Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist. One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

Studies on Shamanism Anna-Leena Siikala, Mihály Hoppál, 1998 In this book the authors made a selection of their essays concerning Siberian/Eurasian shamanism. The strong emphasis on the comparative approach which stresses the different historical forms of shamanism distinguishes this contribution from other studies on the subject. The eight essays of Part I are arranged under the following headings: Siberian and Inner Asian Shamanism; The Siberian Shaman's Technique of Ecstasy; Two Types of Shamanizing and Categories of Shamanic Songs; Finnish Rock Art, Animal Ceremonialism and Shamanic World-view Singing of Incantation in Nordic Tradition; Shamanic Themes in Finnish Epic Poetry; Shamanic Knowledge and Mythical Images by Anna-Leena Siikala. In Part 2, Mihály Hoppál summarizes his essays in the following chapters: Shamanism: An Arctic and/or Recent System of Beliefs; On the Origin of Shamanism and the Siberian Rock Art; Pain in Shamanic Initiation; Traces of Shamanism in Hungarian Folk Beliefs; The Role of Shamanism in Hungarian Ethnic Identity; Changing Image of the Eurasian Shamanism; Ethnographic Films on Shamanism; Urban Shamans: A Cultural Revival.

Creativity in the Primary Classroom Juliet Desailly, 2012-03-22 Creativity is an integral element of any primary classroom. It has been never more important for teachers to involve children in their own learning and provide a curriculum that motivates and engages. Being a creative teacher involves generating new ideas, reflecting upon and evaluating different teaching approaches, and establishing an environment that supports creativity in your pupils. *Creativity in the Primary Classroom* explores how to develop as a creative teacher and how to foster creativity in your classes. Drawing from key literature and detailed real-life examples, Juliet Desailly puts into practice her extensive experience planning, advising and developing creative approaches to teaching and curriculum planning. This book examines what creativity in a primary classroom can look like, and is supported throughout by practical activities for use across curriculum subjects and reflective tasks encouraging critical engagement with key conceptual issues. This is essential reading for students

on primary initial teacher education courses including undergraduate (BEd, BA with QTS), postgraduate (PGCE, SCITT), and employment-based routes into teaching, and also for practicing teachers wishing to enhance their own teaching. Juliet Desailly, formerly PGCE Tutor in Primary Education at the Institute of Education, London, is a freelance Educational Consultant. 'This book deepens and broadens our understandings of creativity as applied to primary education. It provides a balance of practical frameworks and approaches with wise guidance. Many schools and individual teachers will find Juliet Desailly's work invaluable as they embrace the greater pedagogical and curricular freedoms promised by government.' - Jonathan Barnes, Senior lecturer in Primary Education at Canterbury Christ Church University.

Never Look Back Janet Roscoe, 2008 Nina, anxious to save her marriage to Charles, wants to stop the rot before it's too late. Charles, refusing to admit that there is anything wrong, tells Nina to stop imagining problems. But there is her step-brother, Duncan Stevens - easy-going and artistic, everything that Charles is not... Charles' sister-in-law likens divorce to a mere game of chess - yet the effect of a tragic death, seven years previously, triggers off a happening of such magnitude that Nina faces the truth at last.
