**Pulp Classics** John Gregory Betancourt,2005-01-01 The Thrill Book is a legendary magazine, one of the holy grails of pulp collecting. Original copies sell for thousands of dollars -- if you can find them. Running for sixteen issues in 1919, it was a magazine of strange, bizzare, occult, mysterious tales, but not quite a fantastic-fiction magazine, mixing various types of adventure stories with often outstanding fantasy, horror, and science fiction by Murray Leinster, Seabury Quinn, Francis Stevens, Perley Moore Sheehan, Tod Robbins, Edward Lucas White, Grege La Spina, and other giants of the pulp era. While sheer scarcity may have once added something to the lustre of The Thrill Book, now that an issue is finally made available at an affordable price, the reader may appreciate that this truly was a pioneering -- and supremely entertaining -- publication.

*Sea Rovers, Silver, and Samurai* Tonio Andrade,Xing Hang,2016-03-31 Sea Rovers, Silver, and Samurai traces the roots of modern global East Asia by focusing on the fascinating history of its seaways. The East Asian maritime realm, from the Straits of Malacca to the Sea of Japan, has been a core region of international trade for millennia, but during the long seventeenth century (1550 to 1700), the velocity and scale of commerce increased dramatically. Chinese, Japanese, and Vietnamese smugglers and pirates forged autonomous networks and maritime polities; they competed and cooperated with one another and with powerful political and economic units, such as the Manchu Qing, Tokugawa Japan, the Portuguese and Spanish crowns, and the Dutch East India Company. Maritime East Asia was a contested and contradictory place, subject to multiple legal, political, and religious jurisdictions, and a dizzying diversity of cultures and ethnicities, with dozens of major languages and countless dialects. Informal networks based on kinship ties or patron-client relations coexisted uneasily with formal governmental structures and bureaucratized merchant organizations. Subsistence-based trade and plunder by destitute fishermen complemented the grand dreams of sea-lords, profit-maximizing entrepreneurs, and imperial contenders. Despite their shifting identities, East Asia’s mariners sought to anchor their activities to stable legitimacies and diplomatic traditions found outside the system, but outsiders, even those armed with the latest military technology, could never fully impose their values or plans on these often mercurial agents. With its multilateral perspective of a world in flux, this volume offers fresh, wide-ranging narratives of the “rise of the West” or “the Great Divergence.” European mariners, who have often been considered catalysts of globalization, were certainly not the most important actors in East and Southeast Asia. China’s maritime traders carried more in volume and value than any other nation, and the China Seas were key to forging the connections of early globalization—as significant as the Atlantic World and the Indian Ocean basin. Today, as a resurgent China begins to assert its status as a maritime power, it is important to understand the deep history of maritime East Asia.

**Girt by Sea** Rebecca Strating,Joanne Wallis,2024-04-03 A clear-eyed examination of how Australia should approach the complex security challenges at play in its maritime domain Security starts at home ... Australia has drawn closer to many of its Asia-Pacific neighbours in recent years, but 'when push comes to shove, it continues to look well beyond the oceans and regions that surround it to the distant horizons of Europe and North America for its ultimate security guarantee'. In Girt by Sea, international-relations experts Rebecca Strating and Joanne Wallis instead turn their gazes to Australia's near region, focusing on the six maritime domains central to its national interests: the north seas (the Timor, Arafura and Coral Seas and the Torres Strait), the Western Pacific, the South China Sea, the South Pacific, the Indian Ocean and the Southern Ocean. In so doing, they reimagine how Australia should understand its strategic challenges and find lasting security.
