**The Charisma Machine** Morgan G. Ames, 2019-11-19 A fascinating examination of technological utopianism and its complicated consequences. In *The Charisma Machine*, Morgan Ames chronicles the life and legacy of the One Laptop per Child project and explains why—despite its failures—the same utopian visions that inspired OLPC still motivate other projects trying to use technology to “disrupt” education and development. Announced in 2005 by MIT Media Lab cofounder Nicholas Negroponte, One Laptop per Child promised to transform the lives of children across the Global South with a small, sturdy, and cheap laptop computer, powered by a hand crank. In reality, the project fell short in many ways—starting with the hand crank, which never materialized. Yet the

project remained charismatic to many who were captivated by its claims of access to educational opportunities previously out of reach. Behind its promises, OLPC, like many technology projects that make similarly grand claims, had a fundamentally flawed vision of who the computer was made for and what role technology should play in learning. Drawing on fifty years of history and a seven-month study of a model OLPC project in Paraguay, Ames reveals that the laptops were not only frustrating to use, easy to break, and hard to repair, they were designed for “technically precocious boys”—idealized younger versions of the developers themselves—rather than the children who were actually using them. The Charisma Machine offers a cautionary tale about the allure of technology hype and the problems that result when utopian dreams drive technology development.

One Jar of Magic Corey Ann Haydu, 2021-02-09 From the critically acclaimed author of Eventown comes a hopeful and empowering tale set in an enchanting world of magic and mysterious family secrets—perfect for fans of Anne Ursu, Rebecca Stead, and Wendy Mass. Magic is like a dream. Delightful. Terrifying. Unreal. Rose Alice Anders is Little Luck. Lucky to be born into the Anders family. Lucky to be just as special and magical as the most revered man in town—her father. The whole town has been waiting for Rose to turn twelve, when she can join them in their annual capturing of magic on New Year's Day and become the person she was born to be. But when that special day finally comes, Rose barely captures one tiny jar of magic. Now Rose's dad won't talk to her anymore and her friendships have gotten all twisted and wrong. So when

Rose hears whispers that there are people who aren't meant for magic at all, she begins to wonder if that's who she belongs with. Maybe if she's away from all the magic, away from her dad telling her who she's meant to be, who she has to be, Rose can begin to piece together what's truly real in a world full of magic. \* An SLJ Best Book of the Year \* A CCBC Choices Pick of the Year \*

**The Magic Pennies** Matthew Hamilton, 2019-03-27 The Magic Pennies is a story that teaches children about their parents' obligations to their jobs. It teaches time keeping, days of the week, and the responsibility of a daily chore that is fun to do. It's perfect for children who have one or both parents who have to be away from home for a few nights or an extended period of time. Parents that are in the armed forces, travel a lot for work, in a rehabilitation center, and an extended hospital stay. It's also great for out-of-town grandparents between visits, an older sibling away at school or camp, and a countdown to an upcoming event such as a vacation, birthday, holiday, or party. Used nightly, it will cut down on the frequent question of When are . . . ? When is my mom or my dad or my sibling coming home? How many more days until . . . ? The Magic Pennies will visually answer that question for them. Inspired by a predetermined time away from my own daughter, I wrote The Magic Pennies. It's not just for her, but for all parents, grandparents, nannies, and all others that look after our precious children. I hope that this simple and helpful method of storytelling and nightly interactive learning will help with what can be a very tough time for our little ones. Thank you, and enjoy!
