**The Business Plan Workbook** Colin Barrow, Paul Barrow, Robert Brown, 2015-01-03 One of the most important steps in launching a new venture or expanding an existing one is the creation of a business plan. Time after time, studies and real-life examples reveal that the absence of a written business plan leads to a higher incidence of failure for new businesses, and inhibits growth and development. Based on methodology developed at Cranfield School of Management, The Business Plan Workbook takes a practical approach to topic of business planning for new venture creation and development. Equally suitable for a range of academic and professional courses and for those developing small businesses, it takes the reader through 29 assignments to help you create and present your business plan, from learning how to create a competitive business strategy through to forecasting sales volume and value. It will help you to validate your business idea, brand your business, research and segment your market, and raise finance; all through one persuasive plan. With new additional material covering the 7 Ps of Marketing, a section of Planning for Growth and a range of new and updated case studies of real life entrepreneurs, this classic text is an invaluable guide to all aspects of business planning. Online supporting resources for this book include supporting lecture slides, personal development and lifetime learning appendix, test questions and answers and a bonus chapters on business communication, business gurus and mergers and acquisitions.

**Starting a Business from Home** Colin Barrow, 2011-03-03 The home is the most popular place for start-ups. With the rate of new business start ups being unaffected by the recession, more than a quarter of a million people in the UK start a business from home each year and four times that number giving it serious consideration. Entrepreneurs need little more than a laptop and a telephone line to start off with, but when the new business starts to expand they face the challenge of staying at home without sacrificing their growth potential. Starting a Business from Home identifies business opportunities, gives advice on preparation and set up, and how you run, control and manage its growth. Now with extra exercises and end of chapter advice, this new edition includes: researching the market, business ownership and title issues, raising the money and managing finances, building and operating a website, bringing a product to market and starting up overseas. With appendices giving home-based business ideas and sources of help, as well as advice on research, getting the business started and an indication of how much money could be made out of each business, Starting a Business from Home is an invaluable practical guide for the aspiring entrepreneur.
