Healing Mantras Thomas Ashley-Farrand, 2008-12-24 Sound is more than simply a medium of artistic expression. Sound has practical and powerful applications in the real world. Mantras, or simple chants, are short phrases packed with energy and intention--specifically designed to generate powerful sound waves that promote healing, insight, creativity, and spiritual growth. Healing Mantras is the practical, how-to guide that makes the strengths and benefits of mantras available to everyone. The transformative power of sound has been passed down to the present from the sages of India, the classical scientists of ancient Greece, and the medieval monks of Europe. Mantras, sounds, and chants have inspired, comforted, and mended the lives of individuals, religious orders, and even entire cultures. Even though the science and discipline of chanting and formal prayer are practiced in every religion around the world, this is the first time that ancient Sanskrit mantras have been explained and adapted to Western needs. One of the few Western experts in Hindu and Buddhist mantras, Thomas Ashley-Farrand has practiced mantra-based spiritual disciplines for twenty-five years. In this illuminating book, he explains how and why mantras work and shows how to use them for everything from controlling habits to overcoming fear, from curing specific ailments to finding inner peace. In each of the more than fifty mantras, all translated from the original Sanskrit, Ashley-Farrand unlocks the power of every word, explains its appropriate application, and tells you

how to pronounce it in easy-to-follow phonetic symbols. Inside, you'll find mantras for - Health - Worldly Success - Habit Control - Protection - Grief - Anger - Controlling Fear - Personal Attraction - Wisdom - Concentration and Mental Clarity - Healing Life Issues - and more! These mantras can be repeated aloud or in silence and can be used by people of any religion or spiritual practice, as you wash dishes, as you drive on the freeway, as you meditate, or as you cook. Sound can help and sound can heal, and Healing Mantras now makes this sound medicine available to everyone.

**Chakra Mantras** Thomas Ashley Farrand,2006-08-01 Thomas Ashley-Farrand is the preeminent authority on yogic mantras. In Chakra Mantras, he brings previously hidden knowledge from India and Tibet and teaches us through the use of mantras how to activate our secret chakras, which contain the keys to our spiritual progress. Located along the spine, the chakras process energy for all of our waking activities, and during sleep they provide energy for healing and cleansing the physical body. But there is another, higher octave of functioning that these chakras can achieve, if they are given higher states of spiritual energy in which to operate. This higher octave provides paths for spiritual development that ultimately lead to spiritual liberation or freedom from karma. A powerful method for charging the chakras with higher energy is through the use of Sanskrit mantras. With energy-invoking tools, stories from India's ancient tales, and amusing anecdotes, Chakra Mantras provides the information needed for fueling spiritual advancement through the use of healing sounds and chakra mantras.

Music and Mantras Girish, 2016-10-04 “Singing is as human as breathing, and this book tells us why.” —Mark Guarino, contributing music writer, The Guardian Celebrated yogi-musician Girish opens new possibilities for transforming your life through song, combining the ancient art of singing mantra with twenty-first century neuroscience research. For as long as he can remember, Girish has created rhythm to accompany life. His first experience of music as sacred art came in college, playing with jazz bands. “During improvisational sessions,” he recalls, “there were these unexplainable moments of synchronicity and intuition that felt like magic.” This led Girish to an unexpected journey—a seeming detour to live as a monk in an ashram for five years that inadvertently nourished his musical artistry. Here, he studied Sanskrit as a means to understand the deeper meanings of ancient chants, which sparked a life-changing event that led him back to music—and to

combine music with Sanskrit chants. Now he shares what he's learned to help people of all ages, backgrounds, and traditions to transform body, brain, and life through mantra and music. With Music and Mantras, Girish has created an interactive toolkit—including more than ninety minutes of companion audio material—for personal transformation through singing, sharing his own experience as a musician, yogi, and former Hindu monk. Weaving simple, elegant mantras from ancient traditions with neuroscience, Girish shows us how to achieve greater peace of mind, clarity, calm, focus, and even improved health and wealth through the yogic art of chanting—an ideal practice for singing our way to happiness, health, and prosperity.

**Healing Mantras** Verda Harper, 2020-08-18 Sit back, take a deep breath, and embrace the vibrations of the gods themselves... Are you always haunted by the stress and anxiety of daily life, looking for a way to calm your mind, center yourself, and live in the present? It feels like you're racing against the clock's hands, never able to catch up or catch a breath... Are you tired of the negativity in your life, searching for a way to bring out all the positive energy dormant inside you? You may even be tired of being tired, and you just want all this exhaustion, stress, and anxiety to go away once and for all... Wherever you are right now, pause. Take a deep breath, exhale, and say, Om, out loud for as long as your exhalation allows... Feel the sound's vibrations embrace your head and your heart... Give it the chance to help you relax, even just for a moment. The sacred sound Om is but a sample of the vast and ancient tradition of divine sounds, called mantras, meant to help us connect with ourselves and the energetic world around us. Those vibrations are said to be so powerful, that they can even heal our body and mind from all kinds of illnesses and diseases. However, mantras don't hold any power in their

dormant form--the only way to give them potency is to approach them with sincerity of thought and purity of mind and intentions. If you are indeed looking to use mantras to make an effective positive change in your life, look no further! With the secrets of the divine sounds and the right tools to activate them correctly, you will be able to take back control of your life and transform those negative, draining vibrations in your life into ones that make you more connected with yourself and everything around you. In Healing Mantras, you will discover: The secrets of the ancient Sanskrit language, and how to use it to connect to the endless sources of healing energies that surround you The extensive power of the simplest Bija mantras and what they can do to enhance and heal your bodily and mental functions The 4 sacred goals of life according to Hindu tradition, and how mantras can help you achieve every single one of them to be in harmony with yourself and everything around you The #1 way to set the right intentions to avoid bringing upon you any destructive force or bad karma The most powerful mantras to support proper physical health and heal you from chronic illnesses and devastating infections A plethora of mantras to ease your mind from all its ailments, and set yourself on the path of good mental health and wellbeing The mantras you must know to bestow upon yourself good fortune so you can find and maintain positive and healthy relationships in your life And much more. You don't need to be a Hindu monk or a trained guru to reap the endless benefits and value that mantras can add to your life. Mantras are

indeed universal. You don't have to learn their sacred language to receive their energy--you just need to be open enough to let it flow within you. Whether you want to feel more focused, heal from depression, or even help treat chronic illnesses, there's a mantra out there waiting to unconditionally share its positive vibrations and healing powers with your whole being. If you want to explore the endless healing powers of mantras, get rid of mental and physical ailments, and lead a positive life, then scroll up and click the "Add to Cart" button right now.

**"MANTRA YOGA (PB) "** Jairam Sheshadri, 2021-07-05 Over the years, the word 'yoga' has become synonymous with Hatha Yoga, a type of yoga that focusses on a set of physical postures to keep our bodies fit and healthy. However, there are many other types of yoga, with each having the same primary objective-the union of mind, body and spirit. Mantra Yoga also connects our lower selves with our higher selves through the sound vibrations emanating from mantras or japas. Despite the growing popularity of chanting mantras, the discipline and the rationale underlying this unique and distinct form of yoga have not been expounded in a manner that explains its enormous benefits. Fortunately, the Western world's insistence on scientific reasoning has led to numerous modern-day experiments that prove the physiological benefits of the ancient tradition of chanting mantras. This book will help the reader feel the power of connecting with the universe through vibrational frequencies and achieve their fullest potential. The book uses the ancient wisdom of Mantra Yoga to

address issues related to modern living. The book will guide the reader towards the possibilities of a higher existence. An essential guide for the practice of Mantra Yoga to attain peace, happiness and awakening.

**Living Mantra** Mani Rao, 2019-10-15 Living Mantra is an anthropology of mantra-experience among Hindu-tantric practitioners. In ancient Indian doctrine and legends, mantras perceived by rishis (seers) invoke deities and have transformative powers. Adopting a methodology that combines scholarship and practice, Mani Rao discovers a continuing tradition of visionaries (rishis/seers) and revelations in south India's Andhra-Telangana. Both deeply researched and replete with fascinating narratives, the book reformulates the poetics of mantra-practice as it probes practical questions. Can one know if a vision is real or imagined? Is vision visual? Are deity-visions mediated by culture? If mantras are effective, what is the role of devotion? Are mantras language? Living Mantra interrogates not only theoretical questions, but also those a practitioner would ask: how does one choose a deity, for example, or what might bind one to a guru? Rao breaks fresh ground in redirecting attention to the moments that precede systematization and canon-formation, showing how authoritative sources are formed.

Using structural analysis he shows that rituals in general, whether religious, political, social or otherwise have common structural patterns. Consideration of animal rituals and pathological rituals leads him to propose a general theory which unifies all rituals-like activities.

**Meditation and Mantras** Vishnu Devananda, 2014-01-15 'A mantra is a mystical energy encased in a sound structure . . . It steadies the mind and leads to the stillness of meditation.' The modern lifestyle with its excesses and worldly desires, the constant need to be connected, and the rapid development in technology, has made stress and lifestyle-related diseases the norm. The need for meditation thus is more acute. Meditation calms the mind, brings focus and enhances the senses, resulting in a better quality of life and work. And with the right mantras, meditation becomes a highly effective tool in unleashing the immense potential within oneself. This book from the Sivananda Ashram explains what meditation and mantras are and how they can be effectively used to recharge oneself with divine energy, so that the tension of body and mind are gradually reduced.
