Horace Busby

Lyndon B. Johnson Robert Dallek, 2005 A single-volume, abridged edition of the acclaimed two-volume portrait offers insight into the president's ambitious and demanding personality, his achievements in the White House, and his personal reflections on the challenges of the Vietnam War. Reprint.

Lyndon Johnson Remembered Thomas W. Cowger, Sherwin Markman, 2003 In *Lyndon Johnson Remembered: An Intimate Portrait of a Presidency* Thomas W. Cowger and Sherwin J. Markman bring together essays by Johnson administration insiders reflecting on his personality, domestic agenda, and legacy.

Lyndon Baines Johnson Remembered Jerry Sinise, 1985

The Thirty-first of March Horace Busby, 2023-06-13 An intimate retelling of Lyndon B. Johnson's politics and presidency by one of his closest advisors. Horace Busby was one of LBJ's most trusted advisors; their close working and personal relationship spanned twenty years. In *The Thirty-First of March* he offers an indelible portrait of a president and a presidency at a time of crisis. From the aftereffects of the Kennedy assassination, when Busby was asked by the newly sworn-in president to sit by his bedside during his first troubled nights in office, to the concerns that defined the Great Society—civil rights, the economy, social legislation, housing, and the Vietnam War—Busby not only articulated and refined Johnson's political thinking, he also helped shape the most ambitious, far-reaching legislative agenda since FDR's New Deal. Here is Johnson the politician, Johnson the schemer, Johnson who advised against JFK's choice of an open limousine that fateful day in Dallas, and Johnson the father, sickened by the deaths of young men fighting and dying in Vietnam on his orders. *The Thirty-first of March* is a rare glimpse into the inner sanctum of Johnson's presidency, as seen through the eyes of one of the people who understood him best.

The Thirty-first of March Horace W. Busby, 2005 Offering a rare glimpse into the inner sanctum of Lyndon Johnson's presidency, *The Thirty-First of March* is an intimate, compulsively readable memoir by LBJ's closest aide and chief speechwriter.

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 2015-08-04 With a new foreword: The New York Times–bestselling biography of President Lyndon Johnson from the Pulitzer Prize-winning author of *Team of Rivals*. Featuring a 2018 foreword by the Pulitzer Prize-winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency, from the vantage point of our current, profoundly altered political culture and climate, Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969. After Johnson's term ended, Goodwin remained his confidante and assisted in the preparation of his memoir. In *Lyndon Johnson and the American Dream*, she traces the 36th president's life from childhood to his early days in politics, and from his leadership of the Senate to his presidency, analyzing his dramatic years in the White House, including both his historic domestic triumphs and his failures in Vietnam. Drawing on personal anecdotes and candid conversation with Johnson, Goodwin paints a rich and complicated portrait of one of our nation's most compelling politicians in "the most penetrating, fascinating political biography I have ever read" (*The New York Times*).

Lyndon B. Johnson United States. President (1963-1969 : Johnson), 1965

Lone Star Rising Robert Dallek, 1991 Volume one of a two-volume biography follows Johnson's life from his childhood on the banks of the Pedernales to his election as vice president under Kennedy.

Taking Charge Michael R. Beschloss, 1998-09-18 Contains primary source material.

Lyndon B. Johnson, 1964

Lyndon B. Johnson Charles Peters, 2010-06-08 The towering figure who sought to transform America into a Great Society but whose ambitions and presidency collapsed in the tragedy of the Vietnam War Few figures in American history are as compelling and complex as Lyndon Baines Johnson, who established himself as the master of the U.S. Senate in the 1950s and succeeded John F. Kennedy in the White House after Kennedy's assassination on November 22, 1963. Charles Peters, a keen observer of Washington politics for more than five decades, tells the story of Johnson's

presidency as the tale of an immensely talented politician driven by ambition and desire. As part of the Kennedy-Johnson administration from 1961 to 1968, Peters knew key players, including Johnson's aides, giving him inside knowledge of the legislative wizardry that led to historic triumphs like the Voting Rights Act and the personal insecurities that led to the tragedy of Vietnam. Peters's experiences have given him unique insight into the poisonous rivalry between Johnson and Robert F. Kennedy, showing how their misunderstanding of each other exacerbated Johnson's self-doubt and led him into the morass of Vietnam, which crippled his presidency and finally drove this larger-than-life man from the office that was his lifelong ambition.

Lyndon B. Johnson, a Memoir George E. Reedy, 1982

Lyndon B. Johnson United States. President (1963-1969 : Johnson), Lyndon Baines Johnson, 1965

The Presidency of Lyndon B. Johnson Vaughn Davis Bornet, 1983 Presents an assessment of the Johnson administration including the Vietnam issue.

Means of Ascent Robert A. Caro, 2011-11-23 In *Means of Ascent*, Book Two of *The Years of Lyndon Johnson*, Robert A. Caro brings alive Lyndon Johnson in his wilderness years. Here, Johnson's almost mythic personality—part genius, part behemoth, at once hotly emotional and icily calculating—is seen at its most nakedly ambitious. This multifaceted book carries the President-to-be from the aftermath of his devastating defeat in his 1941 campaign for the Senate—the despair it engendered in him, and the grueling test of his spirit that followed as political doors slammed shut through his service in World War II (and his artful embellishment of his record) to the foundation of his fortune (and the actual facts behind the myth he created about it). The culminating drama—the explosive heart of the book—is Caro's illumination, based on extraordinarily detailed investigation, of one of the great political mysteries of the century. Having immersed himself in Johnson's life and world, Caro is able to reveal the true story of the fiercely contested 1948 senatorial election, for years shrouded in rumor, which Johnson was not believed capable of winning, which he “had to” win or face certain political death, and which he did win—by 87 votes, the “87 votes that changed history.” Telling that epic story “in riveting and eye-opening detail,” Caro returns to the American consciousness a magnificent lost hero. He focuses closely not only on Johnson, whom we see harnessing every last particle of his strategic brilliance and energy, but on Johnson's “unbeatable” opponent, the beloved former Texas Governor Coke Stevenson, who embodied in his own life the myth of the cowboy knight and was himself a legend for his unfaltering integrity. And ultimately, as the political duel between the two men quickens—carrying with it all the confrontational and moral drama of the perfect Western—Caro makes us witness to a momentous turning point in American politics: the tragic last stand of the old politics versus the new—the politics of issue versus the politics of image, mass manipulation, money and electronic dazzle.

Public Papers of the Presidents of the United States: Lyndon B. Johnson, 1968-1969 Johnson, Lyndon B., 1970-01-01 Public Papers of the Presidents of the United States

A Very Personal Presidency Hugh Sidey, 1968 This is certainly not the first unflattering portrait to be drawn of Our Leader, but miraculously Mr. Sidey has managed to keep the note of outrage from this series of short sketches, chronological reconstructions and personal asides. Mr. Sidey has sidled around the White House for some time on behalf of Life and Time, and while obviously hip on the official and unofficial details of crisis management, he is concerned here with communicative processes of Lyndon Johnson, not so much in terms of success or failure, but as indications of a total personality. Sidey seems to be the first in our knowledge to obviate the personal magnetism and power of the President's presence, to cut him down without contempt or anger. The conclusions are perhaps not new—Johnson's managerial technique of man-to-man persuasion was just not effective on a broad front. He failed both to educate and inspire. He did not enlighten; he promised. He did not inspire; he promised. He decided to retire, the author reasons, because he realized he was in trouble and that his time was up. The many public and private views of the President—from a supremely happy incognito visit to a bull auction to a grim plodding without visible inspiration through a Malaysia village—shade out the portrait. Mr. Sidey's Bobby bias appears at times, but his compassion softens the scrutiny.

Assassination and Its Aftermath Don Nardo, 2013 Analyzes the historical context and significance of the photograph of Jacqueline Kennedy standing beside Lyndon Johnson as he took the presidential oath of office just hours after John Kennedy's assassination in 1963.

The Path to Power Robert A. Caro, 1990-02-17 The Years of Lyndon Johnson is the political biography of our time. No president—no era of American politics—has been so intensively and sharply examined at a time when so many prime witnesses to hitherto untold or misinterpreted facets of a life, a career, and a period of history could still be persuaded to speak. The Path to Power, Book One, reveals in extraordinary detail the genesis of the almost superhuman drive, energy, and urge to power that set LBJ apart. Chronicling the startling early emergence of Johnson's political genius, it follows him from his Texas boyhood through the years of the Depression in the Texas hill Country to the triumph of his congressional debut in New Deal Washington, to his heartbreaking defeat in his first race for the Senate, and his attainment, nonetheless, of the national power for which he hungered. We see in him, from earliest childhood, a fierce, unquenchable necessity to be first, to win, to dominate—coupled with a limitless capacity for hard, unceasing labor in the service of his own ambition. Caro shows us the big, gangling, awkward young Lyndon—raised in one of the country's most desperately poor and isolated areas, his education mediocre at best, his pride stung by his father's slide into failure and financial ruin—lunging for success, moving inexorably toward that ultimate "impossible" goal that he sets for himself years before any friend or enemy suspects what it may be. We watch him, while still at college, instinctively (and ruthlessly) creating the beginnings of the political machine that was to serve him for three decades. We see him employing his extraordinary ability to mesmerize and manipulate powerful older men, to mesmerize (and sometimes almost enslave) useful subordinates. We see him carrying out, before his thirtieth year, his first great political inspiration: tapping-and becoming the political conduit for-the money and influence of the new oil men and contractors who were to grow with him to immense power. We follow, close up, the radical fluctuations of his relationships with the formidable "Mr. Sam" Rayburn (who loved him like a son and whom he betrayed) and with FDR himself. And we follow the dramas of his emotional life-the intensities and complications of his relationships with his family, his contemporaries, his girls; his wooing and winning of the shy Lady Bird; his secret love affair, over many years, with the mistress of one of his most ardent and generous supporters . . . Johnson driving his people to the point of exhausted tears, equally merciless with himself . . . Johnson bullying, cajoling, lying, yet inspiring an amazing loyalty . . . Johnson maneuvering to dethrone the unassailable old Jack Garner (then Vice President of the United States) as the New Deal's "connection" in Texas, and seize the power himself . . . Johnson raging . . . Johnson hugging . . . Johnson bringing light and, indeed, life to the worn Hill Country farmers and their old-at-thirty wives via the district's first electric lines. We see him at once unscrupulous, admirable, treacherous, devoted. And we see the country that bred him: the harshness and "nauseating loneliness" of the rural life; the tragic panorama of the Depression; the sudden glow of hope at the dawn of the Age of Roosevelt. And always, in the foreground, on the move, LBJ. Here is Lyndon Johnson—his Texas, his Washington, his America—in a book that brings us as close as we have ever been to a true perception of political genius and the American political process.
