Mike Jess

Mad for Speed Elsa A. Nystrom, 2013-06-06 This book covers Joan Newton Cuneo's life, and her roles (from 1905 to 1915) as the premier female racer in the United States and spokeswoman for women drivers and good roads. Beginning with her family history and marriage to Andrew Cuneo, it traces her life in New York society, the birth of her children, and Joan's growing interest in automobile touring and racing and partnership with Louis Disbrow, her racing mechanic. The book covers Joan's experiences in three Glidden Tours, including her notes on the 1907 tour, her first races, and her rivals. It also looks at the growth and change of automobile culture and the battles for control of racing among the American Automobile Association, the Automobile Club of America, and the American Automobile Manufacturers Association—which ended in banishing women racers shortly after Joan's greatest racing victories at New Orleans (in 1909). The book then follows Joan's attempts to continue racing, the end of her marriage, her move to the Upper Peninsula, and her remarriage and death. The book also includes a chapter on her female rivals in racing and touring.

Jean Arthur Jerry Vermilye, 2012-06-06 Blonde, vivacious Jean Arthur is best remembered today for her unique, childlike voice and for the handful of classic Thirties and Forties movies she made for directors Frank Capra and George Stevens, such as *You Can't Take It With You*, *Mr. Smith Goes to Washington*, *The More the Merrier* and her last picture *Shane*, released in 1953. But not many know that her 30-year film career dates from the early Twenties, when she was an inexperienced contract player at Fox. In fact, Arthur appeared in more movies of the silent era (mostly program Westerns and minor comedies) than she made after the advent of sound. Born with the name Gladys Greene in 1900, Jean Arthur renamed and reinvented herself when she arrived in Hollywood in 1922, fictionizing her background and subtracting eight years from her actual age. Colleagues have recalled the eccentric personality and behind-the-scenes insecurities that negated her popularity with the press and inhibited her later career as a stage and TV star, prompting her eventual retreat into seclusion. All of these exploits and more are detailed in this comprehensive biofilmography by Jerry Vermilye, a much published author who tells his story in a brisk non-judgmental style that has drawn critical praise for his volumes on such legendary film personalities as Cary Grant, Barbara Stanwyck, Bette Davis, Charles Bronson, Audrey Hepburn, Buster Crabbe, Lawrence Olivier. and Elizabeth Taylor. This book includes casts, production credits and critical commentary on Jean Arthur's many films, as well as 100 scene stills, portraits and candids, many of them are photographs from the author's private collection.

The Culturally Customized Web Site Nitish Singh, Arun Pereira, 2005-04-18 In *The Culturally Customized Web Site*, Nitish Singh and Arun Pereira focus on cultural aspects of international website design, honing in on three objectives: * First, to present a review and survey results on standardization/localization issues on the web * Second, to present a scientifically tested framework to design culturally adapted international websites, and provide marketers and web designers with practical web localization tools * Third, to show readers the power and effectiveness of culturally customized websites This is the first book to address the issue of website standardization, localization—or what the authors refer to as “cultural customization”. Little evidence has been accumulated to show whether international consumers prefer to browse and buy from standardized global websites or websites adapted to local cultures. *The Culturally Customized Web Site* provides insights into whether the web is a culturally neutral medium of communication or a medium impregnated with cultural values. Also presented is empirical evidence as to whether local consumers prefer standardized websites or websites adapted to their culture. Visit www.theculturallycustomizedwebsite.com

One of the significant advantages of Mad Racer books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
