Manheim April Lynn Gible Downey, 2021-02-22 Manheim is a charming little town nestled in the countryside of Lancaster County, Pennsylvania. Founded by an eccentric glassmaker named Henry William Stiegel in 1762, this town was born of entrepreneurship and the hardy, adventuresome spirit of early America. Despite its founder's unfortunate financial downfall, Manheim made it through the Revolutionary War and continued to grow into a center of commerce for the surrounding farmland. Through the 20th century, Manheim continually grew in pride of its history and in modernization, as electric lights, piping, and paved roads built up the town's infrastructure. Today, Manheim remains rooted in industry but also offers visitors and residents a variety of boutiques, art studios, and community events. One can also stroll through the streets of Manheim as though walking through time itself, as many buildings from the early 1900s, the 1800s, and even two from the 1700s still grace the town's streets, making it an architectural gem.

Total Participation Techniques Pérsida Himmele, William Himmele, 2017-07-27 Here are 51 easy-to-use, classroom-tested alternatives to the “stand and deliver” teaching techniques that cause so many students to tune out or drop out. Teachers report that these techniques motivate students to participate in learning, as they build confidence and are supported by compelling and safe ways to demonstrate their knowledge and understanding of lessons. Refined through years of classroom experiences and supported by updated research, this 2nd edition delivers a dozen new techniques to engage K–12 students in active learning. The authors provide detailed descriptions of the Total Participation Techniques (TPTs) with step-by-step instructions--plus reproducible blackline masters for student response cards as well as posters to remind you to use the techniques. They also suggest how you can adapt and personalize the techniques to fit your context and content. Packed with examples from authentic classrooms, Total Participation Techniques is an essential toolkit for teachers who want to present lessons that are relevant, engaging, and cognitively challenging. Pérsida Himmele and William Himmele are professors who regularly work with preservice teachers and consult with educators in U.S. and international schools. They are also the authors of Total Literacy Techniques.

Blush Shirley Hershey Showalter, 2013-09-19 “I promise: you will be transported,” says Bill Moyers of this memoir. Part Mennonite in a Little Black Dress, part Growing Up Amish, and part Little House on the Prairie, this book evokes a lost time, in Lancaster County, Pennsylvania, when a sheltered little girl named after Shirley Temple entered a family and church caught up in the midst of the cultural changes of the 1950’s and ‘60’s. With gentle humor and clear-eyed affection the author, who grew up to become a college president, tells the story of her first encounters with the “glittering world” and her desire for “fancy” forbidden things she could see but not touch. The reader enters a plain Mennonite Church building, walks through the meadow, makes sweet and sour feasts in the kitchen and watches the little girl grow up.

Along the way, five other children enter the family, one baby sister dies, the family moves to the “home place.” The major decisions, whether to join the church, and whether to leave home and become the first person in her family to attend college, will have the reader rooting for the girl to break a new path. In the tradition of Jill Ker Conway’s *The Road to Coorain*, this book details the formation of a future leader who does not yet know she’s being prepared to stand up to power and to find her own voice. The book contains many illustrations and resources, including recipes, a map, and an epilogue about why the author is still Mennonite. Topics covered include the death of a child, Pennsylvania Dutch cooking, the role of bishops in the Mennonite church, the paradoxes of plain life (including fancy cars and the practice of growing tobacco). The drama of passing on the family farm and Mennonite romance and courtship, as the author prepares to leave home for college, create the final challenges of the book.
