Manta's Gift Timothy Zahn, 2007-04-01 When Matt Raimy had his accident, he thought his life was over. He never dreamed, in his wildest fantasies, that he'd end up in a spot like this. In the toxic atmosphere of Jupiter, born into the body of an enormous creature that looked like a cross between a manta ray and a dolphin, he is living a new life, unlike any humankind had previously experienced. An unbelievable turn of events, it gave him a reason to live, to survive, no matter what happened . . . but every second chance comes with conditions and responsibilities. And as those who brought him to this strange destiny have their authority stripped from them and he discovers the truth that only he can know about the giant alien creatures he now calls family, this man reborn as the one they now call Manta suddenly isn't sure he wasn't better off before. . . .

Investigating Internet Crimes Todd G. Shipley,Art Bowker,2013-11-12 Written by experts on the frontlines, Investigating Internet Crimes provides seasoned and new investigators with the background and tools they need to investigate crime occurring in the online world. This invaluable guide provides step-by-step instructions for investigating Internet crimes, including locating, interpreting, understanding, collecting, and documenting online electronic evidence to benefit investigations. Cybercrime is the fastest growing area of crime as more criminals seek to exploit the speed, convenience and anonymity that the Internet provides to commit a diverse range of criminal activities. Today's online crime includes attacks against computer data and systems, identity theft, distribution of child pornography, penetration of online financial services, using social networks to commit crimes, and the deployment of viruses, botnets, and email scams such as phishing. Symantec's 2012 Norton Cybercrime Report stated that the world spent an estimated \$110 billion to combat cybercrime, an average of nearly \$200 per victim. Law enforcement agencies and corporate security officers around

the world with the responsibility for enforcing, investigating and prosecuting cybercrime are overwhelmed, not only by the sheer number of crimes being committed but by a lack of adequate training material. This book provides that fundamental knowledge, including how to properly collect and document online evidence, trace IP addresses, and work undercover. Provides step-by-step instructions on how to investigate crimes online Covers how new software tools can assist in online investigations Discusses how to track down, interpret, and understand online electronic evidence to benefit investigations Details guidelines for collecting and documenting online evidence that can be presented in court

Manta Agis Beverley Davis,2023-03-31 What would you do if saving your people meant working with the enemy? Dr Catherine Sommers and Commander John Blue Eagle get that opportunity, but what if the most powerful man in the Empire has an ulterior motive? And what if between you and the destruction of everything you love is one man who believes he is sent by God to save humanity itself? The Manta Agis is the Empire's most powerful warship, an intergalactic aircraft carrier that will bend

time and space to go on the hunt of a lifetime against an enemy that gives no quarter and destroys all it meets, an enemy from the unknown regions of the galaxy? When the Agis returns home, the old enemies must become allies or die.

Micro-Entrepreneurship For Dummies Paul Mladjenovic, 2013-04-22 Tired of the 9-to-5 grind and want a way to earn or to supplement your income? Easy. The media has named the growing trend toward micro-entrepreneurship the Rise of the Creative Class, the Gig Life, or the freelance economy. All of those refer to the nearly 4 million workers who were self-employed this past year, and millions of others who currently supplement their income with freelance work. While the trend has been spotted before, there's one stark difference between micro-entrepreneurs today and the Free Agent Nation citizens of the late '90s: technology. Micro-Entrepreneurship For Dummies shows you how to navigate this confusing technological landscape in order to make a contributable profit. Micro-Entrepreneurship For Dummies aids you in making the best use of micro-entrepreneurial platforms, with helpful advice

that includes information on signing up for and selling products on websites such as Airbnb, Craigslist, Taskrabbit, Uber, and Etsy. Micro-enterprise, using online platforms to sell products or services, is a proven way to earn extra money and supplement household income. In today's struggling economy, the importance of self-run businesses and small enterprise is growing as more people take lower-paying jobs and need a little extra spending money. Shows you how to sign up for and sell products online. Micro-Entrepreneurship For Dummies appeals to anyone looking to earn or supplement their income from home.

Open Source Intelligence Methods and Tools Nihad A. Hassan, Rami Hijazi, 2018-06-30 Apply Open Source Intelligence (OSINT) techniques, methods, and tools to acquire information from publicly available online sources to support your intelligence analysis. Use the harvested data in different scenarios such as financial, crime, and terrorism investigations as well as performing business competition analysis and acquiring intelligence about individuals and other entities. This book will also improve your skills to acquire information online from both the regular Internet as well as the hidden

web through its two sub-layers: the deep web and the dark web. The author includes many OSINT resources that can be used by intelligence agencies as well as by enterprises to monitor trends on a global level, identify risks, and gather competitor intelligence so more effective decisions can be made. You will discover techniques, methods, and tools that are equally used by hackers and penetration testers to gather intelligence about a specific target online. And you will be aware of how OSINT resources can be used in conducting social engineering attacks. Open Source Intelligence Methods and Tools takes a practical approach and lists hundreds of OSINT resources that can be used to gather intelligence from online public sources. The book also covers how to anonymize your digital identity online so you can conduct your searching activities without revealing your identity. What You'll Learn Identify intelligence needs and leverage a broad range of tools and sources to improve data collection, analysis, and decision making in your organization Use OSINT resources to protect individuals and enterprises by discovering data that is online, exposed, and sensitive and hide the data before it is revealed by outside attackers Gather corporate intelligence about business competitors and

predict future market directions Conduct advanced searches to gather intelligence from social media sites such as Facebook and Twitter Understand the different layers that make up the Internet and how to search within the invisible web which contains both the deep and the dark webs Who This Book Is For Penetration testers, digital forensics investigators, intelligence services, military, law enforcement, UN agencies, and for-profit/non-profit enterprises

Take the Cold Out of Cold Calling Sam Richter, 2008 Presents advice on using Internet searching to perform successful telephone sales.

Smart Calling Art Sobczak, 2013-03-25 Proven techniques to master the art of the cold call Cold calling is not only one of the fastest and most profitable ways to initiate a new sales contact and build business; it's also one of the most dreaded—for the salesperson and the recipient. Smart Calling has the solution: Art Sobczak's proven, never-experience-rejection-again system. Now in an updated 2nd Edition, it offers even smarter tips and techniques for prospecting new business while minimizing fear and rejection. While other books on cold calling dispense long-perpetuated myths such as prospecting is a numbers game, and salespeople need to love rejection, this book will empower readers to take action, call prospects, and get a yes every time. Updated information reflects changes and advances in the information gathering that comprises the smart part of the calling. Further enhances the value and credibility of the book by including more actual examples and success stories from readers and users.

of the first version Author Art Sobczak's monthly Prospecting and Selling Report newsletter (the longest-running publication of its type) reaches 15,000 readers, and Smart Calling continues to rank in the Top 20 in the Sales books category on amazon.com and has sold over 20,000 copies Conquer your fears and master the art of the cold calling through the genius of Smart Calling, 2nd Edition.

Supporting Local Businesses and Entrepreneurs in the Digital Age Salvatore DiVincenzo, Elizabeth Malafi, 2017-09-07 A timely reference for all public librarians who serve the business community in libraries, regardless of size or location—from small rural outposts to bustling big-city branches. Serving communities today entails serving businesses—in particular, local businesses, entrepreneurs, and those looking to become entrepreneurs. Understandably, many librarians are not prepared for this role, and as a result feel uncomfortable in it. **Supporting Local Businesses and Entrepreneurs in the Digital Age: The Public Librarian's Toolkit** explains how librarians and libraries can better serve the business community, offering specific guidance on everything from information resources—including books, databases, and free online sites—to programming, special events, marketing, and outreach. Readers

will gain insight into key topics ranging from embedded business librarianship, virtual business librarianship, and government documents to seminars, one-on-one appointments, and trade shows. Providing invaluable guidance based on the authors' real-world experience and research as well as interviews with librarians in all sizes of libraries around the country, this book offers practical, actionable advice and proven best practices for serving local business owners and entrepreneurs.

Wordpress Websites for Business Michael Cordova, 2017-12-12 A website development pioneer gives business owners—from tech savvy to beginner—the tools, knowledge, and tactics to succeed in today's online economy. If your company is building a new website, you're certainly thinking about content and design. But don't forget performance, especially if you need your website to generate business leads and sales. *Wordpress Websites for Business* guides you through the process of building a website that will sustain and grow your company. Using the techniques detailed in this book I am currently bringing in more than one million dollars' worth of leads a month for one of my clients. I have used most of the top content management systems and built many custom CMS systems myself.

From my experience, I can say that Wordpress is the most effective tool available to build your company's website and bring in leads and sales for your business. However, if used incorrectly, it can actually hurt your company. I've seen it happen, and the effects can be devastating. The good news is that there's a better way. In an easy-to-follow, step-by-step program, this book will tell you what you need to do to avoid the pitfalls while ensuring maximum exposure, search engine rankings, and conversions (sales)! This powerful book features: game changing checklists and resources; simple settings that only take a few minutes, but can make a huge difference in website performance; the best Wordpress plugins and services to optimize your site and maximize leads; the best Wordpress themes that enable you to build an up-to-date website that performs for you; content creation hacks such as how to map your business goals directly to your content; Wordpress best practices simplified, such as why and how to create a child theme; the tools and techniques that drop your page load times to less than two seconds; and much more . . . The strategies and tactics I present in Wordpress Websites for Business will result in more leads and sales for your company, and that's what it's all

about.
