Exercise Personal Training 101 Michael Chia,2012 Exercise Personal Training 101 provides a message of empowerment for personal trainers who believe in the holistic development of their clients. The key philosophy of the book is to help personal trainers of exercise to empower their clients with good problem-solving and decision-making skills concerning their health and well-being. Good personal trainers become great personal trainers when they practise HELP with their clients and help them to become better problem-solvers and decision makers rather than telling them what to do, by offering sound and scientifically-based information that is personalised and appropriate. Personal exercise training books that address associated issues of the profession are rare and not easily available. Many personal trainers are self-taught, do not have the required qualifications and are motivated by the amount of money that they can make rather than the health and well-being of clients. Readers will learn what makes a good personal trainer and those who are in the profession can benefit by equipping themselves with the knowledge, skills and attitudes that will make them a great exercise personal trainer. Excellent personal trainers can be lifestyle and wellness coaches who are renowned for their great listening skills and high emotional quotient. They exceed client expectations at every opportunity. Special features in the book include concept statements, strategies for action, technology updates, in the news, key points and technical jargon, web-resources and follow-up references. The book is a must-read whether you are starting out in personal training or you are an experienced personal trainer.

The Business of Personal Training Scott Roberts,1996 Whether you are considering a career as a personal trainer or searching for ways to increase revenue and gain new clients for your existing business, you'll find The Business of Personal Training to be an indispensable reference. Written by some of the most successful personal trainers in the country, this book provides the foundation for building your personal training business. The Business of Personal Training discusses not only how to build a solid business but also how to be an effective trainer. After an outline of the history of the profession and the qualifications needed to be a personal trainer, the book explains how to develop a mission statement and business plan, create strategic and creative marketing plans, establish prices for services, hire and train staff members, improve client-trainer communication, motivate clients and help them set goals, and design appropriate exercise programs. Nineteen sample forms make it easy for you to put the ideas presented into practice. Learn from veteran personal trainers what it takes to succeed. The practical advice provided in The Business of Personal Training is valuable for new and established trainers as well as for health and fitness administrators who supervise personal trainers.

Confessions of a Certified Personal Trainer Robert Linkul MS CSCS,2011-06-27 Robert's commitment to the personal training business earned him the honor of serving the National Strength and Conditioning Association as their Northern California State Director (2010-2012). Robert has his masters degree in personal training, his bachelors degree in kinesiology, is a certified strength and conditioning specialist with distinction, a certified NSCA certified personal trainer with distinction as well as a certified USA Weightlifting Level I coach. I have grown tired of all the fads and myths of the certified personal training business and decided I would put out a email to all my clients discussing a topics like site specific reduction or crash diets. The support I received after sending out the first newsletter inspired me to keep writing. My goal is to change the way people think of fitness. I call it the fitness revolution. This book is a combination of education, experience and research all put together and thrown down on paper. These are my confessions as a certified personal trainer. Many trainers will not tell you information like you will read in this book. That is why I call it a revolution. We are breaking away from the norm and developing something new. With science and research as my guide, I will educate you on a new way to train, the right way to training.
