

Manasek Al Hajj

Ayatullah Al-uzma Al-hajj Ash-shaykh Nasir Makari Shirazi

The Hajj Today David E. Long, 1979-06-30 The Qu'ran admonishes Muslims that the pilgrimage to the temple is an obligation due to God from those who are able to journey there. Today over one and a half million pilgrims annually fulfill this Fifth Pillar of Islam, the Hajj. Saudi Arabia conquered the Hijaz in part to protect Hajjis from abuses in the management of the Hajj. How does that country now administer the religious event that brings so many people, often poor and illiterate, into one small area to perform a variety of complex rituals? How does the government protect its visitors' health and safety, and ensure their proper guidance through the necessary rites? How does it move so many pilgrims in and out of what is essentially an out-of-the-way desert? David Long has set this thoughtful examination of the twentieth-century Hajj within its historical framework. He first provides a clear, concise description of the rituals either necessary or traditional to the proper performance of the Hajj; he then relates how the inhabitants of Mecca used to manage the pilgrimage and finally, relates how the new Saudi rulers gradually brought the Hajj service industry under government regulation. Today there is probably no agency of the Saudi government which is not at least tangentially concerned with the Hajj. Only in the area of health did there exist a history of public management. By the early nineteenth century it had become all too clear that the Hajj served to carry diseases endemic to the Orient to Europe, and by the end of that century health and quarantine procedures were under international control. Today the Saudi government has sole control of these matters. Oil revenue vastly exceeds Hajj revenues—once a major source of Saudi income—but the Hajj continues to play an enormous role in the religious, social, and political life of the country. And even in economics it structures the Saudi businessman's year and provides part- or full-time employment to more Saudi citizens than does the oil industry. This volume contains an extensive bibliography, appendixes containing statistical material on recent Hajjs, maps, and a glossary.

The Hajj Eric Tagliacozzo, Shawkat M. Toorawa, 2016 Scholars from a range of fields tell the story of the Hajj and explain its significance as one of the key events in the Muslim religious calendar. This volume pays attention to the diverse aspects of the Hajj, as lived every year by hundreds of millions of Muslims worldwide.

A Guide to Hajj and Umrah Anis Matthews,Daud Matthews,2014-04-24 The authors have drawn on their own experience of living in Saudi Arabia for 23 years to write A Guide for Hajj and 'Umrah. It is an enlightening spiritual and practical guide for the sacred journeys of Hajj and Umrah. Its a guided tour through a number of very meaningful emotional and religious experiences. But its also so much more... It is a journey of self-discovery as well as the discovery of Islam. Its a primer on Islamic practices that will undoubtedly intrigue and captivate both Muslim and Non Muslim audiences through engaging story-telling. The text itself is well written and simple, getting straight to the heart of the matter of proper religious observance and practice on what may rightly be called the pilgrimage of a lifetime... The photographs displayed near the end of the book are astounding and original, especially for readers from Non Muslim countries, who have in all probability never before seen such sights as the spellbinding, pure-as-snow brightness of Masjid-Nabawi at night, or the sober splendor of the Prophet's Mosque. Interspersed with the practical maps, tips and guides that all pilgrims will appreciate are the most beautiful and heartfelt invocations and prayers to Allah, the Most Powerful and Compassionate, as well as a thrilling narration of Islam's early history and lore. Particularly moving and evocative is the beautifully retold beginning of sa'ee, the struggle as an act of absolute trust in Allah, as displayed by a desperate and lonely Hajar. Especially touching and profound is the authors recommendation to work hard on understanding the du'as recited as a pilgrim, instead of simply carrying pamphlets and reciting them in blind fashion without understanding their meaning. Such a warning is a necessity, as casualness might well impair the sincerity of the appeal, which should come straight from the pilgrim's heart. In short, this book is truly the perfect companion for a deeply spiritual and personal pilgrimage to the heart of Islam.
