Jason Miller

**Praesidium** Austin Shippey,2016-10-27 Praesidium means defense, protection, and aid when translated from Latin, and that is what this book of magic is about. Within Praesidium the reader will find rituals, spells, charms, prayers, and methods which spark the imagination and tap into the power of the mind. These works of magic range from simple to complex, and ancient to modern. They are collected from a variety of pre-existing magical methods, and original material from Austin Shippey's personal grimoire. Praesidium teaches the art of the clay image, the witch bottle, the protective circle, candle spells and protective charms, cleansing, binding, and unique magical charms which you won't find anywhere else. Includes: -the signs and symptoms of a curse-the energy behind a curse-the clay or waxen image and its creation-circles of protection and banishment-the witch bottle and its creation-written and spoken charms for protection-the use of spiritual baths for cleansing-the making of holy water-how to consecrate a magical knife or athame-recovering from harmful magic-binding an enemy and restraining them from causing harm-sending a curse back to the person who cast it and more. For the average person, this may be the only book needed on protection and recovery from magical harm.

Blackthorn's Protection Magic guides readers through the realm of the green witch to a glade filled with options for your protection. Amy Blackthorn discusses spiritual, emotional, and physical security in an easy-to-understand way. The book provides an overview of what protection means to witches and then explores practices in more depth, including: Essential oils for protection magic The role plant allies play in both protecting and healing What astrology and tarot teach us about our strengths and weaknesses Oracle spell work as a potent source of protection As a witch who has worked in executive security for nearly fifteen years, Amy possesses the botanical spirit of an animist witch, able to see the inherent spirit in plants, as well as a keen eye on ways to make a home feel safer and more secure, on the magical and the mundane levels. For example, holly trees provide magical protection from lightning, but also make a prickly barrier outside the home to keep burglars from lurking in the shadows.

Protective Spells Witch Myrrial,2020-12-03 Protective Spells Again and again one comes across magic defense techniques, averting curses, counter-spells and protective rituals. In this book you get to know a wide variety of practices. Across the board you get insights into many magical areas. You can also learn something worth knowing and very interesting about protective plants, incense and folk magic. Even non-magicians will find a lot of helpful information in these pages. A

comprehensive table of contents allows an intensive look into the book of white magic protective spells. Blessed be Witch Myriala

**Everyday Psychic Defense** Cassandra Eason, 2017-06-08 Protect Yourself and Your Loved Ones with Easy and Effective Magic Discover how to detect and deflect free-floating negativity, send deliberate malice back to its source, and cast protections around your home, family, workspace, and valuables—all without damaging your karma. Everyday Psychic Defense provides everything you need to feel more confident and secure against negative influences, including curses, evil or restless spirits, and emotionally draining people or situations. Providing helpful spells, methods to devise your own spells, and techniques for using household items, this accessible book shows how you can push back with the powers of the mind and spirit. Each chapter explains how a particular form of defensive magic works and suggests simple but powerful harm-repelling spells and daily defenses. Psychic protection can also be a springboard that opens new opportunities for spiritual growth and improved relationships.

The Magic Shield Francis Melville, 2004 Ever felt suddenly uneasy in a normally friendly public place? Or unaccountably afraid of a new acquaintance? Why do you suppose that is? Psychic attack, the practice of the dark arts, is more common than many of us would like to believe. Often manifesting in illness, nightmares, and accidents, at its most powerful it may be capable of defeating life itself. Protection is simple and fast, and lies within your hands. Amulets, talismans, incantations, and warding spells are just some of the tools at your disposal. Arm yourself with the knowledge of psychic self-protection and do not be caught unawares.

Protection & Reversal Magick Jason Miller, 2006-06-15 You could be the target of a spell or curse and not even know it! All people, witches or not, are susceptible to these attacks. The difference: witches and magicians can do something about it. Now you can too. Protection & Reversal Magick is a complete how-to manual on preventing, defending, and reversing magickal attacks of any kind. You will learn to: Set up early-warning systems. Appease angry spirits through offerings. Perform daily banishings and make amulets that will prevent most attacks. Make magickal “decoys” to absorb attacks against you. Summon guardian spirits or gods for help. Bind, confuse, or expel a persistent enemy who will not leave you be. These techniques aren't just for witches, either, but for ceremonial magicians, rootdoctors, and anyone else who puts magick to a practical use. Like the cunning men and women of old, now you can defend yourself and your loved ones against even the strongest attacks! “This book is not only one of my favorite books on ‘defense against the dark arts’, but is actually one of my favorite books in my whole library. Throughout the book Jason provides not only on protection, but also on recognizing the symptoms of attack and creating early warning system to alert you of magickal attacks.” —Mat Auryn, author of *Psychic Witch*

**The Witch's Shield** Christopher Penczak, 2004 A guide to psychic self-defense and protection magick that includes instruction on forming protection shields, creating protection spells and rituals, and connecting with guardian spirits, angels, power animals, and patron deities.

**Defense Against the Dark** Emily Carlin, 2011-03-15 When we lie awake at night listening to mysterious sounds, we imagine all the things that could be making those strange noises. The rumbling is the sound of the refrigerator; the knocking is from the old furnace; the creaking is nothing more than the house settling...isn't it? Although the modern world has denied the existence of things that go bump in the night and has taught us that the occult couldn't possibly exist, we know there are things that science has yet to explain. Defense Against the Dark introduces the reader to many of those unsavory magickal creatures and occult happenings that exist outside of fairytales. Our ancestors knew these threats were real, and took precautions to protect themselves from whatever evil was lurking in the shadows. Defense

Against the Dark will teach you: Common lore and mythology of predatory entities such as goblins, vampires, imps, and ghosts How to identify malevolent spirits and understand how curses actually work How to master different protection methods, including shielding, banishing, and hex breaking Easy, concrete methods for protecting yourself in everyday situations

Magic Crime and Defense Freya Jüptner,2022-12-30 The witches and faeries are working to connect the magical species more closely with the people. The inclusive school of natural medicine is just one of the possible options. Yelena supports her sister and regent not only in family matters. The research for her doctoral thesis helps Ines in her quest to find another livelihood for the Incubi and Succubi. The Berserkers are in the process of uniting the packs, which until now have acted individually, and establishing a common leadership. Unfortunately, one of the most promising candidates is still in a coma. They have an interest in awakening Gunnar from his sleep. Can Ralf help with this? Unfortunately, there are quite a few people who are increasingly negative about these trends in the social media. Will it stay with Treads? Because magical beings are being abducted again and again, and the perpetrators do not shy away from murder either.

In Defense of Magic Catharine Cook Smith,2013-10 This is a new release of the original 1930 edition.

**Protection and Reversal Magick** Dayanara Blue Star, There are several questions that are always on the mind of people. Some may wonder if there is something, in this or another world, so influential that just by making or mentioning its name would cause cold feelings. Is it possible that your thoughts can be factual that it is capable of dissolving ice and causing a flame to light up, or cause enormous demolitions or magnificent creations? Is there a border, that if you cross, you will become unreachable, and you can easily access everything in the world? Does a magical door exist in this life that can give answers to all the mysteries of this world? If this magical door does exist, is it going to give you the answers as expected, or would the answers be displeasing and a disappointment? Would it make you want to quest for more knowledge? Now, having discovered a virtually new world, would you desire to return to the former world or continue in your new world? Do you share the public opinion about life or do you have the quest to discover an entirely new idea about the world? What quest are you embarking on? Is it to be truly part of a new world or remain in the old one? With all these questions in mind, let us show you that there exists an entirely new world different from the norm. Let's get started!

*Psychic Self-Defense* Dion Fortune,2021-12-12 *Psychic Self-Defense* Dion Fortune - *Psychic Self-Defense* is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.

Magickal Self Defense Kerr Cuhulain,2008 As a Wiccan who spent twenty-eight years on the police force, Kerr Cuhulain knows a thing or two about self-defense. The author of *Wiccan Warrior* and *Full Contact Magick* returns with a powerful program for magickal protection—based on the principles of the *Witches' Pyramid*, chi energy, and quantum science. From everyday stress to the emotions of people around you, negative energy is everywhere. This innovative guide not only advises on how to cope with negative energies, but it also offers a fascinating explanation of how magick works in our quantum universe. Beginning and advanced magical practitioners will learn how to safely thwart psychic attacks,

develop threat awareness, balance chi, create an astral temple for refuge, and use magickal tools for defense. Cuhulain also evaluates traditional methods of self-defense—energy traps, mirroring, fire, fumigation, sigils—and debunks many protection myths. Also featured are specific warding techniques to protect yourself, shield your home, redirect negative energy, sever psychic links, neutralize a talisman, and more.

*Man Made God 004* Brandon Varnell,Lonwa\_A,2021-12-14 GAME ON! The time has come for Fayte to create a guild—the first one in Age of Gods. But creating a guild is a lot easier said than done, especially when the place Fayte wants to create hers is the most dangerous location currently within the game. Stampede. The term refers to an event that happens when humans leave the city and a horde of monsters gathers to attack them. It's guaranteed to happen while their sect is being built, which means it is up to Adam, Aris, Fayte, Kureha, Lilith, Susan, and Titania to defend the construction workers while they build it. But how can they defend anything when faced with hundreds of monsters all above level 30? Explicit Content Warning: This series contains content that may not be suitable for anyone under the age of 18.

**In Defense of Internment** Michelle Malkin,2004-07-01 The author of *Invasion* argues that the internment of ethnic Japanese during World War II was the result of real national security concerns, just as the Bush administration's moves to interrogate, track, and deport suspected terrorists is moderate and restrained.
