe and Haywood's first novel, Love in Excess. As this edition enables modern readers to discover, its enormous success is easy to understand. Love in Excess is a well crafted novel in which the claims of love and ambition are pursued through multiple storylines until the heroine engineers a melodramatic conclusion. Haywood's frankness about female sexuality may explain the later neglect of Love in Excess. (In contrast, her accomplished domestic novel, The History of Miss Betsy Thoughtless, has remained available.) Love in Excess and its

reception provide a lively and valuable record of the challenge that female desire posed to social decorum. For the second Broadview edition, the appendix of eighteenth-century responses to Haywood has been considerably expanded.
