**Private Antitrust Litigation in the European Union and Japan** Simon Vande Walle,2013 Companies in Europe and Japan are increasingly the target of private antitrust litigation. These lawsuits are being facilitated by favorable case law, legislative changes, and a growing awareness of antitrust remedies in all layers of society. This book analyzes and compares this burgeoning area of litigation in the European Union and Japan. It examines the legal framework for these actions and takes stock of the hundreds of actions for damages and injunctive relief that have been brought in Japan and the EU. It also looks at the novel contexts in which private litigants are invoking antitrust violations, such as in derivative suits and in actions to challenge arbitral awards. Finally, the book assesses the impact of private litigation on the enforcement of antitrust law and shows how Japan's experience can be useful for Europe and vice versa in shaping future reforms.

**Compatibility of Transactional Resolutions of Antitrust Proceedings with Due Process and Fundamental Rights & Online Exhaustion of IP Rights** Bruce Kilpatrick,Pierre Kobel,Pranvera Këllezi,2016-06-08 This book provides an unparalleled comparative analysis of two hot topics in the field of antitrust and unfair competition laws with regard to a number of key countries. The first part of the book examines the consistency and compatibility of transactional resolutions of antitrust proceedings (such as settlement procedures, leniency programmes and commitments) with due process and the fundamental rights of the parties. This is a particularly important topic, given the widespread adoption of these procedures by anti-trust authorities worldwide. The individual chapters consider how the leniency, settlement and commitments procedures have developed across a range of jurisdictions, and discuss the extent to which checks and balances have been applied in those national procedures in order to safeguard the fundamental rights of the parties involved. A detailed international report identifies general trends and highlights the differences between and most interesting features of national regulations. The second part of the book gathers contributions from various jurisdictions on the unfair competition-related question of the online exhaustion of IP rights. As commerce is increasingly moving online, the respective chapters consider the extent to which exhaustion and similar concepts have adapted to these rapid changes. The comprehensive and insightful international report brings together these reflections by comparing various national positions. The book also includes the resolutions passed by the General Assembly of the LIDC following a debate on each of these topics, which include proposed solutions and recommendations. The international League of Competition Law (LIDC) is a long-standing international association that focuses on the interface between competition law and intellectual property law, including unfair competition issues.

The Consistent Application of EU Competition Law Adriana Almășan,Peter Whelan,2017-01-04 In recent years, there has been a decentralisation of the enforcement of the EU competition law provisions, Articles 101 and 102 of the Treaty on the Functioning of the European Union (TFEU). Consequently, the national application of these provisions has become increasingly more common across the European Union. This national application poses various challenges for those concerned about the consistent application of EU competition law. This edited collection provides an in-depth analysis of the most important limitations of, and the challenges concerning, the applicability of Articles 101 and 102 TFEU at national level. Divided into five parts, the book starts out by examining how the consistent enforcement of Articles 101 and 102 TFEU operates as a general EU competition policy. It then discusses several recent landmark cases of the European Court of Justice on Articles 101 and 102 TFEU, before proceeding to analyse certain additional, unique jurisdictional challenges to the uniform application of the EU competition law provisions. Subsequently, it focuses on one of the most important instruments that can help to achieve the uniform application of EU competition law in cases handled by the national courts: preliminary rulings. Finally, it provides selective examples of how Articles 101 and 102 TFEU are effectively applied at national level, thereby providing additional input into how problematic the issue of consistent application of EU competition law is in practice.

*Discourse Analysis* Susan Strauss,Parastou Feiz,2013-12-17 This introductory textbook presents a variety of approaches and perspectives that can be employed to analyze any sample of discourse. The perspectives come from multiple disciplines, including linguistics, sociolinguistics, and linguistic anthropology, all of which shed light on meaning and the interactional construction of meaning through language use. Students without prior experience in discourse analysis will appreciate and understand the micro-macro relationship of language use in everyday contexts, in professional and academic settings, in languages other than English, and in a wide variety of media outlets. Each chapter is supported by examples of spoken and written discourse from various types of data sources, including conversations, commercials, university lectures, textbooks, print ads, and blogs, and concludes with hands-on opportunities for readers to actually do discourse analysis on their own. Students can also utilize the book's comprehensive companion website, with flash cards for key terms, quizzes, and additional data samples, for in-class activities and self-study. With its accessible multi-disciplinary approach and comprehensive data samples from a variety of sources, Discourse Analysis is the ideal core text for the discourse analysis course in applied linguistics, English, education, and communication programs.

**Find Me** Laurelin Paige,2020-04-16 La conclusion de Found, l’histoire de Gwen et JC en deux tomes, suite de Free Me, par Laureline Paige, auteure de best-sellers au classement du New York Times. Je suis venue au Sky Launch pour tout recommencer, loin des horreurs de mon passé. Les circonstances qui m’ont amenée ici n’étaient pas idéales, mais je me suis liée d’amitié avec Alayna et Hudson Pierce, et ma famille a guéri comme je ne l’aurais jamais cru possible. Avec eux dans mon entourage proche, je ne me suis jamais sentie plus en confiance. Mais pour tout recommencer à zéro, il faut savoir lâcher prise. Et il y a certaines choses que je ne veux pas abandonner – JC, par exemple, l’homme qui m’a appris à me libérer. L’homme que je n’étais pas censée aimer. L’homme que je ne veux pas perdre. Je suis en sécurité dans ma vie désormais. Les menaces du passé sont devenues moins inquiétantes et je me retrouve face à un choix : tourner la page ou me raccrocher à l’espoir que JC m’aime suffisamment pour venir me retrouver.
