**The Book of Skulls** Robert Silverberg,2018-05-08 How far will four friends go for immortality? This novel is Hugo and Nebula Award-winning author “Robert Silverberg at his very best” (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called The Book of Skulls, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of immortality. On the journey with Eli, there’s Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they’ll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as “one of my favorite nightmare novels.” This ebook features an illustrated biography of Robert Silverberg including rare images from the author’s personal collection.

A nine-star arachnid Zhao Feng, The college is surrounded by a thick stone wall, and outside the wall is an artificial river with rippling blue waves. On the river, there is a magnificent white stone bridge connected with two rough steel school gates

*Frostgrave: Ghost Archipelago: Gods of Fire* Joseph A. McCullough,2018-09-20 In the shifting labyrinth of the Ghost Archipelago, there is one group of islands that can almost always be found; the Islands of Fire. Surrounded by a grey haze of sooty smoke, the islands contain numerous active volcanoes. Despite the constant threat of annihilation, many tribal groups call these islands home, building their villages on the rocky slopes or in the black jungles of gnarled and stunted trees that surround the mountains. In this supplement for Frostgrave: Ghost Archipelago, the Heritors lead their crew to these blighted isles in search of clues to the location of the Crystal Pool. Containing a host of new scenarios, crewmen types, creatures, and treasure, this volume also includes guidelines for building unique tribes to use as adversaries in scenarios or as allies to the Heritors in their quest.

His life-long friendship with Carym is in danger, as is their quest to find the Everpool, even as the hunters of the Dark Lord close in.

**The Monsters Know What They're Doing** Keith Ammann,2019-10-29 From the creator of the popular blog The Monsters Know What They’re Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It’s easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They’re Doing, Keith Ammann lightens the DM’s burden by helping you understand your monsters’ abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don’t whip out their field manuals for the first time when they’re already under fire, a DM shouldn’t wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, The Monsters Know What They're Doing is essential reading for every DM.
