The Bug Light Room Gregg McManus,2020-11-22 With so much apparent alien activity and presence on our planet, what would happen if an American actually took a swing at a UFO and landed a punch? Who in Washington would take that call? What would such a government agency look like? How would it function in such a crisis? How would the aliens respond? This is the nexus of this novel. This disaster occurs in Indiana's Hoosier National Forest two weeks before a close Presidential election. The incumbent President tries to keep a lid on the events that start erupting in southern Indiana in the wake of the UFO's destruction. The aliens pursue the wannabe militia-men Jimmie Hatter and his buddy Brian Spangle who inadvertently destroyed an alien space craft. But so does a super-secret U.S. agency called ORA (Office of Retrieval and Analysis). The frantic search for the perpetrators is punctuated by explosions, firestorms and mysterious deaths the President and ORA seek to keep under wraps two weeks before the election. At the same time Indiana's Governor Kasson of the opposite party senses a cover-up revolving around the mysterious and frightening happenings in his state and tries to unmask them to benefit his own re-election and elevate his standing by bringing down the President. In this riveting narrative, the author connects the dots regarding phenomenon reported by Americans for decades but denied by authorities. The narrative evokes some unsettling possibilities about the presence of aliens, strange creatures and what may be the real reasons behind the alien presence on earth. In the mayhem of events in this novel, will these

secrets be revealed? Will the President be re-elected? Will Governor Kasson triumph? How prepared are we for the alien challenge? And what happens to our hapless, inadvertent protagonists Jimmie and Brian; two sympathetic, deplorable roofers who just wanted to defend the country, but must flee for their lives.

The Hunting Sam Hawksmoor, 2012-08-02 Genie and Rian thought they'd beaten The Fortress and stopped the dreadful experiments. But now someone even more ruthless has taken over, and wants to investigate why the experiments didn't kill Genie Magee. She is Fortress property, he claims - along with the other survivors. Now there's \$10,000 reward on their heads, armed roadblocks on the highway, and the dreaded threat of 'Mosquito' that can shut down their brainwaves by using their genetic information against them. There's only one possible escape from the bounty hunters with shotguns, and that's down the wild unforgiving river to a bleak future forever on the run. Or they must turn and face The Fortress, find out its secrets, and use them against it. Seize their lives back, and fight for their very right to exist! 'Forget Bella and Edward. Genie and Rian are the new IT couple in the teen fiction world!' Kooky Toon Book Corner blog

The Eternal Masquerade Vincent Thurman, 2015-12-09 Intriguing, suspenseful, and compelling, *The Eternal Masquerade* takes readers through the next phase of *The Eternal Darkness* saga. As *The Eternal Secrets* came to an end, readers witnessed the betrayal and heartbreak between Jenessa and Camden and the lengths Seth Crenshall would go in order to achieve his desires. Deceptions played a major part in the many friendships and family reunions and in the end, demolished any hopes of family connections. Haven-Crest is a town that harbors conniving and deadly secrets. The power struggles are revealed as the dead body count starts to rise. The Committee and Reverend Carl Wardrett fight for the same cause of protecting the innocent residents of Haven-Crest, but there are different views as to what keeps the battle lines drawn between right and wrong. As the various masquerades are revealed in this story, one in particular will have readers on the edge of their seats until the very end. Readers can now enjoy twists and turns that leave them speechless as they enter *The Eternal Masquerade*.

Believing she is possessed, Genie Magee's mother has imprisoned her all summer encouraged by the sinister Reverend Schneider. Beautiful Rian, love of her life, sets her free, and their escape washes them up at Marshall's remote farmhouse downriver. And should they believe his stories about the experiments at the Fortress, an underground research station nearby? Genie meets Denis. Missing two years now, but hasn't grown an inch. Rian is haunted by Renée, who insists she's not actually dead. Soon they discover the terrible truth about Reverend Schneider and worse, Genie is next ... and Rian can't do a thing to prevent it. Newslore Russell Frank, 2011-06-30 Newslore is folklore that comments on and hinges on knowledge of current events. These expressions come in many forms: jokes, urban legends, digitally altered photographs, mock news stories, press releases or interoffice memoranda, parodies of songs, poems, political and commercial advertisements, movie previews and posters, still or animated cartoons, and short live-action films. In Newslore: Folklore on the Internet and in the News, author Russell Frank offers a snapshot of the items of newslore disseminated via the Internet that gained the widest currency around the turn of the millennium. Among the newsmakers lampooned in e-

mails and on the Web were Bill and Hillary Clinton, George W. Bush and Dick Cheney, Osama bin Laden and Saddam Hussein, and such media celebrities as Princess Diana and Michael Jackson. The book also looks at the folk response to the September 11 attacks and Hurricane Katrina, as well as the presidential elections of 2000 and 2004. Frank analyzes this material by tracing each item back to the news story it refers to in search of clues as to what, exactly, the item reveals about the public's response. His argument throughout is that newslore is an extremely useful and revelatory gauge for public reaction to current events and an invaluable screen capture of the latest zeitgeist.

Hand Trembler Gerald Hausman, *Hand Trembler* is about one man's emergence through Native rituals as he travels through the mythical underworlds of the Navajo. Actual Hand Tremblers, though few exist today, do live on the Navajo reservation and they still perform their ancient art of divination: finding the cause of illness, lost objects and even missing people. The narrator is a hand trembling diviner whose particular art involves shapeshifting. This dangerous skill leaves him trapped between worlds and shifting identities while being hunted by a brutal extra-terrestrial enemy. As the novel progresses, the narrator encounters his long lost friend Etienne, the French/Filipino healer; Joogii, the mind reading Navajo artist and mythologist; and Al-lan, the star traveller. In a series of amusing and suspenseful misadventures, the author takes us on a spin through the intricate cosmology of the Navajo, giving us yet another close look at the deities who inform this mysterious and beautiful culture.
