*Insidious* Victoria Evers, 2020-04-02 What's worse than being hunted by a devil? Discovering you've been mated to one. Since moving to Mystic Harbor, Maine, I've made it my life's mission to avoid Reese Blackburn at all costs. Sure, he has cheekbones that could cut glass, not to mention bedroom eyes that could melt any girl into a puddle on the floor. Too bad that doesn't change the fact he's completely stab-worthy. When a fun night out on the town turns deadly, I quickly discover the quaint little hamlet of Mystic Harbor houses more than sandy beaches and adorable B&B's. Beneath the New England charm rests a deadly world where shifters, demons, vampires, and angelic hunters all vie for power. A world where magic is the greatest weapon. Magic that people are willing to kill for. Magic that I now possess. After that one fateful night, I can feel the changes beginning to take hold of me. Worse yet, I have no idea what I'm even turning into! All I know is someone wants me dead, and someone even worse wants me alive. Hell's mystifying Crown Prince of Lust has just marked me to be his Mate, and this handsome devil won't stop until he claims what is his. My only real ally rests in the one person I can't stand: the insufferably gorgeous Reese Blackburn. I was just your average seventeen-year-old girl. Now, my very soul is at stake. Can my unlikely partnership challenge fate itself before it's too late, or will I be forever damned as a Princess of Hell? Dark. Romantic. Dangerous. And Sexy As Hell. Perfect for fans of *The Vampire Diaries*, *Teen Wolf*, and all things Supernatural. If you love paranormal romances, urban fantasy, fated mates, magic, vampires, shifters, demons, teen fantasy, mythology, tragic romances, Gothic themes, supernatural creatures, young adult dark fantasy, and some devilish bad boys, then the world of **THE MARKED MAGE CHRONICLES** awaits you!

Battle Mage Peter A. Flannery, 2017

***Veiled*** Benedict Jacka, 2015-08-04 National bestselling author Benedict Jacka returns to the world of Alex Verus... I thought I'd

escaped my past. But my old master is back and making a new play for power. And he's not the only one targeting me... Diviner Alex Verus and the Council that governs the magical community have never gotten along. But with his former teacher back in Britain, Alex is in desperate need of allies, and he'll do whatever it takes to get them—even if it means accepting a job with the Keepers, enforcing magical law. Alex forms an uneasy alliance with his new partner, Caldera, but his attempt at legitimacy quickly turns lethal when a mission puts him in possession of an item that factions both inside and outside of the Council would kill to get their hands on. Once again caught in the middle of a deadly conflict, Alex will need all his abilities to figure out who his friends are—especially when enemies are hiding on all sides...

Rise of the Mages Scott Drakeford, 2022-02-08 "This book commits almost every crime against heroic fantasy that I can imagine ... and I have not been able to put it down." —Glen Cook, bestselling author of *The Black Company* A young warrior and his improbable band of allies face impossible odds as they seek to rescue his brother from the servants of the Fallen God. Emrael Ire is a student of war with lofty ambitions, despite being so poor his boots are more hole than leather. He and his talented younger brother Ban work hard to build themselves a better life at the Citadel, a school that specializes in both infusori Crafting and military arts. Their lives are upended when the power-hungry Lord Governor of the neighboring province invades the school with the help of a sinister sect of priests devoted to the newly awakened Fallen God of Glory. Many of the infusori Crafter students are captured—including Ban. Though Emrael stands little chance against the Lord Governor and his armies, he's desperate to save his brother—even if that means accepting the help of allies with uncertain motives, or becoming a practitioner of a forbidden magic. There is nothing he won't sacrifice to save his brother, but what happens when the cost of success is not his to pay? At the Publisher's request, this title is being sold without Digital Rights

Management Software (DRM) applied.

**Trials of an ARCH Mage** Larry W. Miller, 2002 Jack is a respected young mage of the guild. When war breaks out, he answers the call and along the way discovers a rag-tag street beggar with amazing abilities. This could be a new Archmage, which hasn't happened for a thousand years, but they have to survive long enough to get to the castle of learning where mages are trained before the evil snatches him away.

The Mage in Black Jaye Wells, 2010-04-01 The sequel to Red-Headed Stepchild from USA Today Bestselling author Jaye Wells. . . Sabina Kane doesn't have the best track record when it comes to family. After all, her own grandmother, the leader of the vampire race, just tried to kill her. When she arrives in New York to meet the mage side of her family, the reunion takes the fun out of dysfunctional. On top of that, the Hekate Council wants to use her as a pawn in the brewing war against the vampires. Her mission will take her into the bowels of New York's Black Light district, entangles her in mage politics, and challenges her beliefs about the race she was raised to distrust. And Sabina thought vampires were bloodthirsty.

**The Siege of Skyhold** John Bierce, 2021-05-24 The Havath Dominion is marching to war. Humiliated in the ruins of Imperial Ithos, the Exile Splinter stolen from their grasp by the ancient sphinx Kanderon Crux, Havath's Duarchs have assembled an army that dwarfs the entire population of Skyhold. Led by their Great Powers, monsters and mages individually capable of leveling a city, they pose a threat that even Kanderon, one of the mightiest of Great Powers, and her equally monstrous allies might be unable to stop. As the Havathi forces push closer and closer to Skyhold, Hugh and his friends train relentlessly, hoping to make a difference in the oncoming siege. While they venture into dangerous realms of untested experimental magic, though, they're already caught up in currents far beyond their control. Once you're a pawn in the games of the Great Powers, there's no escape.

**Into the Labyrinth** John Bierce, 2018-10-09 Hugh of Emblin is, so far as he's concerned, the worst student that the Academy at Skyhold has ever seen. He can barely cast any spells at all, and those he does cast tend to fail explosively. If that wasn't bad enough, he's also managed to attract the ire of the most promising student of his year- who also happens to be the nephew of a king. Hugh has no friends, no talent, and definitely doesn't expect a mage to choose him as an apprentice at all during the upcoming Choosing. When a very unexpected mage does choose him as apprentice, however, his life starts to take a sharp turn for the better. Now all he has to worry about is the final test for the first years- being sent into the terrifying labyrinth below Skyhold.

**Invoking Darkness** Jeanne Cavelos, 2001 As the Shadows gather for their ultimate victory over the galaxy, Galen, the possessor of the unstoppable Spell of Destruction, leaves the stronghold of the techno-mages to lend his assistance in the final, apocalyptic battle against the evil of the Shadows.

**The Order of the Mages** Allan Brian Fairweather, 2005-11 As the king's personal messenger, Vinue is on a mission to deliver a packet of royal letters to Sprindas. The closer he comes to Sprindas, the more frequent his strange nightmares become. But at the gates of Sprindas, Vinue is attacked by the guards, speared through the chest, and left for dead. His life hanging in the balance, Vinue is saved by a mysterious group of people known as the mages guild. They heal Vinue and tell him of his mysterious gift-through his dreams, he is able to tap into the realm of the gods. After much training, he achieves a higher level of consciousness, enabling him to perform spells and gain immense amounts of knowledge. Because of his talents, Vinue becomes one of the leaders of the guild's inner circle. In his quest to find the answer to his dreams, the mages give him a mission of great importance-they are preparing for war and Vinue must use his extraordinary talents to save their world. Is Vinue willing to sacrifice his life to achieve victory, or will his powers destroy them

Aram thinks he's nothing but a misfit from a small fishing village in a dark corner of the world. But Aram is more. Much, much more. Unknown to him, Aram bears within him a gift so old and rare that many people would kill him for it, and there are others who would twist him to use for their own sinister purposes. These magics are so potent that Aram earns a place at an academy for warrior mages training to earn for themselves the greatest place of honor among the armies of men: dragon riders. Aram will have to fight for respect by becoming not just a dragon rider, but a Champion, the caliber of mage that hasn't existed in the world for hundreds of years. And the land needs a Champion. **The Lost Gate** Orson Scott Card, 2011-01-04 Orson Scott Card's *The Lost Gate* is the first book in the Mithermages series from the New York Times bestselling author of *Ender's Game*. Danny North knew from early childhood that his family was different, and that he was different from them. While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. He grew up in the rambling old house, filled with dozens of cousins, and aunts and uncles, all ruled by his father. Their home was isolated in the mountains of western Virginia, far from town, far from schools, far from other people. There are many secrets in the House, and many rules that Danny must follow. There is a secret library with only a few dozen books, and none of them in English — but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like, they must never do it where outsiders might see. Unfortunately, there are some secrets kept from Danny as well. And that will lead to disaster for the North family. The Mithermages series *The Lost Gate* *The Gate Thief* *Gatefather* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*The Tethered Mage* Melissa Caruso, 2017-10-24 A mage with coveted magic and the scion of a powerful family are magically bound together in service to the Empire in the first book of a spellbinding fantasy trilogy from David Gemmell Award-nominated author Melissa Caruso. Magic is scarce in the Raverran Empire, and those born with such powers are strictly controlled -- taken as children and conscripted into the Falcon army, to be used as weapons in times of war. Zaira has lived her life on the streets to avoid this fate, hiding her mage mark and thieving to survive. But hers is a rare and dangerous magic, one that threatens the entire Empire. Lady Amalia Cornaro was never meant to be a Falconer.

Heiress and scholar, she was born into a treacherous world of political machinations. But fate has bound the heir and the mage. And as war looms on the horizon, a single spark could turn their city into a pyre. Praise for Swords and Fire: Charming, intelligent, fast-moving, beautifully atmospheric, with a heroine and other characters whom I really liked as people. I couldn't put it down.—Genevieve Cogman, author of *The Invisible Library*  
Breathtaking... Worth every moment and every page, and should make anyone paying attention excited about what Caruso will write next.—BookPage  
A riveting read, with delicious intrigue, captivating characters, and a brilliant magic system. I loved it from start to finish!—Sarah Beth Durst, author of *The Queen of Blood*
